**CHANGE OF INVENTOR REQUEST
US SERIAL NO. 09 587 026
PURSUANT TO 37CFR 1.48**

DECEPTIVE INTENTION CLAIMED

I, Eliot I. Bernstein, as acting President of Iviewit and its affiliates, and as a named inventor on this application, hereby request that the true and correct inventors be added or subtracted to properly name the inventors of this application.

The listed inventors for this application are:

Eliot I. Bernstein
Zakirul Shirajee

The true and correct inventors for this application are:

Eliot I. Bernstein
Zakirul Shirajee
Jude Rosario

The reason for this correction:

The true and correct inventors have been left off since the creation of the inventions and despite the fact that after the initial errors, successive counsel has failed to file the corrections despite repeated attempts with counsel to get the corrections to the patent office. Initially, attorney Raymond Joao of Meltzer, Lippe, Goldstein, Wolf & Schlissel, P.C., ("MLGS") knowingly, with malice and intent to commit fraud upon the USPTO, left inventors off all of the Provisional applications after obtaining their signatures and disclosures in meetings, as well as, the subsequent Non Provisional Filings and PCT Filings Joao made. He was terminated as counsel for this and other patent malfeasances.

Foley & Lardner (attorneys William Dick, Douglas Boehm & Steven Becker) ("FL") were then hired to make corrections to the patents and get the correct inventors listed. Again, it was fully disclosed who the correct inventors were to each of these attorneys and they found that Raymond Joao had failed to properly list them. Upon finding out about the correct inventors, FL succeeding counsel to (MLGS) stated that the corrections were being made. After meeting with and taking disclosures and signatures of the true inventors, FL failed to make the corrections knowingly, with malice and intent to commit fraud on the USPTO. Further, in instances where Brian G. Utley is a listed inventor, FL added inventor Brian G. Utley, knowingly, with malice and intent to commit fraud upon the USPTO, knowing that he was not an inventor in any material way to the patents.

Finally, in instances where inventors have been partially added back on the applications when they were filed as Non-Provisional from Provisional, these are further still not corrected entirely as some of the true and correct inventors were dropped and replaced by Brian G. Utley, who should not be on any applications and replaced with the true and correct inventors cited above.

Finally, Blakely Sokoloff Taylor & Zafman LLP (attorneys Norman Zafman, Thomas Coester and Farzad Amini) the last attorneys of record handling the patents, also failed to file the correct inventors knowingly, with malice and intent to further perpetrate and cover up such fraud of prior attorneys to the USPTO, after repeatedly being requested to change them.

At all times, all attorneys were fully cognizant of the true inventors and not only failed to correct them but failed to report the prior counsels misconduct in these matters to the OED Director or any other department at the USPTO.

Currently, I am listed on the patents for examination purposes and after reviewing the inventors listed have determined on behalf of Iviewit and its affiliates, and, on my own behalf as an original inventor at the time of creation, that the true inventors are as listed above. I was there at the time of invention and all times relevant hereto and swear that all of the following are true and correct statements to the best of my knowledge.

These issues and many other of attorney misconduct in the above mentioned application are currently under a pending investigation with the Director of OED whom advised me to begin correcting the inventor issues with the USPTO Examiners.

REQUEST TO SUSPEND APPLICATION
US SERIAL NO. 09 587 026
INTENT TO DECIEVE AND COMMITT FRAUD UPON THE USPTO

I, Eliot I. Bernstein, as acting President of Iviewit and its affiliates, and as a named inventor on this application, hereby request that this application be immediately suspended until the true and correct inventors can be added and the wrong inventors removed from this Non Provisional application 09 587 026 to properly name the inventors of this invention. Further, due to failed disclosures and missing content in the application and it's predecessor Provisional application, we await investigation by the OED offices whom has advised that suspending this application is desired course of action until the problems can be dealt with and attempted to be rectified. The problems are explained in the attached inventor change form that is simultaneously being submitted with this request for suspension.

I make this request on behalf of Iviewit and its affiliates and, on my own behalf as an original inventor at the time of creation, I was there at the time of invention and all times relevant hereto, and, swear that all of the following statements are true and correct statements to the best of my knowledge.
