“FORMER INSIDER ADMITS TO ILLEGAL WIRETAPS FOR NYS "ETHICS BOSSES

<http://exposecorruptcourts.blogspot.com/2013/01/former-insider-admits-to-illegal.html>

Evidence was obtained on Thursday, January 24, 2013, confirming the position of a former NYS attorney ethics committee insider that various illegal actions were employed by New York State employees to target and/or protect select attorneys.

For purposes of this article, a first in a series, the former insider will be referred to as "The Cleaner's Man" or "The Man."

The Cleaner

During the wrongful termination case of former Manhattan ethics attorney Christine Anderson, it was revealed that New York State employees had a nick-name for supervising ethics attorney Naomi Goldstein. Naomi Goldstein was, "The Cleaner."

"Ethics" Retaliation Machine Was Real.

The focus of this initial article concerns the 1st and 2nd judicial department, though the illegal methods are believed to have been utilized statewide in all 4 judicial departments.

The Cleaner's Man says that he would receive a telephone call from Naomi Goldstein, who would say, "we have another target, I want to meet you..." The Man also says that Thomas Cahill, a former DDC Chief Counsel, and Sherry Cohen, a former Deputy-Chief Counsel, were knowledgeable of all of Naomi Goldstein's activity with him and his team.

The meetings, he says, were usually at a park or restaurant near the Manhattan Attorney ethics offices (the "DDC") in lower Manhattan, however he did over time meet Goldstein at his office, the DDC or in movie theater- a venue picked by Naomi. Goldstein would provide her Man with the name, and other basic information, so that the Man's team could begin their "investigation."

The Man specifically recalls Naomi Goldstein advising him to "get as much damaging information as possible on Christine [Anderson]."

The Man says that they then tapped Ms. Anderson's phones, collected ALL "ISP" computer data, including all emails, and set up teams to surveil Anderson 24/7. The Man says he viewed the improperly recorded conversations and ISP data, and then personally handed those items over to Naomi Goldstein.

Anderson should not, however, feel like she was a lone target. According to The Man, "...over 125 cases were interfered with..." And there were dozens of "targeted" lawyers, says The Man, adding, that the actions of his teams were clearly "intentionally obstructing justice."

If Ms. Goldstein had identified the Ethics Committee's newest target as an attorney, it was quickly qualified with whether the involved lawyer was to be "screwed or UNScrewed." Unscrewed was explained as when an attorney needed to be "protected" or "saved" even if they did, in fact, have a major ethics problem.

The Man has a nice way of explaining his actions, the "authority" to so act and, he says, over 1.5 million documents as proof..... The U.S. Attorney is aware of The Man and his claims...."

“UPDATE ON ATTORNEY "ETHICS" COMMITTEES' ILLEGAL WIRETAPS FORMER INSIDER ADMITS TO ILLEGAL WIRETAPS FOR "ETHICS" BOSSES.”

<http://exposecorruptcourts.blogspot.com/2013/02/update-on-attorney-ethics-committees.html>

Excerpts from the article,

Evidence was obtained on Thursday, January 24, 2013, confirming the position of a former New York State attorney ethics committee insider that various illegal actions were employed by New York State supervising employees to target and/or protect select attorneys.

The Cleaner

Many of the most powerful attorneys in the United States are licensed to practice law in New York State, and if the business address for that lawyer is located in The Bronx or Manhattan, legal ethics is overseen by the Departmental Disciplinary Committee (the "DDC"), a group that falls under Manhattan's Appellate Division of The NY Supreme Court, First Department.

A few years ago, and during a wrongful termination case involving a former DDC ethics attorney, Christine Anderson, it was revealed that DDC employees had a nick-name for a supervising ethics attorney, Naomi Goldstein. "Ethics" Supervising Attorney Naomi Goldstein was known as "the Cleaner."

"Ethics" Retaliation Machine Was Real

There are usually cries of "retaliation" whenever charges of violating regulations of attorney ethics rules are lodged against a lawyer. However, an investigation of activity at the DDC for a ten year period reveals startling evidence of routine and improper retaliation, evidence tampering and widespread coverups.

Importantly, an insider, who says he was involved in the illegal activity, including widespread wiretapping, has provided the troubling details during recent interviews. He says he supervised the teams that acted illegally. The insider says that he was Naomi Goldstein's 'man' - The Cleaner's 'man' - and that he would simply receive a telephone call from Naomi Goldstein, and who would say, "we have another target, I want to meet you..." He also says that Thomas Cahill, a former DDC Chief Counsel, and Sherry Cohen, a former Deputy-Chief Counsel- and

now in private practice helping lawyers in "ethics" investigations, were part of, and knowledgeable of, the illegal activity.

The meetings, the insider says, were usually at a park or restaurant near the DDC's lower Manhattan ethics' offices, however he did over time meet Goldstein at his office, inside the DDC or in movie theater- a venue picked by Naomi. Goldstein only needed to provide him with the name and other basic information, so that his team could begin their "investigation."

He specifically recalls Naomi Goldstein advising him to "get as much damaging information as possible on Christine [Anderson,]" the former DDC staff attorney who had complained that certain internal files had been gutted of collected evidence.

Naomi's "man" says that they then tapped Ms. Anderson's phones, collected ALL "ISP" computer data, including all emails, and set up teams to surveil Anderson 24/7.

He says he reviewed the illegally recorded conversations and ISP data, and then personally handed those items over to Naomi Goldstein.

Attorney Christine Anderson should not, however, feel like she was a lone target. Initially, Goldstein's "man," indicated that "...over 125 [attorney] cases were interfered with..." But a subsequent and closer review of approximately 1.5 million documents has revealed that there may have been many hundreds of attorneys, over the ten-year-period, involved in the DDC's dirty tricks, focused retaliation and planned coverups.

Previously identified "targeted" lawyers were only numbered in the "dozens," but that was before *the years-old documents were reviewed. In initial interviews, the insider says that if Ms. Goldstein had identified the DDC ethics committee's newest target as an attorney, it was quickly qualified with whether the involved lawyer was to be "screwed or UNScrewed."* Unscrewed was explained as when an attorney needed to be "protected" or "saved" even if they did, in fact, have a major ethics problem. But targets, it is now revealed, were not always identified as having a law license.

The DDC insider also says that litigants (most of whom were not attorneys) were also DDC targets. The on-going document review continues to refresh the memory of the insider, after initially only remembering names from high-profile cases involving "big-name" attorneys. But one fact remains constant, says the insider- the actions of his teams were clearly and "intentionally obstructing justice."

Ethicsgate

According to the source, one New York "ethics" legend, Alan Friedberg, was "very well known" to those conducting the illegal wiretapping activity. Friedberg, who has become the poster child for unethical tactics while conducting "ethics" inquiries, appears to have been present in the various state offices where illegal wiretaps were utilized. Friedberg worked for the New York State Commission on Judicial Conduct (the "CJC") before running the Manhattan attorney "ethics" committee as chief counsel for a few years. Friedberg then resurfaced at the CJC, where he remains today. The CJC investigates ethics complaints of all judges in New York State.

Judges Deserve Justice Too, Unless Political Hacks Decide Otherwise

While court administrators have effectively disgraced most judges with substandard compensation, it appears that at least the selective enforcement of "ethics" rules, dirty tricks and retaliation were equally employed on lawyers and judges alike.

According to the insider, targeted judges had their cellphones, homes and court phones wiretapped- all without required court orders. In addition, according to the source, certain courtrooms, chambers and robing rooms were illegally bugged.

A quick review of notes from over one million pages of evidence, according to the insider, reveals that the "black bag jobs" included: NYS Supreme Court Judge, the Hon. Alice Schlesinger (Manhattan), Criminal Court Judge, the Hon. Shari R. Michels (Brooklyn) and NYS Supreme Court Judge, the Bernadette Bayne (Brooklyn).

"ETHICS" OFFICES.”**

<http://ethicsgate.blogspot.com/2013/02/ny-governor-andrew-cuomo-asked-to-shut.html>

Selected Quotes from that story,

New York State Governor Andrew Cuomo has been formally requested to immediately shut down the offices of The Commission on Judicial Conduct (the "CJC"), the state agency charged with overseeing the ethics of all judges in the Empire State. The request comes from a public integrity group after confirmation that the CJC has been involved in illegally wiretapping and other illegal "black bag operations" for years.

Governor Cuomo is asked to send New York State Troopers to close and secure the state's three judicial ethics offices: the main office on the 12th floor at 61 Broadway in Manhattan, the capital office in Albany at the Corning Tower in the Empire State Plaza, and the northwest regional office at 400 Andrews Street in Rochester.

The Governor is asked to telephone the Assistant United States Attorney who is overseeing the millions of items of evidence, most of which that has been secreted from the public- and the governor- by a federal court order.

Governor Cuomo was provided with the direct telephone number of the involved federal prosecutor, and simply requested to confirm that evidence exists that certain state employees in New York's so-called judicial "ethics" committee illegally wiretapped state judges.

The request to the governor will be posted at www.ethicsgate.com later today. (Media inquiries can be made to 202-374-3680.)

RE: Illegal Wiretapping of NYS Judges and Attorneys by "Ethics" Entities

Dear Senator,

On February 15, 2013, we formally requested that Governor Cuomo contact the Assistant U.S. Attorney handling a sensitive federal case wherein credible evidence, in the millions of documents currently under court seal, support the allegation of the widespread illegal wiretapping of New York State judges and attorneys over at least the last ten years. In addition, other individuals- unrelated to that sealed federal matter- allege the exact same illegal activity.

The illegal wiretapping is alleged to have been directed by named senior personnel (and NYS employees) at the Commission on Judicial Conduct (the "CJC") and by at least two of the state's 4 judicial departments' attorney ethics committees.

We are, of course, confident that Governor Cuomo is taking decisive action regarding these troubling allegations, and we are now requesting that you, as a New York State Senator, begin a comprehensive review of the troubling issues.

As we are all aware, certain corrupt forces in New York have caused tremendous damage to the very soul of this great state. Now, the improper actions have accomplished the "ultimate corruption" - they have compromised and corrupted New York's so-called "ethics oversight" entities.

New York judges and lawyers, and obviously the public, deserve immediate action to address the widespread corruption in and about the state's so-called "ethics" oversight entities. (Additional information is available at www.Reform2013.com)

Accordingly, it is requested that you direct someone in your office to act as the liaison regarding this Ethics Corruption, and that he or she be in contact with us so that we may best communicate information to your office. Please have your designee contact us at their earliest convenience.

Thank you.

Very truly yours,

RE: Formal Complaint Against New York State Employees Involving
Constitutional Violations, including widespread illegal wiretapping

Dear Mr. Moossy,

In researching and reporting on various acts of corruption in and about the New York State Court System, specific reviewed evidence supports allegations that over a ten-year-plus period of time, certain NYS employees participated in the widespread practice of illegal wiretapping, inter alia. As these individuals were in supervisory positions at "ethics oversight" committees, the illegal wiretapping largely concerned attorneys and judges, but their actions also targeted other individuals who had some type of dealings with those judicial and attorney "ethics" committees.

The NY state-employed individuals herein complained of include New York State admitted attorneys Thomas Joseph Cahill, Alan Wayne Friedberg, Sherry Kruger Cohen, David Spokony and Naomi Freyda Goldstein.

At some point in time shortly after 9/11, and by methods not addressed here, these individuals improperly utilized access to, and devices of, the lawful operations of the Joint Terrorism Task Force (the "JTTF"). These individuals completely violated the provisions of FISA, ECPA and the Patriot Act for their own personal and political

agendas. Specifically, these NY state employees essentially commenced “black bag operations,” including illegal wiretapping, against whomever they chose- and without legitimate or lawful purpose.

To be clear, any lawful act involving the important work of the JTTF is to be applauded. The herein complaint simply addresses the unlawful access- and use- of JTTF related operations for the personal and political whims of those who improperly acted under the color of law. Indeed, illegally utilizing JTTF resources is not only illegal, it is a complete insult to those involved in such important work.

In fact, hard-working and good-intentioned prosecutors and investigators (federal and state) are also victims here, as they were guided and primed with knowingly false information.

Operations involving lawful activity- and especially as part of the important work of the JTTF and related agencies- are not at issue here. This complaint concerns the illegal use and abuse of such lawful operations for personal and political gain, and all such activity while acting under the color of law. This un-checked access to highly-skilled operatives found undeserving protection for some connected wrong-doers, and the complete destruction of others- on a whim, including the pre-prosecution priming of falsehoods (“set-ups”). The aftermath of such abuse for such an extended period of time is staggering.

It is believed that most of the 1.5 million-plus items in evidence now under seal in Federal District Court for the Eastern District of New York, case #09cr405 (EDNY) supports the fact, over a ten-year-plus period of time, of the illegal wiretapping of New York State judges, attorneys, and related targets, as directed by state employees.

To be sure, the defendant in #09cr405, Frederick Celani, is a felon who is now regarded by many as a conman. Notwithstanding the individual (Celani), the evidence is clear that Celani once supervised lawful “black bag operations,” and, further, that certain NYS employees illegally utilized access to such operations for their own illegal purposes. (Simple reference is made to another felon, the respected former Chief Judge of the New York State Court of Appeals, Sol Wachtler, who many believe was victimized by political pre-priming prosecution.)

In early February, 2013, I personally reviewed, by appropriate FOIL request to a NYS Court Administrative Agency, over 1000 documents related to the herein complaint. Those documents, and other evidence, fully support Celani’s claim of his once-lawful supervisory role in such JTTF operations, and his extended involvement with those herein named. (The names of specific targeted judges and attorneys are available.)

One sworn affidavit, by an attorney, confirms the various illegal activity of Manhattan’s attorney “ethics” committee, the Departmental Disciplinary Committee (the “DDC”), which includes allowing cover law firm operations to engage in the practice of law without a law license. Specifically, evidence (attorney affidavits, etc.) supports the claim that Naomi Goldstein, and other DDC employees supervised the protection of the

unlicensed practice of law. The evidence also shows that Ms. Goldstein knowingly permitted the unlicensed practice of law, over a five-year-plus period of time, for the purpose of gaining access to, and information from, hundreds of litigants.

Evidence also supports the widespread illegal use of “black bag operations” by the NYS employees for a wide-range of objectives: to target or protect a certain judge or attorney, to set-up anyone who had been deemed to be a target, or to simply achieve a certain goal. The illegal activity is believed to not only have involved attorneys and judges throughout all of the New York State, including all 4 court-designated ethics “departments,” but also in matters beyond the borders of New York.

Other evidence points to varying and widespread illegal activity, and knowledge of such activity, by these and other NYS employees - all of startling proportions. For example:

- The “set-up” of numerous individuals for an alleged plot to bomb a Riverdale, NY Synagogue. These individuals are currently incarcerated. The trial judge, U.S. District Court Judge Colleen McMahon, who publicly expressed concerns over the case, saying, “I have never heard anything like the facts of this case. I don’t think any other judge has ever heard anything like the facts of this case.” (2nd Circuit 11cr2763)
- The concerted effort to fix numerous cases where confirmed associates of organized crime had made physical threats upon litigants and/or witnesses, and/or had financial interests in the outcome of certain court cases.
- The judicial and attorney protection/operations, to gain control, of the \$250 million-plus Thomas Carvel estate matters, and the pre-prosecution priming of the \$150 million-plus Brooke Astor estate.
- The thwarting of new evidence involving a mid 1990’s “set-up” of an individual, who spent over 4 years in prison because he would not remain silent about evidence he had involving financial irregularities and child molestation by a CEO of a prominent Westchester, NY non-profit organization. (Hon. John F. Keenan)
- The wire-tapping and ISP capture, etc., of DDC attorney, Christine C. Anderson, who had filed a lawsuit after being assaulted by a supervisor, Sherry Cohen, and after complaining that certain evidence in ethics case files had been improperly destroyed. (See SDNY case #07cv9599 - Hon. Shira A. Scheindlin, U.S.D.J.)
- The eToys litigation and bankruptcy, and associates of Marc Dreier, involving over \$500 million and the protection by the DDC of certain attorneys, one who was found to have lied to a federal judge over 15 times.
- The “set-up” and “chilling” of effective legal counsel of a disabled woman by a powerful CEO and his law firms, resulting in her having no contact with her children for over 6 years.
- The wrongful detention for 4 years, prompted by influential NY law firms, of an early whistleblower of the massive Wall Street financial irregularities involving Bear Stearns and where protected attorney-client conversations were recorded and distributed.
- The blocking of attorney accountability in the \$1.25 billion Swiss Bank Holocaust Survivor settlement where one involved NY admitted attorney was ultimately

disbarred- in New Jersey. Only then, and after 10 years, did the DDC follow with disbarment. (Gizella Weisshaus v. Fagan)

Additional information will be posted on www.Reform2013.com

The allegations of widespread wiretapping by New York's so-called "ethics" committees were relayed to New York Governor Andrew M. Cuomo on February 15, 2013, and to the DDC Chairman Mr. Roy R. L. Reardon, Esq., who confirmed, on March 27, 2013, his knowledge of the allegations. (Previously, on March 25, 2013, I had written to DDC Deputy Chief Counsel Naomi Goldstein, copying Mr. Reardon, of my hope that she would simply tell the truth about the improper activity, inter alia.)

New York judges and lawyers, and obviously the public, deserve immediate action to address the widespread corruption in and about New York's so-called "ethics" oversight entities.

Please take immediate action regarding this troubling issue, and so as to continue the DOJ's efforts to help all New Yorkers restore their faith in their government.

Justice Department Widens "Patentgate" Probe Buried by Ethics Chief Thomas J. Cahill...[CLICK HERE FOR FULL STORY](#)

In a letter dated July 16, 2007, the U.S. Department of Justice, Office of Professional Responsibility, announced from its Washington, D.C. headquarters that it was expanding its investigation into a bizarrely stalled FBI investigation that involves an almost surreal story of the theft of nearly 30 U.S. Patents, and other intellectual property, worth billions of dollars. The probe reaches some of New York's most prominent politicians and judges, and has already proven to be a stunning embarrassment to the State's ethics watchdog committees. *(To the right, see the July 16, 2007 letter "D.O.J. Widens Patentgate Probe")...*

The Fox and the Hen House

It was only recently exposed in July that the underlying "Patentgate" inquiries were effectively buried, or derailed, under the leadership of Manhattan's top State ethics Chief Counsel, Thomas J. Cahill, Esq. Mr. Cahill's "retirement" was then quickly announced after his own ethical failings in the Patentgate matter, along with other ethics complaints that were made, became known.

While no one can exactly figure out how inquiries under Mr. Cahill's charge went so awry, one thing is certain. At the same time the Patentgate probes were being secreted by state officials in New York, the United States Patent and Trademark Office Patent bar increased their own investigation into the same matter implicating the same attorneys. *(Note: Mr. Cahill's replacement was recently decided, and an announcement is expected as early as next week by the Appellate Division, First Department Presiding Justice, Jonathan Lippman.)*

The defrauded company is called "Iviewit" - pronounced, "I-view-it." The company's internet site originally advertised their groundbreaking technology. Now, the opening page of the company website (www.iviewit.tv) displays unsettling photographs of the inventor's family vehicle after it was bombed.

"This is quite serious," says an investigator close to the federal probe. "The charges allege that valuable 'back-bone enabling digital imaging technology'-- MPEG type intellectual property-- was stolen by the inventor's own attorneys, the once-untouchable Manhattan based law firm Proskauer Rose. This is going to get very ugly," he says.

Members of the U.S. Senate and U.S. House Judiciary Committees have known about the Iviewit investigation since about September of 2006, and it is in our nation's capital where the matter quickly earned its moniker "Patentgate." And the story was also globally known in technical, Intellectual Property circles. But the big question remains: how did such an explosive story like Patentgate stay off every mainstream media's radar screen—especially in New York.

"I know how," says a retired federal agent who asked not to be identified. "Phone calls were made—many phone calls. Plain and simple." And while this retired federal agent isn't surprised by the apparent "cover-up," he is alarmed by his own findings after a month-long independent review of all submitted Iviewit papers. "I can't find one discrepancy in the allegations, not one unsubstantiated charge," he says. "For one, you have the highest state courts in New York white-washing this thing with 'unpublished' rulings. And then you have state ethics committees contradicting themselves-- in writing, no less. It's a complete meltdown," he concludes. "The broken system appears to have finally fallen apart."

"Iviewit was been radio-active from day one," says one prosecutor who asked not to be named. "Considering who was involved, you know the phones were ringing off the hook, and with a simple directive: 'don't go near it' (an inquiry)." He believes, however that a serious shake-up is imminent. "The powers that be can't contain this story anymore—it's out, U.S. Senators and Congressman are talking about it. This involves national Commerce issues: attorneys stealing U.S. Patents from their own client, and the illegal failings of a state's ethics agency by its own cover-up, and selective, self-dealing, politically-based inaction. Patentgate appears to have exposed the true, and troubling, underbelly of ethics investigations in New York State. And its not pretty."

Additional Background Information

The original complaint involving Thomas Cahill and the Proskauer Rose law firm has been "pending" since February of 2003. The Cahill Proskauer Complaint is a high priority for the new State Chief Administrative Judge, the Honorable Ann T. Pfau.

The Cahill Proskauer issue became a hot topic in Washington, D.C. in early 2007 at the U.S. House Energy and Commerce Committee, the U.S. House

Judiciary Committee and the U.S. Department of Commerce (The United States Patent and Trademark Office). And it has specifically caught the attention of U.S. Senator Dianne Feinstein, and U.S. House Representatives John D. Dingell and Nita Lowey.

The Cahill Proskauer Scandal involves many allegations: the alleged theft by Proskauer of numerous U.S. Patents from their own client; claimed losses over 10 years on a trillion dollar technology pool that has affected all forms of digital imaging and video; and the March, 2005 bombing in Boynton Beach, Florida of the inventor-client-complainant's family mini-van.

It is alleged that Mr. Cahill masterminded the scheme to indefinitely delay complaints against Proskauer Rose, himself, and former New York State Bar Association President and Proskauer partner Steven C. Krane, Proskauer Partner Kenneth Rubenstein, chief counsel for MPEGLA, and attorney Raymond Joao of Yonkers. It is also alleged that attorney Steven C. Krane initially interceded, with Mr. Cahill's knowledge and consent, in handling disciplinary complaints involving himself at the same time he was associated with the 1st Department in Manhattan.

Attorney Krane's conflicts were exposed when officials from the Iviewit company contacted Katherine O'Hagan Wolfe, who contradicted Cahill's statements and Krane's written denial of his 1st Dept roles. Ms. O'Hagan Wolfe advised that she was, in fact, on a Committee at the 1st Dept with both Cahill and Krane, and that they even had a meeting that same night.

The various Cahill Proskauer issues bounced around under the public radar screen at the Court of Appeals in Albany and were ultimately transferred from the 1st Department to the 2nd Department in Brooklyn. This was done after 5 justices of the 1st Dept ruled unanimously to investigate Krane, Rubenstein and Joao for conflict of interest and the appearance of impropriety after their review of the 1st Department complaint.

The Cahill inquiry is apparently "still pending" under attorney Martin R. Gold who, insiders say, was directed to "sit on it...forever."

Earlier this year, FBI headquarters in Washington, D.C. assigned additional agents to the Public Integrity Corruption squad at 26 Federal Plaza in Manhattan, and where agents have been actively conducting interviews.

Welcome to New York, boys. You should know that here in the Empire State, there are no "real" ethics committees. If you are "in" with the political bosses, you can do whatever you want. Yes, that includes stealing from your own clients.

We're also proud to inform you that our courts are like toilet bowls nowadays: no "rule of law" - no "impartial" treatment - no "fairness" - no "due process"

The only thing you'll find in any New York court these days is a lot of, you know, what toilet bowls have. (however, you will receive hefty legal bills, which you better pay! - judges have to be taken care of quickly, you know!)

In New York, even the honest judges have given up. And so should you.

Give up, and go back to Kansas.

(And I'll move to Kansas as soon as the Yankees do)

With this very terrifying situation and investigation, does it mean the courts of new york are finally going to be cleansed. if this is so, i just can't believe it! i truly beleived that judy kaye and her mob, would continue their reign of brutality! kaye is famous for pouncing on vulnerable non-political and, mostly female employees, if they attempted to assert themselves in an ethical way! send her and all that judicial crap out of this country and start tomorrow...please! kaye is now vulnerable herself, since big daddy died, so she can now see how it is to feel helpless while taking employment from single women with children...throw the witch out!

Welcoming Committee, leave, give up, the sky is falling, can't fight city hall, can't beat em' join em', everybody is doing it, welcome to the real world, blah blah blah.

It is said that complacency is the right arm of the Devil, it can shift the balance when the People give up and let government control. Government of now spoiled rotten third generation rich kids with law degrees and day jobs of feeding off the People by corrupting government, oft members of skull and bones and federalist plots centered on wealth transfer and power grabs, eating off nazi plates with bs agenda's all to avoid "hard work". I have only been to ny a few times but i did not recall citizens that were pussy cats or just pussies to the man. in fact, i rebelled with some good kids who were anti-establishment guys into their rights, who were just the outspoken advocates at young ages, now they would be doped up by Judith Kaye and her prison reform to file kids away and make zombies from feeding them drugs to rip off medicaid and blah.

point being, you can have your shit hole as it is, corruption controlling your lives and pussies to the man. great rap for ny kids, pussies, unable to knock out a bunch of criminals ripping off their rights.

i had respect for my friends who were ny boys, they were proud, nobody would take nothing from them and calling them pussies could oft incite them to riot, fight, brawl, west side story shit.

I can't believe welcoming committee that you are blue blooded new yorker with a fatalist pussy attitude. i am not attacking you personally for it is the whole of the rotten apples problems, you used to raise your boys as better than this and to fight for what is right, not give in to the man. Wow, batman may really be dead and the world looks on at new york and wonders what kind of pussies let their establishment walk all over them.

i like to picture new yorkers as learning they are being f'kd and getting baseball bats, pitch forks, ok, a noose or two, marching in to city hall, kind of pissed, like a ny'r whose pretzel is served cold, grabbing injustice by it's soiled spoiled rotten robes and kicking it to death. Then marching down to the nearest pub for a late night martini and figuring how to split up the goods taken back from the dirty judges, lawyers and other scum. oh pity your children when they learn their parents were complacent to this, advised people to leave instead of jab pitchfork of truth, justice and the american

Proskauer Rose 'House of Cards' Crumbling

Proskauer lays off 35 associates and 25 staff

Legal Week by Zach Lowe - December 5, 2008

Proskauer Rose is laying off 35 associates and 25 administrative staff, reports The Am Law Daily. The news was announced in a memo, sent out by the firm yesterday (4 December), although which offices or practice areas will suffer the most is not specified. The New York firm said the layoffs are due to both the economic crisis and the "unprecedented reduction in our historical lawyer attrition rate." Proskauer launched an office in London last year with hire of Matthew Hudson, the former head of O'Melveny & Myers' City arm. In September, the firm also secured its long-awaited Asia launch after hiring a two-partner team in Beijing from Heller Ehrman. Proskauer has been one of the most upwardly-mobile practices in the US in recent years, successfully expanding beyond its core employment practice into a stronger corporate profile. During the last two weeks a raft of US firms have made layoffs, including Reed Smith, White & Case, Orrick Herrington & Sutcliffe, while firms including Cravath Swaine & Moore and Simpson Thacher & Bartlett have cut back associate bonuses.

People should have already bennsent to jail I think the Senators should have already done something about this beside taking campaign donations from law firms.

Patentgate Ethics Scam Hits Holocaust Survivor...(CLICK HERE FOR FULL STORY)

As a young girl, Mrs. Gizella Weisshaus survived the Holocaust, but recently and now 77-years-old, she finds herself on the growing list of victims ensnarled in the Manhattan attorney ethics scandal shaking the New York State Court system...

Background

In July of 2007, it became publicly known that many ethics complaints against attorneys in the Bronx and Manhattan were methodically mishandled-- effectively buried or stalled--due to politically-based connections, favors or back-room deals. The "Patentgate" matter quickly highlighted the need in New York for federal intervention since the alleged theft of dozens of U.S. patents by the inventor's own New York lawyers-- the once respected and politically connected Proskauer Rose law firm-- went largely and substantively unaddressed. The Patentgate ethics complaints were obscured in New York at the very same time the identical issues found The United States Department of Justice widening their own investigation and, additionally, where members of the U.S. Senate and House Judiciary committees called for further probes. The ongoing ethics shake-up resulted in the quickly announced "retirement" of Manhattan's top State ethics Chief Counsel, Thomas J. Cahill, Esq., and whose replacement is expected to be announced soon. (See the related August 24, 2007 story below: "Justice Department Widens "Patentgate" Probe Buried by Ethics Chief Thomas J. Cahill")

Holocaust Survivor meets New York "Ethics"

Mrs. Gizella Weisshaus was the named plaintiff in the 1996 filed historic lawsuit against Swiss banks that, after being designated as a class action proceeding, was settled in 1998 on behalf of thousands of Holocaust survivors for \$1.25 billion.

Gizella, however, opted out of that settlement because, she says, certain involved attorneys were more interested in paying themselves millions of dollars even before some of the survivors had received any money. She would also learn, she says, that someone "manufactured" a necessary amended complaint in 2000 by backdating that court document to 1997. And she would also find that in an unrelated estate proceeding where she was the executrix, her own lawyer, Edward D. Fagan, had failed to deposit more than \$82,000.00 into an attorney escrow account choosing, instead, to use the money for his own various personal expenses. (Mr. Fagan also represented Mrs. Weisshaus in the subsequent filing against the Swiss banks and from where he ultimately received millions of dollars in legal fees)

Part 1 of June 8, 2009 Court Corruption Hearing

An attorney ethics complaint followed, and in a letter dated May 6, 1998, attorney disciplinary Chief Counsel Thomas J. Cahill's predecessor, Hal R. Lieberman, Esq., wrote to Gizella to advise that since her complaint against attorney Edward Fagan had involved an "ongoing criminal proceeding" his office would await the outcome of that proceeding before concluding their disciplinary investigation. Then-Chief Counsel Lieberman also advised Gizella that his New York State ethic's office had requested a written answer to the complaint from attorney Fagan. Edward Fagan then hired his own lawyer.

Letter to Self

Approximately 9 weeks later, in a July 15, 1998 dated formal answer to the charges against him, attorney Fagan's lawyer submitted a 6-page denial of the various charges made by Mrs. Weisshaus. Astonishingly, attorney Fagan's lawyer, who he had recently engaged, was none other than Hal R. Lieberman who, in a 9-week period of time, had left his position as Chief Counsel of the New York Supreme Court, Appellate Division, First Department Disciplinary Committee to join the law firm Beldock Levin & Hoffman, LLP.

So, essentially, on July 15, 1998 private attorney Hal Lieberman was responding to himself-- to his own May 6, 1998 letter wherein he, as the New York state-employed Ethics Chief Counsel had advised Gizella of the request for a written answer from the attorney she had filed a complaint against, and the same person who was to be Lieberman's client-- Edward Fagan.

More on Mrs. Weisshaus, attorney Edward Fagan's arrest, the pending ethics inquiries in New Jersey against Fagan, and Chief Counsel Thomas J. Cahill's determination of no conflict of interest by the prior chief counsel, Hal Lieberman.... MORE.... LATER THIS WEEK.....

To the right, see the documents marked "Weisshaus Fagan Lieberman"

NY TIMES & LAW JOURNAL REPORT \$80 MILLION SUIT CLAIMING WHITEWASHING OF IVIEWIT COMPLAINTS v. PROSKAUER, STEVEN KRANE PAST NYSBA PRES, FOLEY LARDNER & NY COURT OFFICERS - REVEALED BY ATTY INSIDE WHISTLEBLOWER

United States of America (Press Release) *November 23, 2007* -- In an explosive \$80 Million federal lawsuit <http://www.iviewit.tv/CCA-2-amended.pdf> a staff attorney at the New York Supreme Court claims officials whitewashed Iviewit complaints against Proskauer Rose, Steven C. Krane, Esq. (former NYSBA Pres & clerk to Chief Judge Judith Kaye) & other high ranking NY Supreme Court officers. The inside whistleblower also claims she was physically assaulted & then terminated to keep Iviewit claims of fraud on the US Patent Office and other government agencies buried.

The New York Law Journal @ <http://www.law.com/jsp/article.jsp?id=1193648632218> and The New York Times @ <http://www.nytimes.com/2007/11/01/nyregion/01suit.htm?ref=nyregion> reported on a federal lawsuit claiming high ranking members on the New York Supreme Court, purposely and with intent to cover-up for other high ranking court officials, caused the whitewashing of complaints against attorneys and senior court officials who committed hosts of state, federal, and international crimes against a multiplicity of governmental agencies, and in fact, threatened and coerced Plaintiff Anderson, including wrongfully terminating her and physical assault, for voicing concern that there was irrefutable evidence of wrongdoings by the attorneys and court officials to cover up the crimes committed against the United States.

In the lawsuit <http://www.iviewit.tv/CCA-2-amended.pdf> filed on October 27, 2007 in the United States District Court for the Southern District of New York, filed as Christine C. Anderson v. The State of New York, et. al S.D.N.Y., October 27, 2007 the Plaintiff affirmatively claims support by the Iviewit matters of patent sabotage, FRAUD ON THE UNITED STATES PATENT AND TRADEMARK OFFICE, intellectual property theft, and an attempted murder

In that lawsuit, the Plaintiff factually alleges that:

Additionally, and similar to the NYLJ and the NYT, as reported in an article aptly titled "Justice Department Widens 'Patentgate' Probe Buried by Ethics Chief Thomas J. Cahill" @ <http://exposecorruptcourts.blogspot.com/2007/08/justice-dept-widens-patentgate-probe.html> the Iviewit inquiries have reached the highest levels of New York & Washington political circles and into many judicial chambers as well.

The original inquiries revealed that New York ethics Chief Counsel Thomas J. Cahill of the First Department Disciplinary Committee whitewashed investigations, which recently led to his abrupt departure.

In a letter dated July 16, 2007, H. Marshall Jarret's office, the U.S. Department of Justice, Office of Professional Responsibility, announced from its Washington, D.C. headquarters that it was expanding its investigation into a bizarrely stalled FBI and US Attorney investigation, initiated in 2001, that involves the theft from Iviewit of nearly 30 patents, trademarks and other intellectual properties, with an estimated value of a trillion dollars. The OPR investigation was sparked by a request from the DOJ - OIG, Inspector General Glenn Fine's Office whom is also conducting an ongoing investigation. The patent pending applications and other IP have been suspended by the Commissioner of Patents pending the outcome of ongoing state, federal and international investigations. The probe reaches some of New York's most prominent politicians and judges, and has already proven to be a stunning embarrassment to the State's ethics watchdog committees.

As a backdrop to the technologies in question, Mr. Bernstein's inventions, the Iviewit video scaling and image overlay systems, are the backbone, enabling technologies for the transmission of video and images across almost all transmission networks and viewable on all display devices, an elegant upstream solution (towards the content creator) of reconfiguring video frames to unlock bandwidth, processing, and storage constraints -- the "Holy Grail" inventions of the digital imaging and video worlds that enable low bandwidth video on the Internet and mobile phones.

As previously reported, the U.S. Senate and U.S. House Judiciary Committee(Representative John Dingell, Chair of the Energy & Commerce Committee forwarded the Iviewit matters to John Conyers, Chair of the House Judiciary Committee for investigation) have known about the Iviewit investigation since about September of 2006. Sen. Dianne Feinstein's office is also championing the Iviewit cause. The story is globally known in technical and intellectual property circles, with ongoing investigations at international patent offices such as the European Patent Office as well.

It is amazing that these people have unions. In the lawsuit it says that they have a union.

I do not understand

in the lawsuit it says they are union workers. If they work for the State jobs should be open and competitive. They also should be held to standards that other state employess are held to. They are state jobs that are not equal oppertunity, that are not open to all who qualify regardless of race and other influences.

If it the Unified court system writting the checks. What does the Unified Court system and the State answering questions about who they hire at the DDC?

Spitzer should get involved.
He claims he is going to clean up Albany.

I FORCED THEM to investigate (WNY) and maryanne drabczyk, eeoc, did... an i'm screwing you, lazy girl attempt from her desk and telephone to OCA'S hack and admin. heads, and then made outrageous, untrue, lies and statements in writing. Butt, funny she did give me the right to sue letter. for the second phase of my case, termination by OCA, she pretended she would just send a right to sue letter immediately to my home.... acting sweet as liquor. but after consultation with andrew eisenberg, non-judicial admin., for chief judge sharon townsen, 8th dist., from OCA, she sucker punched me and sent it to the washington bureau of the dept of justice, DOJ, first, for their approval...hoping they would see that no investigation was done and, not knowing that she sent me a right to sue a few months prior, they, the dept of justice would reject it! BUT.... i got word from my excellent investigative sources that she did this and i called DC and gave DOJ THE MANY details they needed.... and soon after i got the right to sue letter!!!! EEOC does business with OCA through the STATE division of human rights and, therefore will do whatever they can to negate your complaints about any agency within OCA..no matter how serious they are. EEOC needs to be investigated also ,and they are part of my federal complaint... they will always work with NY courts behind your back! always file and force them to investigate, even if they accuse you of taping them? huh?...oh yes, until they give you the right to sue letter!
as far as the unions....CSEA is in collusion with OCA....fact! CSEA'S only interest is securing small cost of living raises for its dues paying brothers and sisters, while spending the other 3 years playing with each other...check out what they do in their offices and how they pretend to represent you, when they 'never' "WIN any cases that don't include a bunch of employees....singlair cases take play time and play money from CSEA big shots and, allows OCA to play hardball at contract time!....right donahue?! CSEA and OCA are in concert with pillow talk!

Hi,I am Luisa Esposito, my story is listed on October 10, and October 11, 2007.(Esq. sex scandal). I cannot believe what is going on with our Judicial System, Police Departments, District Attorney's Office, etc. After reading what happened to Mr. Bernstein,and Ms. Anderson, it leads me to believe that all of my conspiracy theories might be valid. I along with Mr. Bernstein and Ms. Anderson, have substantial evidence of a possible cover-up within the DDC Dept.and other Agencies. I was allegedly sexually abused by my former Attorney Allen H. Isaac, Esq.I presented my evidence, DVD Audi-Video tape with Mr. Isaac's admissions on it to the District Attorney's Office along with witnesses.I was victimized by the Chief of the Sex Crimes Unit,she had me in tears for approx. 3 hours. My evidence was never presented to the Grand Jury. I went to the Manhattan Special Victims Squad and the Detective told me "Mr. Isaac was getting arrested". The Police Report reads "Felony, Sexual Abuse, Wanted Allen H. Isaac. Will Prosecute, Yes".The Detective told me" favors were getting called in and they were not allowing the arrest". Thus Far, there has not been an arrest. Attorney Anthony Denaro sent a letter to Police Commissioner Raymond Kelly, a Notice and Demand to arrest on reported "Felony level Sexual Abuse". In addition,i filed a complaint at the DDC in 2005, and could not believe what i was experiencing at the hands of these proceedings.The DDC transcribed my DVD Audio-video tape which had numerous omissions regarding pertinent and critical conversations. They told me i could not have an Attorney present during the hearings, they were not submitting the Police Report into evidence,witnesses on my behalf were not getting called in to corroborate my complaint. An Intern that worked for Mr. Isaac came forward saying that this was not an isolated incident, the Office staff warned her to steer clear of him. She was not getting called in as a witness.The harrassment i experienced at their hands was beyond believable. My testimony was blackened out with magic marker, after i tried to address my concerns about the hearings. Why is our system failing us, Is it Greed, Money, Power? God Bless us all, let's band together as citizen's to try and stop all of this corruption.Go to http://www.youtube.com/watch?v=UJlv7-5654 and listen to my video and read the comments.

Mr. Bernstein, I admire your courage and fortitude. This Country is full of cowards, they allow these animals and thieves to steal our souls from us.That is why they continue to get away with lying, stealing, and corrupting our system. Hang in there, i hope they lock up all of these bums, and throw away the key.

Our judicial system is failing and in full participation of many forms of conspiracy, because there is no accountability, tons of greed and way too much power given to weak and cowardly people with mental issues! The only salvation is for the masses to come together and demand a federal investigation, national media coverage and removal of the top administrators...Kaye goes first and foremost,along with Lippman and Plumadore!! am hoping this will begin by the beginning of 2008! People please get MAD!!!!!!

I've read Anderson's amended complaint, and I've read Iviewit's press release, which is, at various parts, factually inaccurate.

But Iviewit is correct about one thing: heads need to role on what happened to them.

How can you trust a government that allows this? They certainly make it difficult to debate with my european and canadian friends on these and various other issues.

It's a joke!! Hard to defend my country and it's system with crap like this!!

A few comments to the bloggers here.

Ray Joao was retained by Proskauer Rose to patent Iviewit inventions as Kenneth Rubenstein's lackey. Both Rubenstein and Joao were at Meltzer Lippe Goldstein Schlüssel and Wolfe prior to Proskauer grabbing Rubenstein immediately after learning of the inventions and starting an IP department based on stealing those inventions. Raymond Joao is beyond a disreputable scum, he is scum from the bottom of hell, he put 90 patents into his own name, all to do with Iviewit inventions. A true bottom feeder and lackey for Proskauer and Foley and Lardner doing the dirty work. Ray purposely filed false patent applications a federal crime and violated almost all of his federal patent bar regulations. Ray also is a flat out liar, he tried to say he never met inventors Jude Rosario and Zakirul Shirajee but mounds of evidence refute that. Ray is under investigation at the USPTO OED with all these criminal attorneys, I mean attorney criminals.

As for Luisa Esposito, I admire this woman who has been hosed by the system to protect some sexually perverted attorney who solicits bj's for legal work, hope when she gets hers, he will like giving bj's to his roomie homey in New York's finest prison.

As for me, well we can stop this crap now, yank these public servants gone mad from their jobs and try them for their abuse of power. It is not impossible, oh, you mean Dick Cheney has impeachment papers at the Judiciary Committee for war crimes, etc. and Alberto Bongo is gonzo, well it takes time but history is replete with incidence whereby crap like this is removed in a single flush into the New York historical sewer.

New Yorkers must now get enraged at their public officials and call them to the light, they hate the light, demand answers, file complaint after complaint, force them to jump down into the sewer to escape the light.

Fear not who they are from title, title is earned, they brought down Nixon and he had a pretty powerful title.

Fight now or you are cowards and your children will spit on you when they see you were a coward who sold out their freedoms and government.

My kids are making noise now

Proskauer Rose LLP donating money to Clyde Lo-chin's Steel drum club.

Clyde Lo-chin (currently mediator in Tampa, FL EEOC) recruited me (Ricardo E. Jones) and a friends (Robert Brown) of the US Army Reserves to apply for positions at the EEOC-NYDO as investigators on or/about early 2001. Clyde had meetings with us both to prepare us for the interviews with members of management of EEOC-NYDO. I never believed that I was going to be hired despite my background in Law Enforcement and investigation. Clyde said not to worry you'll get hired. I was hired sometime the first week of April 2001. After I was hired Clyde was working on a big case against Ralph Laren Polo involving a large Black Class of employees. Sometime later Clyde asked me to attend one of the settlement conferences at Proskauer Rose LLP where I meet top negotiator Paul Salvator Esq, and other attorneys for Polo. Later after the conference I was contacted by Paul Salvator of Proskauer Rose. Paul asked if I had a case with the respondent MBIA. Paul wanted me to set-up a similar conference to settle the case. I did and it settled for \$650,000.00 in less than 90 days. Clyde Lo chin admitted to me that he asked Paul Salvator to have Polo to donate \$5000.00 to his Clyde's Steel Drum club and he did.

Clyde Lo chin has a relationship with Nancy Boyd who at the time of my hirer was Enforcement manager, and later Deputy Director of the EEOC-NYDO. Nancy Boyd was fixing cases for Vice Chair of EEOC Leslie Silverman (formerly of the Senate subcommittee on employment and workplace safety) for the Proskauer Rose Law Firm. Leslie Silverman left EEOC and became a partner of Proskauer Rose in Washington DC and works with Paul Salvator of Proskauer Rose in Washington DC.
