Dear Stephen:

I have your e-mail of February 18. I did not respond to your e-mail of February 8 given that I considered your requests to be already answered in my correspondence to you of February 7. However, given that you seem determined to create a misleading record regarding this matter, I will reiterate our position: Warner has made no prior unauthorized uses of Iviewit "techniques," nor are any such uses either in progress or planned for the future. Further, and as you have already been advised, in view of the foregoing there is no basis for discussing any licensing arrangement between Warner and Iviewit.

Very truly yours,
