CORRUPTION, COLLUSION AND CRONYISM IN PBC COURTS

Thanks to Palm Beach Post's reporter John Pacenti for uncovering some of the *corruption* in the Guardianship section of the Palm Beach County court system. It is *endemic, in both the Guardianship and Family Court divisions. FACTS, Inc.* a not-for-profit organization, has been monitoring these courtrooms for over 13 years and has evaluations of some of the judges in these divisions. Because of Mr. Pacenti's investigative reporting, Chief Justice Colbath has said he would overhaul the guardianship system. Has he?

The family court system needs overhauling as well. Because of court appointed *professionals, who usually support the judge who appoints them, or the moneyed attorneys who recommend them,* children are being torn away from good, loving parents and irreparable damage is done to the entire family.

Those involved in the Guardianship collusion are:

Judge Martin Colin whose wife, Elizabeth Savitt's cases went to their friend Judge French after complaints were made against him in Guardianship Court. Judge French appeared to rubber stamp her overreaching fees and those of her associates.

Professional Guardian Elizabeth Savitt (Judge Colin's wife) who owns a guardianship business that appears consistently before Judge French. She took fees without court approval, double-billed, overcharged and encouraged unnecessary litigation.

Judge David French (good friends with the couple) who does not disclose his friendship with Savitt to opposing lawyers, as he should.

Chief Justice Jeffrey Colbath who allowed Judge Colin to remain in Guardianship for the 4 years since Savitt became a registered Guardian even though judges are supposed to be rotated. While Justice Colbath was in Family Court several years ago, Court Watch was called innumerable times due to complaints of bias being made against him. Having him as Chief Justice is like having the fox guard the chicken coop.

Why are these people above the law and why aren't they being prosecuted?

The corruption in these courts has to end! Contact State Attorney David Aronberg at (561) 355-7100 or StateAttorney@sa15.state.fl.us and tell him how you feel!
