I was advised by Proskauer Rose that anyone who was in an active due diligence stage and who was reviewing our intellectual property as part of that due diligence should receive a copy of the examiners opinion. Therefore the opinion was forwarded to the same people who have received copies of the patent filings namely, Warner Brothers and Irell & Manella. Ken Rubenstein, as our advisor, was also copied. Your father suggested that, because of the importance of our intellectual property, our own Board of Directors should be aware of the current status of our applications. With respect to Irell & Manella, it is quite likely that we will need to engage them or some other alternative counsel in order to respond to the opinion. I have a copy of Alvear's book if you need it.

With respect to processing the requested demo tape, you may recall that you actually set the standard by processing similar demo material for igallery some time ago. This job was handled discreetly and the 18 year old employee referred to had already been released from the business. We are not in the business of processing adult entertainment material and have consistently represented this position.

I trust this clarifies both matters.

Brian

Brian - several board members asked that you specify which of our attorneys advised you and on what legal references you were cited to disseminate the PCT report. Also, was there some reason that you have recently decided to share patent news of any nature with those involved, prior you had never disclosed to the Board or potential clients anything that was regarding the patents?

I had already discussed with David the examiners report and we had begun to research the reference to Jose Alveraz's book, it does not look particularly relevant to our process.

 Also, I find it in poor taste that you are encoding pornography with a 17 year old girl present in the room, this could potentially be a risk to the company, so I ask that all further business relating to pornography be handled outside the office and without iviewit personnel or equipment. Could you please have our attorney's advise on the risks you may be subjecting us to in this matter. These matters were brought to my attention by several of our employees who were offended.

Best,
Eliot
