'Harry I. Moatz - OED Director of the United States Patent and Trademark Office'

Dear Shareholders and Friends of Iviewit,

By the by, to really make one sick, I just checked and Foley and Lardner billed us for this patent they list as a Company asset, that has never been an asset of the Company. In fact, the only reason they listed this patent in the first place is when we found Utlely's second set of "cooked" patents books that we were unaware of and they were forced to reconcile for the set we found with Utlely's name as an inventor. The Company also paid former counsel Blakely Sokoloff Zafman and Taylor to review the portfolio when we discovered Utlely's books to audit the portfolio before distributing it to more investors and they never informed us of this either and billed us for the audit, recently they have lost all of our original patent documents from all prior counsel.

Also, I sent all of you an email a few minutes ago and noticed that the from and subject field somehow got truncated, I have been having some problems with my outlook mail, so if you did not see it or deleted it, feel free to call me.

Thank you,

Eliot I Bernstein
