in front of Judge Phillips. From the beginning, the judge made demeaning remarks to the Bernstein's, which for sure, unrattled them in their presentation as pro se litigants. (they couldn't afford an attorney)

Judge definitely showed bias against them by allowing the 5 other attorneys on the Trust's side to disparage the Bernsteins relentlessly. When Mr. Bernstein was allowed to present his case, he was shut down by the Judge immediately when he tried to explain his case which was about alleged fraud and misconduct on the Trust Co and his brother's part.

To make matters worse, the judge put everyone under tremendous stress by constantly reminding them of how many minutes they had left.

This case is about a very large trust that is being disputed by the Bernstein's and their 3 children. The trust wants to appoint a GAL for their children. As we all know, that usually muddies the waters even more by giving a complete stranger who will undoubtedly favor the one who pays them, all the power in court.

Judge to issue his decision on Monday.

FACTS, Inc. is a 501(c)3 non profit all volunteer corporation created by PBC National Organization for Women.

Press Release February 20, 2016

**CORRUPTION, COLLUSION AND CRONYISM IN PBC COURTS**

Thanks to Palm Beach Post's reporter John Pacenti for uncovering some of the corruption in the Guardianship section of the Palm Beach County court system. It is endemic, in both the Guardianship and Family Court divisions.

Families Against Court Travesties, Inc. (FACTS), a non-profit organization, has been monitoring these courtrooms for over 13 years and has evaluations of some of the judges in these divisions. Because of Mr. Pacenti's investigative reporting, Chief Justice Colbath has said he would overhaul the guardianship system. Has he?

The Family Court system needs overhauling as well. Because of court appointed professionals and the expensive, connected attorneys who recommend them, children are being torn away from good, loving parents and irreparable damage is done to the entire family.

Those involved in the Guardianship collusion are:

Judge Martin Colin whose wife Elizabeth Savitt's cases went to their friend Judge French, who appeared to rubber stamp her overreaching fees and those of her associates.  
 Professional Guardian Elizabeth Savitt (Judge Colin's wife) who owns a guardianship business that appeared consistently before Judge French.

According to the Palm Beach Post, she took fees without court approval, double-billed,

Judge David French (close friends with the couple) who apparently did not disclose his friendship with Savitt to opposing lawyers, as required.  
 Chief Justice Jeffrey Colbath who allowed Judge Colin to remain in the Guardianship Division for 4 years after Savitt became a registered Guardian, while other judges rotated regularly.  
 While Justice Colbath was in Family Court several years ago, FACTS Court Watch was often called due to many complaints against him.  
 Having him as Chief Justice is like having the fox guard the chicken coop.  
 These people are not above the law and need to be prosecuted!  
 These families must receive justice!  
 The corruption in these courts has to end!
