

You are only as good as your client's website in this business. See for yourself what we can do for you.

NEW/CURRENT PROJECTS:

www.nascartouring.com

www.nascartouring.com is a dynamically driven site showcasing NASCAR's seven regional Touring Series. All of the content including images can be entered online creating some of the most up-to-date racing news on the internet.

The site features a complex SQL database system for which there is secure back-end section to add and update information.

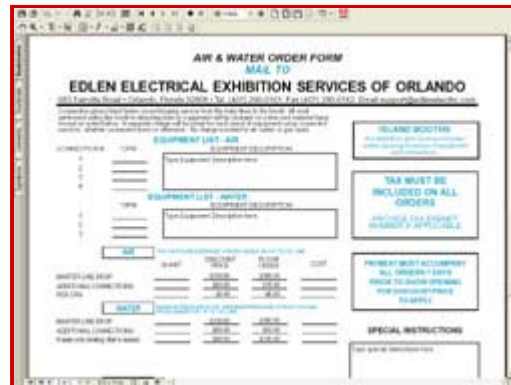

Ryjo Inc. did all of the site's layout and database architecture and some of the graphic design.

Technologies Incorporated:

HTML, Graphic Design, Database Design, Custom Database Applications, Backend Security System.

www.edlenelectrical.com

Edlen Electrical is an Orlando based company that specializes in providing electricity, air, and water hook ups for conventions.

Ryjo Inc. created Adobe PDF documents for Edlen that automatically calculate estimates online. The client could then print the estimate and FAX it in, or send it via email. PDF documents are ideal for documents such as this because of their precise printing.

Technologies Incorporated:

HTML, Graphic Design, PDF Creation.

Commercial Net Lease Realty, Inc.

Commercial Net Lease Realty, Inc is a publicly traded company that buys and sells retail buildings such as restaurants, discount stores, grocery stores, etc.
