Erika Lewin and Gerald Lewin of Goldstein Lewin accounting (Erika worked for Iviewit at this time) is explaining to auditor the corporate structure and Ernst Young and Arthur Anderson start asking questions for IPO and audited financials. Lewin bails and they slam the Company. Was this part of how they were going to move the patents out??? Perhaps similar to what Dick/Utley/Wheeler did to Monte Friedkin when they tried stealing his inventions???

Larry,

The entity structure can be a little confusing. As of right now, here is how it stands

Changes come when Utley gets busted with two sets of patents. We need to find out how they were moving Utley patents. Similar named companies were set up and Utley/Wheeler/Dick/Rubenstein are moving them out. Utley has PROVIDING patents and we have STREAMING???

Here's where it gets fun. Iviewit.com LLC used to be the operating entity, Iviewit.com Inc. came in & took over all of its assets through a stock swap w/ Iviewit Tech. (well, actually the entity that Iviewit Tech. took over). Iviewit.com LLC still exists because we have contracts in LLC's name. Iviewit Tech in its most original form was Iviewit LLC. This entity did a asset transfer (I believe) with a new entity - Iviewit Holdings (not to be confused with the Iviewit Holdings we know now). Iviewit Holdings had a name change to Iviewit Technologies. Immediately thereafter, Iviewit.com (the original top dog co.) had a name change to Iviewit Holdings. Here is the original entity structure:

Why does she only believe and couch herself, this should be fact and we need to analyze patent assignments microscopically. We do not have records from attorneys of these assignments!!

When questions are asked 1st by Arthur Anderson, they get rid of them without answering and when Ernst asks questions they get rid of us.

Let me know if you have any questions! :-)  
-Erika
