Yes the date for the year 2000 would be 3/10/00 not 3/10/20 which is 2020.

Yes - that is 3/10/1900 whereby I also invented electricity pre Edison and Joao was there to prove it with 90 patents in his name. This is Rubenstein's oversight role and Advisory Role, making sure our patents are good for 120 years.

Yes - This is from a certified copy of a patent filing with dates that can prove its existence in the past 3/10/1900 and the future 3/10/20 on file with the United States Patent & Office. Two different fax machines in different states one in the past and one in the future and no document tampering in between, YEAH RIGHT. I signed a Declaration and oath in both 1900 and 2020, I also. One fax machine is Rubenstein's underling Joao's and one is Brian Utley's secretary Martha. I am the only inventor that feels both very old and very unborn. The Company contends that this document and this entire patent filing is a Fraud upon the patent office, missing the rightful inventors and nothing similar to what the inventors signed for.

Totally bogus filing and I can't tell if I signed it in 1900 or 2020?? Jude, Zakirul and I filled out and signed a much broader invention with all the rightful inventors and Joao threw it in the garbage and jumped into his time machine to file 90 patents over 1,020 years. He may have more than Edison.
