

IN THE CIRCUIT COURT OF THE FIFTEENTH JUDICIAL CIRCUIT IN AND FOR PALM  
BEACH COUNTY, FLORIDA

IN RE: PROBATE DIVISION  
ESTATE OF SIMON L. BERNSTEIN CASE NO. 502012CP004391XXXXSB

---

**CURATOR'S MOTION FOR INSTRUCTIONS**  
**REGARDING AUTHORITY TO LIQUIDATE IRA**

COMES NOW, Curator, Benjamin P. Brown ("Curator"), by and through undersigned counsel, files this Motion for Instructions, and states as follows:

1. On February 25, 2014, this Court entered an Order on "Interested Person" William Stansbury's Motion for the Appointment of a Curator or Successor Personal Representative ("Order Appointing Curator"), appointing Benjamin P. Brown as Curator of the Estate of Simon L. Bernstein ("Estate"). On March 11, 2014, this Court entered Letters of Curatorship in Favor of Benjamin Brown ("Letters of Curatorship").

2. The Estate holds an Individual Retirement Account, Account Title: JP MORGAN CHASE BANK NA ACF SIMON BERNSTEIN-DECEASED IRA R/O, Account No.: W32585007 (the "IRA"). The April 2014 Account Statement for the IRA is attached as Exhibit A.

3. The Curator seeks to liquidate the IRA for two reasons. First, the IRA portfolio is concentrated in equity investments and may not be appropriate for an Estate (i.e., 68 percent of the IRA assets are allocated to equity instruments). Second, the Estate will likely need money to pay (i) administration expenses, and (ii) taxes on the IRA income (the "IRA Tax") when IRA proceeds are withdrawn.

4. The Letters of Curatorship do not expressly authorize the Curator to liquidate the IRA or pay the IRA Tax on behalf of the Estate.

5. Accordingly, by this Motion, the Curator advises the Court and all counsel of record of the foregoing, and, in an abundance of caution, seeks instructions regarding the Curator's authority to liquidate the IRA and pay IRA Taxes (when payable).

WHEREFORE, the Curator requests that this Court enter an Order providing instructions and authorizing the Curator to liquidate the IRA and pay IRA Taxes on behalf of the Estate, and for such other relief as the Court deems just and proper.

**I HEREBY CERTIFY** that a true and correct copy of the foregoing was served by e-mail upon the parties listed on the attached service list, on this 10 day of June, 2014.

J.P. Morgan 

For the Period 4/1/14 to 4/30/14

For your convenience we have combined statement(s) for activity you conduct through J.P. Morgan in one package. Below are important disclosures relating to these different accounts. These statements may relate to various account types. Some of the disclosures are applicable to all of your accounts. For ease of reference the disclosures applicable to a particular type of account have been grouped together by descriptive headers.

**IMPORTANT GENERAL INFORMATION APPLICABLE TO ALL OF YOUR ACCOUNT(S)**

**Important Information about Pricing, Valuations, Estimated Annual Income, and Estimated Yield**

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein, some of which has been provided by pricing sources that J.P. Morgan believes to be reliable, is not guaranteed for accuracy but provided for informational purposes and is furnished for the exclusive use of the client.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price. All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only. The value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

Important information regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. When J.P. Morgan is unable to obtain a price from an internal or outside source for a particular ARS, the price column on your statement will indicate "unpriced".

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are sourced from the various issuers of the securities or they are sourced from a third party valuation provider. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Certain assets, including but not limited to, pooled and private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of such asset may have been provided to us by third parties who may or may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

In cases where we are unable to obtain a current market value from an internal or outside source for a particular security, the price column on your statement will indicate "unpriced". Although such securities may have value, please note that the value of a security indicated as "unpriced" will not be included in your overall current market value as reflected on the statement.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated. Such values may only be indicative.

When we are unable to obtain a current value from an internal or outside source for a particular security, the price column on your statement will indicate "unpriced".

If a partial call is made with respect to an issue of securities included in your Accounts we will allocate the call by a method we deem fair and equitable.

To the extent applicable, please note the following regarding estimated annual income (EAI) and estimated yield (EY): EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

Direct private equity investments are generally valued at cost, unless there is an active secondary trading market in the securities, in which case, direct private equity investments are valued using market prices as of the close of the last business day for this statement period. Pooled private equity investments are valued according to the General Partner's or Manager's stated methodology. Hedge funds generally calculate the price (the "Net Asset Value" or "NAV"), 10-15 business days following the last business day of the month. For that reason, hedge fund NAVs shown will generally be the NAV of the month preceding this statement period. In general, the NAV is calculated according to the General Partner's or Manager's stated methodology. Please refer to the limited partnership agreement, limited liability company agreement or other operative documentation for each hedge fund for the specific methodology used by the General Partner or Manager for that hedge fund or for your Investment Management or Trust account contact your J.P. 3. Hedge funds generally allow subscriptions on a monthly or quarterly basis. An interest in a hedge fund or hedge fund of funds is generally as of the first business day of the subscription period. Please refer to the applicable hedge fund's operative documentation for further details or for your Investment Management or Trust account contact your J.P. Morgan team.

Hedge fund redemptions are generally on a monthly, quarterly or annual basis but can sometimes be subject to a multi-year lockup before a redemption is permitted. For redemptions, there is generally a notification period that can be a long interval before the actual redemption date. Redemption proceeds are generally paid 15 calendar days after the final NAV is issued, but can be subject to a holdback of a portion of the proceeds until an annual audit of the Fund has been completed. Please refer to the applicable hedge fund's operative documentation for further details or for your Investment Management or Trust account contact your J.P. Morgan team.

In particular, an investor who withdraws from a Global Access Portfolio will not receive the withdrawal proceeds in their entirety until 30-60 days after completion of the Portfolio's audit, which may be 18 months or longer after the redemption date. Interest might not be paid on any proceeds pending distribution. These restrictions apply even if the investor's account at JPMorgan is closed. The Confidential Private Placement Memorandum and applicable Supplements contain other important information about the Global Access Portfolios and are available upon request or for your Investment Management or Trust account contact your J.P. Morgan team.
