1) 18 U.S. Code Chapter 96 - RACKETEER INFLUENCED AND CORRUPT ORGANIZATIONS <https://www.law.cornell.edu/uscode/text/18/part-I/chapter-96> 103

2) Florida Statute 895 RICO - CHAPTER 895 OFFENSES CONCERNING RACKETEERING AND ILLEGAL DEBTS & FEDERAL RICO http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=Ch0895/titl0895.htm&StatuteYear=2009&Title=-%3E2009-%3EChapter%20895 - 103

3) 18 U.S. Code § 1346 - Definition of “scheme or artifice to defraud” <https://www.law.cornell.edu/uscode/text/18/1346>; 103

a) The court orchestrated probate and guardian scheme and artifice to defraud described herein enables the criminal enterprise aka “Enterprise” or “Probate Cartel,” which is composed primarily of attorneys at law in various public and private capacities, including but not limited to, judges, prosecutors, officers of the courts, estate and trust lawyers, civil lawyers, guardians and private practice lawyers and law firms, to utilize the courts and abuse legal process to deny victims civil due process and criminal due process while stealing their various personal properties, estates, trusts, homes and more. Theft from estates and wards that they are legally obligated to protect, the fox is in the henhouse. Through complex legal schemes, including but not limited to, theft of personal properties from estates and trusts through fraudulent sham hearings and sham pleadings, predatory guardianships to steal wealth of wards while isolating them from families, medicating and sedating them once they usurp their legal rights, committing fraud on and by the court by court appointed officers, guardians and attorneys and other court sanctioned violations of law to rob assets, including real estate fraud, securities fraud, billing scheme frauds and more. 103

b) This is a well shielded enterprise as it not only uses the court system to enable the crimes, mostly complex legal frauds but also to disable due process rights of the victims who seek redress by turning the court and attorney and judge regulatory agencies into weapons against victims ensnared in the schemes who complain to ethical or criminal authorities of the crimes being committed against them and completely remove their due process and civil rights through this Obstruction of Justice. The Criminal Cartel uses false and fraudulent legal process to achieve this disabling of civil justice remedies of their victims against those they are robbing, while protecting this “above the law” class of criminals who are cloaked in legal degrees or wear judicial robes. The Cartel acts simultaneously and in concert with other attorneys at law cloaked as prosecutors, lawmakers, private practice attorneys, regulators of attorney and judicial discipline and politicians, to derail any criminal due process sought by victims against these favored lawyers and judges. 103

c) This Cartel has similarly been engaged in massive fraudulent home foreclosures in the State of Florida over the last several years which was heroically opposed by the Sheriff department who refused to continue the evictions gained through court enabled fraud such as “robot signing” aka (since Robot signing is not a chargeable offense) Bank Fraud, Mortgage Fraud, Fraud on the Court, Fraud by Court Officials, Forgery, Fraudulent Notarizations, Abuse of Process and more, the courts again the offices the Cartel operates in. The widespread misuse of the courts in these cases created a massive revenue stream for the Cartel while causing massive damage to the state economy and millions of citizens of the state, for the profit of a few and all achieved through complex illegal legal schemes that only lawyers could architect. Yet what did Florida Law Enforcement do to the

criminals and seek retribution for the victims, NOTHING! Hardly a single Attorney or Judge involved in these crimes were criminally prosecuted or forced to give up the stolen loot from their victims, homes that they may have profited off the sales of or were even brought up on criminal charges. How you may ask are they above the law? 104

d) The answer is gleaned from a recent news story regarding attorney corruption titled "Whistleblower Lawyers Counterattack Against DC Disciplinary Counsel" 104

e) "There seems to be a double standard. Has Bar Counsel ever prosecuted any attorneys at corporate firms that help their clients perpetrate fraud? And did Bar Counsel investigate prominent lawyer executives at Fannie Mae who appear to have engaged in actios that led to a multi-billion dollar restatement and left taxpayers footing the bill? Did Bar Counsel prosecute the attorneys that enabled large banks to nearly tank the economy? And has Bar Counsel prosecuted government attorneys that enabled torture and other flagrant unlawful human rights violations? Does Bar Counsel protect the public or does it protect the interests of big corporations and big government?" ---..... 105

f) "About one week ago, 60 Minutes aired a show in which they caught lawyers, including a former American Bar Association president, providing advice on how to move suspect money into the United States," Zuckerman said. "Is it Bar Counsel's position that lawyers that take steps to combat or oppose fraud should be disbarred and that lawyers that enable corporate fraud are the pinnacle of the profession? I resent that my mandatory bar dues are used to fund an office that is zealously prosecuting corporate and government whistleblowers while apparently ignoring a serious problem in the legal profession of attorneys perpetrating and enabling massive frauds." 105

g) Further, the article regarding the bar counsel above singles out the retaliation on a one G. Robert Blakey, Esq. the famous educator and author of the RICO statute that not only took heart at the mob but also rooted out the associated government corruption that often was part of the mobs criminal activity (i.e. bought off judges, prosecutors, police, etc.) that provided them cover even if they were arrested. It should be noted that bar counsel cannot prosecute the attorneys and judges involved in the above crimes committed by attorneys and judges, as The Florida Bar and the Judicial Qualifications Commission have NO criminal prosecutorial power in the State of Florida to do so. This begets the question of where law enforcement was to make appropriate arrests for the criminal acts and why are lawyer disciplinary agencies involved at all in criminal matters against their members? 105

h) My family, including my minor and adult children and other victims of these schemes have been further denied due process as attorneys at law reviewing the cases are frightened to take these cases or intimidated off them due to the fact that there are very serious allegations against other lawyers and judges involved. Whereby any whistleblowing efforts can lead an attorney to be black listed or threatened for trying to expose their brethren or lose their license to practice and livelihood through disbarment. The victims are often left by their attorneys who fail to protect them but who drain them of resources through elaborate billing schemes prior to withdrawal and then leave them to act Pro Se (without a lawyer) at critical junctures in their cases and then pursue liens against them and their property for staggering legal fees..... 106

i) Where the Florida Bar acts as the cartel “union” arm and muscle controlling the members with the ability to delicense and ruin them, as appears the case with Blakey in the above article, attorneys and judges cannot defend victims of the court abuse. In another Miami victim case of guardianship abuse of a one Helen Stone, an attorney at law Deborah Rochlin, Esq. signed an affidavit stating that the judge in the case, a one Michael Genden of Miami, in conspire with an attorney Roy Lustig, Esq. (who was previously found committing fraud on the court) had contacted her and threatened her to resign as counsel to the 75+year old Stone who was put under an oppressive and predatory guardianship or else she would be put out of business by the judge. 106

j) She resigned as counsel to Helen Stone and was still met with a bar complaint issued by the Florida Supreme Court Chief Judge Labarga shortly after she testified in Federal court. Audio recording of that Federal Hearing is available upon request or from the Federal Court through Judge William Zolch / Magistrate Patrick M. Hunt. So not even if good honest lawyers and judges want to help can they survive if they try and expose the court corruption and disbarment typically follows any heroic attempt a lawyer may make on behalf of a victim to expose the corruption, identical to a mob union’s extortion tactics of its members controlled by the Florida Bar and Judicial Qualifications Committee, composed of more criminals cloaked as lawyers regulating lawyers with no criminal regulatory power against the members, a legal loophole for crime without punishment for anyone that is part of the member legal Cartel. 106

k) From various unknown dates, and continuing thereafter up to and including July 08, 2010, and continuing thereafter up to and including today’s date and continuing thereafter, the RICO Suspects named herein operating primarily in the state of Florida, together, with others known and unknown, including persons employed by or associated with the Palm Beach County Probate courts, the 15th Judicial Circuit of Palm Beach County, the 4th District Court of Appeals and the Florida Supreme Court, in concert with persons employed by the Palm Beach County Sheriff department, both state agencies infiltrated by the enterprise/cartel and both engaged in criminal activities of which affected interstate and foreign commerce misusing these state agencies to enact their crimes. The RICO suspects named herein did at various times unlawfully, willfully and knowingly combine, conspire and agree with each other to violate 18 U.S.C. Sections 1962 and Florida Statute 895, by participating, directly and indirectly, in the conduct of the affairs of that enterprise through a pattern of racketeering activity involving a mass of predicate criminal acts against victims of these artifices to defraud as defined further herein and within the meaning of 18 U.S.C. 1961-1968, in particular §1961(1) in violation of 18 U.S.C. §1962(c) & (d). There are multiple victims of the cartel, including my family and I have several cases that can be given to PBSO once assurance is given that the cases will be reviewed by a public office corruption agent prescreened for conflict. 107

l) This RICO case involves several Florida judges, officers of the court, attorneys at law, law firms, guardians and fiduciaries of the Florida State Courts and all members of the Florida Bar association, who have in part recently been exposed by the Palm Beach Post in an explosive series “Guardianships - A Broken Trust” written by reporter John Pacenti centering in primarily on the 15th Judicial Judges, Martin Colin and David E. French, the two central Judges accused in this criminal complaint, and, attorneys at law, John Pankauski, Esq., Brian O’Connell, Esq. and Joielle Foglietta, Esq. three of the central attorneys accused as well in this criminal complaint. 107

m) Certain members of the Palm Beach County Sheriff's office have also conspired with members of the Palm Beach Courts in these matters to derail due process and procedure in criminal complaints naming them as potential suspects in the crimes. Many attorneys at law, all members of the Florida Bar, have acted in various public office capacities and privately in these matters to further the aims of the enterprise and derail criminal, ethical and civil complaints filed by victims of the court orchestrated crimes with authorities in order to protect their members from prosecution. Victims are left without resources of the state to investigate or aid them while the state's officials commit crimes against them and the agencies typically turned to for citizen protection and investigation then further victimize these victims further in efforts to silence them through deprivation of their due process and procedure rights..... 108

n) Known and Unknown members of the Florida Appeal courts and the Supreme Court of Florida have acted in aiding and abetting the enterprise by failing to follow the state court fraud policies, ethical canons and codes and criminal and civil statutes, all designed for reporting and regulating misconduct of attorneys at law, fiduciaries, guardians and judges and they have instead covered up the crimes by failing to report the crimes of their comrades in crime. With no fear of retribution they then further retaliate hard on the victims, even jailing them with contempt charges or more while committing crimes against them. In the case of Helen Stone mentioned above, her daughter, Barbara Stone, Esq. was jailed three times for contempt as she stood up to Judge Genden and pleaded for her mother's life for rescue from an abusive Guardianship where she has lived on a feeding tube for several years and her daughter unable to even visit her. While Barbara was a non-practicing attorney for decades, although licensed, she was disbarred directly by Jorge Labarga after she and her mother's attorney Rochlin began to complain to authorities..... 108

o) The failed self-regulating Florida Bar Association and Judicial Qualification Commission have done nothing about these problems of their members who have committed criminal statute violations, have failed to report complainants criminal complaint information tendered to them about their members to proper criminal authorities as required, despite nationwide, and especially Florida, mainstream news reports exposing the corruptions in the family, probate and guardian courts. 108

p) The RICO allegations herein incorporate a multitude of similarly situated victims of these rogue criminals that I, Eliot Ivan Bernstein, have spoken directly with and many of the separate victims have already given statements and filed formal signed verified criminal complaints to multiple federal and state agencies investigating various elements of the crimes, all alleging similar enterprise corruption operating within the Florida Courts composed of guardians, attorneys at laws, judges and others. 109

q) Initially in virtually every case brought to the Palm Beach County Sheriff, victims are met with resistance to take formal complaints against Judges and Attorneys and they attempt to sway people from filing criminal complaints telling them they have to file their CRIMINAL COMPLAINTS with the Florida Bar and JQC. Again, these regulatory agencies have no jurisdictional, prosecutorial or investigative powers over criminal statute violations..... 109

r) The victims' civil cases are all regarding similar frauds on and by the courts that are operated through various groups of court appointed judges, guardians, fiduciaries and attorneys at law throughout the state. The racket runs very similar schemes throughout the state court system with

various unknown and known conspirators in each. My criminal complaints filed with federal criminal authorities were joined by two national agencies for victims of Family, Probate and Guardian court abuses who have hundreds of cases of abuse that have remained uninvestigated criminally at this time in the state of Florida. This has left the victims and their families stuck in civil courts where their due process rights have been completely denied through the racketeering scheme that uses the civil court system to facilitate these complex financial/legal crimes described herein..... 109

s) Many other victims are now dead as once the organization takes control of their assets and denies legal rights of their elderly and helpless victims the money is quickly stolen and laundered through various court schemes and once exhausted of finances under the court’s control, many victims’ families complain their loved ones were left to rot and die or where medicated to death once the money ran out and in some cases even starved to death after all their assets were stolen..... 109

t) The Palm Beach Post Series mentioned herein elaborates that Judge Colin (one of the primary bad actors in my personal complaints) was forced to recuse off over 115+ cases when it was discovered by a victim of a predatory guardianship instituted by Colin against his mother that Colin’s wife, who went by the name Elizabeth Savitt but is also known as Elizabeth Savitt Colin, was a Guardian in the same court as Judge Colin and was receiving payments approved in the same court by a one Judge French, as well as her attorney Sherrie Hazeltine. The parties concealed the conflicts of interest Colin’s wife posed to the court litigants. 109

u)..... 109

v) Once the predatory guardianship was issued by Colin on the victim, a one Skender Hoti’s mother, Glenda Batson, she was kidnapped and taken out of state against her will through the guardianship, one day she was just put in a van and disappeared from her home. Savitt then moved quickly with her attorney Sheri Hazeltine to rob Hoti’s home where his mother lived with him while hiring a PI to watch Hoti’s whereabouts while the house was robbed and ransacked and all property loaded into a moving truck and several cars. Had a neighbor not noticed the home being robbed in real time and called and alerted Hoti at work to inform him the contents of the home he owned were being stolen the items would have been permanently stolen..... 110

w) However, Hoti immediately contacted Palm Beach Sheriff Deputies who responded to find Savitt and her crew about to drive off, loaded up to the hilt and the deputy demanded Savitt show a writ of possession for the contents or he would arrest her. In big mouth fashion she voiced to the officer that she had a very powerful husband, a judge, who would authorize her theft. The officer refused to contact her husband, Judge Martin Colin and forced her to put the properties back in the home but failed to arrest her. Hoti did not know it was the wife of the judge who issued the predatory guardianship because she did not go by her married name but he soon found out. 110

x) Shortly after the incident and before Hoti found out Savitt was married to Martin Colin, he mysteriously recused himself from the Hoti case giving no rhyme or reason in his recusal order. It should be noted that Judge Colin and Judge French are daily lunch buddies according to the Palm Beach Post and where this concealed conflict led to monies directly benefitting the Colin household according to the Palm Beach Post that were taken from the victims improperly, including through

fraudulent billing schemes using the court to gin up fees for their court appointed guardians and friends and where it was alleged that some of the properties may have been being sold through the Colin household. 110

y) Several victims case studies were posted by the Palm Beach Post and each allege similar elements of Fraud on the Court by the Court appointed guardians and attorneys that demand immediate investigation by Florida Law Enforcement. The victims who were exposed in the press and other victims of this court cabal, including my family, are currently suffering a mass of retaliation by court officials in their civil cases, as the judges are trying to bury the evidence of their crimes and shut down those victims or their families exposing their racket to state and federal authorities. Quoting from the Post Article, “His [Colin’s] wife’s job as a professional guardian leaves Judge Colin compromised, handcuffing him from fully doing his job, The Post found. He’s recused himself from 115 cases that involve his wife’s lawyers in the last six months of 2015 after The Post started asking questions in its investigation. “When you have a judge suddenly recuse himself of so many cases, it certainly sends up a red flag,” Jarvis [Nova Southeastern law Professor Robert Jarvis] said. “How did a judge allow himself to be put in such a position? I have never heard of a judge doing such a thing.” Despite this public information being revealed by the Palm Beach Post the only thing that happened to Colin thus far is the Chief Judge of the 15th Judicial, Jeffrey Colbath, moved him from the probate court in the South County Court to the civil division at the Main Courthouse where he can do more damage to a different class of litigants. To the best of my knowledge none of the 115 cases Colin recused from have been investigated by Florida Law Enforcement, including mine. 111

z) It is alleged that this racketeering gang of primarily lawyers, judges and guardians operates with certain agents in other government law enforcement agencies to deflect criminal complaints from being filed against these judges and lawyers and protect them from formal criminal investigations when complaints are filed. Instead of formal criminal investigations statutorily required when complaints are filed with law enforcement, the criminal matters are improperly steered by the courts and law enforcement officers to The Florida Bar and the Judicial Qualifications Commission and again both agencies have absolutely NO CRIMINAL JURISDICTIONAL POWERS. These “ethical” agencies then dismiss CRIMINAL complaints against their members who are all Florida Bar members and they thus evade criminal investigations, evade criminal prosecution and evade criminal liability for their clearly criminal acts, leaving victims with no restitution or place to turn for justice in the civil courts or with criminal authorities. 111

aa) After the Post Series, reporter John Pacenti reported on an international broadcast that he had attended a hearing involving Judge Colin’s son against Colin’s own daughter-in-law (the case had to be moved out of the county after the daughter-in-law complained of the obvious conflict of interest between Colin and the other judges) and Pacenti was intimidated by the new Judge in Broward County who forced him on the stand at the hearing when he was not a sequestered witness. The judge ordered this despite Pacenti attending only in his capacity as a reporter who had no idea they would try and call him as a witness, all in efforts to keep him out the court and from reporting on the matter. Pacenti also stated on the radio broadcast that there was a corrupted group of lawyers and guardians operating in Southern Florida that the Palm Beach Post had received information

regarding in the course of their investigation. Again, despite the press exposing the problems and criminal allegations alleged, no known investigation has begun by any Florida Law Enforcement agency of the victims' complaints or the presses revelations of criminal activity by these Judges and Attorneys at Law. 112

bb) Several victims have begun filing formal verified and signed criminal complaints against the court officials as recommended by Representative Dave Kerner FL District 87 (a former Florida Law Enforcement Official), after a meeting with him and members of FACT (Families Against Court Travesties affiliated with NOW <https://factscourtwatch.com/john-l-phillips-cases/>) / Court Watchers. Dr. Sam J Sugar, MD, Founder of AAAPG @ <http://aaapg.net> has also assimilated a mass of elder cleansing cases and both organizations have compiled complaints in Palm Beach County and throughout the State of Florida. These complaints allege, including but not limited to, Murder, Kidnapping, Elder Abuse, Predatory Guardianships, Exploitation of Minors, Theft of Billions of Dollars (some estimates are in the Trillions) from Estates and Wards and their families, Fraudulent Billing Schemes, Extortion of victims attempting to expose the court officials and all involving Florida court officials and court appointed officers facilitating the crimes through legal process abuse. 112

cc) It is believed working with these national organizations that there are several thousand victims currently in Florida. There appear many more prior cases with now deceased loved ones who have been victims to these crimes but already have lost their loved ones before they could be freed from the predatory guardianships and corrupt courts and whose estates were depleted from millions to nothing through these court orchestrated crimes depriving the families of their properties and civil rights. 112

dd) In several states, including Florida, politicians are attempting to now reconcile for the crimes with new legislation to prevent the widespread abuse being reported in the family courts from continuing but as of today no criminal prosecution or even investigation of the lawyers, guardians and judges who are running this racket have begun. No formal investigations despite criminal complaints filed and there still has been NO relief or restitution to the victims currently being preyed upon by the state of Florida courts and law enforcement officials involved. If the criminals are not following the current law I fear that new laws will simply be broken as the protection scheme has not been broken up by criminal authorities as it should be. 113

4) The above named RICO suspects conducted or participated, directly or indirectly, in the conduct, management, or operation of the Enterprise's affairs through a "pattern of racketeering activity" within the meaning of 18 U.S.C. § 1961 (1) and in violation of 18 U.S.C. § 1962(c) & (d) to wit: 113

Palm Beach County Sheriff Public Integrity Unit Complaint - New Allegations of Criminal Misconduct by Public Officers and Others and New Allegations of Internal Corruption of Investigations by PBSO Officers

Dear Internal Affairs,

I. ELIOT BERNSTEIN STATEMENT

RE: Internal Affairs Complaint & Public Office Corruption Case

I, Eliot Ivan Bernstein, am requesting a formal criminal investigation regarding crimes committed against my family in conjunction with and aided and abetted through public office abuse and abuse of process, which have resulted in further criminal acts committed and being committed currently by members of the Palm Beach County Courts and Palm Beach County Sheriff Office (“PBSO”), including several judges, attorneys at law, a guardian, detectives and others, all acting in various conspiratorial combinations to deprive my family of our inheritancy, including interests in Intellectual Properties (“IP”) that have a further alleged criminal history that may be directly tied to the current nexus of probate events described herein. The IP crimes date back to 1998 and also involve Florida judges, lawyers and law enforcement acting in concert to deprive my family of our IP rights. The IP has been valued by leading engineers as “Priceless,” “The Holy Grail of Digital Video and Imaging,” “The Backbone IP of the Internet,” and “Digital Gold.” Where the technologies now account for over 90% of Internet transmissions and 100% of digital television and where the true royalty value of the IP may exceed a Trillion dollars over the life of the IP. This provides for ample motive for the crimes alleged herein regarding the Estate and Trusts of Simon and Shirley Bernstein, some already proven and admitted and to even commit murder as alleged by others in these matters as detailed herein. Those exposing the crimes, including my family and others similarly situated, are in immediate need of whistleblower protections to insure fair and impartial due process to both civil and criminal complaints and to prevent further retaliation and harm.

I have not heard back from Internal Affairs (“IA”) in writing regarding my 2nd prior IA complaint filed on August 20, 2016¹ and this was in addition to the complaint information filed on August 03, 2016² (dismissed August 10, 2016) and my original complaint filed January 07, 2014 with Captain Carol Gregg³ and Internal Affairs that led to the reopening of the initial case I filed after it was improperly closed. The case was reopened under a new supplemental case number that led to confession of felony criminal misconduct by attorney at law Robert Spallina, Esq. committed through his law firm Tescher & Spallina P.A. and that has failed to be prosecuted or further investigated before premature dismissal of the complaint by Detective

RE: Internal Affairs Complaint & Public Office Corruption Case

Andrew Panzer who replaced Detectives Miller and Groover as further defined herein. There are hosts of new crimes that were also given to PBSO in the complaints cited herein and which have wholly been neglected with scienter and all of them must be reopened and properly investigated.

It is alleged that all of the state and federal crimes and public office corruptions against my family have been orchestrated to deny fundamental due process and procedure rights to my civil and criminal complaints and for the perpetrators, mainly lawyers and judges committing crimes under various legal guises in civil and criminal capacities as Judges, Politicians, Attorneys acting as Officers of the Court and private practice lawyers to evade prosecution. Through this conspiratorial organization composed of Officers of the Court and Law Enforcement they misuse the courts and state agencies under the cover of legal process to commit the crimes and this has enabled them to steal my inheritance and IP interests through civil legal process abuse and obstruction of criminal complaints.

The estate and trust theft crimes occurring simultaneously with crimes committed denying me any access to fair and impartial due process, civilly or criminally, disabling my right to pursue them legally or criminally and in fact using the civil court system and law enforcement agencies as a further retaliatory weapon against my family, in typical mob extortion fashion. This complaint is not an attorney or judge disciplinary complaint of professional misconduct or a civil case matter but rather a criminal complaint of criminal statute violations, both state and federal, which includes members of law enforcement acting in concert with the judges and lawyers and this last reason is the reason the complaint is being filed with Internal Affairs. The crimes against my family have caused financial ruin on my family, may have led to the death of my father and another gentlemen now involved as further described herein and where the lack of due process and procedure has put my family and others lives in very real imminent danger and is allowing for continuing and ongoing crimes being committed against us. None of the crimes have had proper investigation, prosecution and protection and in fact offer a disturbing contradiction to these terms.

The allegations for IA to investigate are of employee misconduct of members of the Palm Beach County Sheriff's Office and Palm Beach County Medical Examiner who are alleged to have aided and abetted the crimes and criminal organization described herein through intentional dereliction of duties and Obstructing Justice with intent, Aiding and Abetting and more. The attempted cover up of the crimes uses the machinery of the State of Florida justice system, jimmy rigged by those that have infiltrated it in primarily legal capacities, as a weapon against myself and others who are attempting to expose the criminal activities of certain judges, lawyers, guardians and others involved in a racketeering scheme involving many public officials and several hundred billion dollars of citizens monies tied up in family courts. Several Palm Beach County Sheriff personnel are directly implicated.

There are several prior related criminal complaints with a long history of improper internal acts by PBSO officials, all regarding the underlying crimes committed and the cases. The cases are listed in the heading at the beginning of the letter and detailed further herein. I am seeking a full investigation and reinvestigation of each of these cases due to new allegations of official misconduct in the handling of the complaints, new evidence of improper acts on the part of PBSO officials and new evidence and admission of crimes by certain of the parties named already in the prior complaints that are all cause for reinvestigation immediately by parties prescreened for conflict and possibly oversighted by a Federal Monitor. Several of the crimes alleged herein directly implicate PBSO employees and therefore I am asking that this case be first reviewed by IA by previously uninvolved parties.

IA already has an open case into these matters and where IA should also consider immediately joining Federal Authorities in this investigation or completely turning the matters over to Federal authorities to resolve conflicts and insure fair and impartial due process forward. Federal Authorities should also be contacted as several of the crimes outlined herein that were brought to PBSO are federal crimes that PBSO interfered with by failing to join Federal Agencies and in fact obstructed them being contacted. Finally, certain of the parties named herein as primary parties to the crimes, attorneys at law Donald Tescher, Esq. and Robert Spallina, Esq. are already under Federal Consent Orders and Federal Investigation. There exist now conflicts of interest with PBSO handling these matters further by any division, including IA without first joining Federal Agents due to the prior obstructions. A cover up and public corruption as described herein involving members of the Senior most members of the Florida Courts, Florida Bar and Florida Law Enforcement, including PBSO, can only be presumed to come top down and thus a Federal Monitor may be the answer to prevent further attempts to interfere and obstruct criminal investigations.

Crimes are currently being committed in both the courts and within the PBSO in relation to the crimes described herein and in the previously filed complaints and therefore this complaint requires immediate attention to prevent further harm to my family and others and to cease the continuing and ongoing frauds upon courts, frauds by court officials and court appointees and fraud by law enforcement. I would like to meet to file additional complaints with new criminal acts and evidence against parties named herein and where information was already given to PBSO but not acted upon despite clear and convincing evidence presented. Detailed herein is information regarding how PBSO has directly been involved in misconduct in the handling of criminal complaints filed, which demand an IA investigation due to officer misconduct and new information regarding new criminal acts committed that need to be filed with PBSO ASAP but under a carefully controlled and monitored process that insures due process and procedure forward.

Some of the basic complaints about Palm Beach Sheriff Detectives that elevate to Internal Affairs, include but are not limited to,

- 1) Cases were closed improperly and without fair and impartial due process and procedure.
- 2) Cases were interfered with by Civil Court Judge Martin Colin through contact with officers to shutter investigations into crimes that occurred in his court by officers of his court and where Colin was also listed as a possible suspect in the crimes.
- 3) Case information was suppressed or destroyed and not included in FOIA file obtained.
- 4) Crimes were improperly docketed including two possible Homicides.
- 5) Complaints were not investigated wholly.
- 6) Officers obstructed justice through a variety of tactics that interfered with complaints being filed properly and investigated properly.
- 7) Information and evidence regarding crimes and suspects was ignored
- 8) Admission of Felony crimes by suspects were not prosecuted or presented to the State Attorney or DA and victim had no input into the decision to prosecute or not. The crimes were admitted and not further investigated.
- 9) Insulting and derogatory comments were made by PBSO officers to victims Eliot and Candice Bernstein regarding the manner of death of his father Simon Bernstein and his father's religious practices.
- 10) Victim was treated without dignity and compassion.
- 11) Victim was and is not being protected from intimidation and harm.
- 12) Officers made false statements of facts in their report.
- 13) Officers failed to properly protect victim and obtain records and information from parties accused of crimes and instead worked with subjects in efforts to defeat the claims not investigate them.
- 14) Officers improperly stated the statements of parties interviewed.
- 15) Officers failed to contact all parties and witnesses given to them regarding the crimes alleged and cherry picked who they contacted and what information they made available.
- 16) The Officers failed to timely investigate cases in efforts to later claim statute of limitations may apply.
- 17) False, slanderous and defamatory statements were put into the record by PBSO detectives about Eliot Bernstein in his complaints and the Mitch Huhem Homicide/Suicide Investigation in order to create a false record.

II. COMPLAINT & CASE BACKGROUND INFORMATION

The following background information is to give IA information regarding the criminal complaints filed with PBSO, how they were mishandled and how this has Obstructed Justice both civilly and criminally. Many of the criminal statutes outlined herein have already been given to PBSO but were failed to be investigated at all and information and evidence tendered is missing from the FOIA reports obtained. Therefore, part of the reason for giving this information to IA is to insure that PBSO will properly docket the criminal acts alleged, properly identify and add suspects, contact witnesses, have former complaints reviewed by an impartial and non conflicted party such as a Federal Monitor and properly docket new complaints for new alleged crimes. There is additional information and evidence regarding these matters and once this complaint is formally docketed and procedural due process insured this information will be tendered to give IA a better understanding of the misconduct of the officers involved in these matters.

In seeking to collect my inheritance from my mother and father's estates and trusts from the courts I have encountered a wall of corruption in efforts to rob my family of our inheritance by the very people and institutions that were designed to protect the transfers and enforce the laws. My father was a very successful life insurance agent who over 40 years amassed a small fortune selling his proprietary insurance products marketed to high net worth individuals and large corporations. He was consistently a nationwide leader in life insurance sales and his many agencies and companies nationwide insured billions of dollars of death benefits for his clients. After my mother died, two of my three sisters and I were to inherit my mother and father's trust properties as the sole beneficiaries. Two of my siblings, Ted Bernstein and Pamela Simon, were wholly disinherited with their lineal descendants and considered predeceased for All Purposes of both the Shirley and Simon Trusts created, including for "**All Purposes of Dispositions**" of the Trust Corpuses both because they had already taken businesses worth millions of dollars while my parents were living and because of bad blood that had developed with both of them over the years.

When my mother passed away, I as a beneficiary was never legally notified of my inheritance and interests in her estate and trusts as mandated by Florida Probate Rules and Statutes by the Personal Representative and Trustee, Simon Bernstein or his attorneys at law, Donald Tescher, Esq. and Robert Spallina, Esq. whom represented my father as fiduciary of my mother's estate and trusts. Almost two years later in May of 2012 my father learned that his attorneys had not given me information regarding my inheritance and was stupefied over it and had me demand the information from Tescher and Spallina in a meeting we were having on May 10, 2012 to discuss possible estate plan changes for my father that he was being highly pressured to make by my siblings, primarily Ted and Pam and Ted's counsel Tescher and Spallina.

A very large part of the Estate of Simon and Shirley Bernstein is a 30% interest in the Intellectual Properties (“IP”) that are worth estimated billions of dollars or more and have been alleged stolen. The perpetrators of the IP crimes are alleged to be my father and my company's former IP attorneys who converted the IP to themselves illegally and even put IP into their own names. The primarily attorneys involved are from the Proskauer Rose, LLP and Foley & Lardner law firms. Currently the IP is suspended by the US Patent Office pending ongoing investigations by the USPTO jointly with the FBI.

The offenses involved in the IP crimes date back to 1998 and have been reported to several state and federal agencies over the years and through a pattern and practice of public office corruptions several of the complaints both civil and criminal were illegally interfered with by rogue public officials. These crimes of Obstruction are now being reviewed by Federal Agencies. The IP crimes and cover up crimes detailed herein are alleged to be committed by a number of national law firms that were retained to protect the IP and instead who tried a variety of frauds to steal the inventions, including fraud on the US Patent office, fraud on Iviewit companies shareholders, including seed investors Wayne Huizenga and Crossbow Ventures and others and were the attorneys were caught in the act of trying to steal the IP with damning evidence against them. Thus began another series of crimes committed in efforts to quash complaints in civil and criminal agencies both state and federal and to destroy my family and those trying to help us expose the crimes.

The civil lawsuits and criminal and ethical complaints filed in regards to the IP were then directly interfered with by various parties in state and federal government, primarily in New York and Florida. The Obstruction led to my testifying⁴ before the New York Senate Judiciary Committee before now indicted Chairman Senator John Sampson D-NY⁵ with other similarly situated victims of legal process abuse who all testified of civil court and criminal agency corruptions used to block due process of victims of the court and law enforcement corruption, all involving corrupt lawyers, law firms and judges and various agents in law enforcement both lawyers and non-lawyers. The crimes were committed in large part by lawyers who infiltrated the courts, law enforcement and attorney and judicial regulatory agencies, with the specific intent to directly interfere in the civil and criminal complaints filed against their co-conspirators. The Chairman of the New York Senate Judiciary Committee, John Sampson, is now a convicted felon and to be sentenced shortly who stated upon his arrest that he was first threatened and then took bribes to cover up the corruption or words to that effect.

RE: Internal Affairs Complaint & Public Office Corruption Case

With the Judiciary Committee investigations derailed with the end of Sampson's career, the current Governor Andrew Cuomo (whom I have several complaints against) started a "Moreland Commission" to investigate public office corruption in New York's courts and justice system. When I applied to testify and submitted my case information on both the corruption in Florida and New York Courts regarding the IP thefts, the public office crimes and the new corruptions found committed by fraud on the court regarding my inheritancy with the State of Florida Probate court and was finally slated to testify along with many other victims of Judicial Corruption, the Moreland Commission was improperly and prematurely dissolved by Cuomo. This shuttering of the commission in the midst of investigations led to US Attorney Preet Bharara intervening on behalf of the inquiries already made by victims, including my own and taking the cases from the Commission to the US Attorney Southern District of New York Offices. After seizing the Moreland Commission's files and records, Bharara made arrests and convictions of two of the "3 Men in a Room" in New York, the most powerful and previously "untouchable" politicians in New York, consisting of the most powerful man in the room Speaker of the New York State Assembly Sheldon "Shelly" Silver and Dean George Skelos the Majority Leader of the New York State Senate and considered the 2nd most powerful man in NY. Both men have now been sentenced and touched by the long arm of the law.

Andrew Cuomo is the 3rd man in the room that controlled New York politics and recent reports show the US Attorney Bharara and NY AG Eric Schneiderman investigating Cuomo's executive offices and subpoenas have been served on his two right hand men, Todd Howe and Joseph Percoco, who date back to his father Mario Cuomo's administration. My Intellectual Property cases and the public corruption to stop my due process starts however in Florida and then spreads instantly to New York as the main law firm perpetrators of these crimes had offices in both states and complaints were initially filed against them in New York and Florida.

A similar rush to dissolve a Florida Grand Jury investigation into public corruption was also shuttered just as I presented my evidence in Florida and notified the Grand Jury of multiple conflicts of interest with members of the Grand Jury that would require a Federal Monitor to oversight their handling of my case information. That case was "STATE OF FLORIDA Case No. SC 09-1910 CLERK OF SUPREME COURT NINETEENTH STATEWIDE GRAND JURY⁶,"

The court corruption in my life began in Florida, in the Fifteenth Judicial Circuit of Palm Beach County ("15th Judicial") with the IP thefts in the early 2000's. This is the same

courthouse now involved in the Estate and Trust crimes alleged herein to now be committing Probate crimes against my family. Certain of the Probate court crimes already are proven and even prosecuted by the Palm Beach County Sheriff Department and DA and certain other crimes have been admitted directly to PBSO detectives in their investigation of Robert Spallina, Esq. in January of 2014 but as of yet unprosecuted due to intentional interference and collusion between court officials and PBSO detectives to derail complaints and attempt to close the cases improperly and prematurely, denying my victim rights under the Sunshine laws. This attempted closure of the cases without formal fair and impartial due process is the second attempt, the first attempt led to IA investigation and the reopening of the matters. This led to further investigation, whereby Spallina when brought into PBSO then admitted to PBSO detectives new crimes he personally had committed but had failed to notify them of in an earlier investigation he attended with a one, Kimberly Moran, Spallina's legal assistant and notary public who was arrested for forging six parties names on six documents and fraudulently notarizing them as well.

The initial IP court corruption involved the now Chief Judge of the Florida Supreme Court, Jorge Labarga, while at that time he was a civil circuit court judge in the 15th Judicial. I have filed complaints against Labarga in both civil cases and criminal complaints since that time alleging him to be the one of the central conspirators in the IP thefts. I continue to pursue Labarga and other parties in Florida, including members of The Florida Bar who participated in the IP crimes and the subsequent cover ups of those crimes. As can be seen by PBSO Detective Panzer's closing report, at the time he rushed to close the fraud case in the Estate and Trust matters for the second time with again a mass of uninvestigated crimes, I was simultaneously requesting him to add suspects regarding new crimes that were being committed in the Florida Courts, including but not limited to adding as suspects, Judges Martin Colin, David French and Jorge Labarga. I was also asking Panzer to contact Federal Investigators for multiple violations of Federal law that Panzer had evidence regarding and failed to report to them as he stated he would. Panzer failed to report them as did his predecessors Detective Miller and Detective Groover.

Again, the IP value has been estimated in the tens to hundreds of billions dollars and the law firm Proskauer who is alleged to have stolen them initially is also directly tied to the Madoff Ponzi (having had the most clients in Madoff) and directly implicated by the Federal Receiver and others of criminal acts in the Stanford Ponzi. Allegations against Proskauer include the fact that partners of the firm were derailing SEC complaints against both Madoff and Stanford and acting as central parties in these attorney money laundering schemes mislabeled as Ponzi's. Perhaps much of the monies claimed in these "Ponzis" to be lost is actually monies being laundered by the law firms for the IP royalties that Proskauer is making from the MPEGLA, LLC. patent pooling scheme they control that is the primary infringer of the IP owned by in part my father and me.

It is further alleged that the complained of parties herein have since misused the state and federal courts and prosecutorial offices to not only cover up for the past crimes but to further commit crimes against my family and retaliate against me, my family and others who are trying to help me expose the crimes and in attempting to cover up these crimes they have committed a litany of other new crimes to Obstruct Justice, Deny Due Process and Procedure and Deny Civil Rights and Property Rights. On the day my father died and only minutes after, my brother Ted began the process to file a formal PBSO complaint alleging my father was murdered by his girlfriend who was alleged to have poisoned him by Ted and others. Ted also began at the hospital in the minutes after my father died to have the Florida Medical Examiner conduct an autopsy to determine if foul play had been committed. Ted in a deposition for a Federal Court case he is in has claimed that he did not contact the Sheriff or Coroner on that day, despite the reports of both agencies confirming that he did. This Homicide case has never been properly docketed as a Homicide investigation or investigated properly as further shown herein and from review of the PBSO report.

In the new Florida Probate court proceedings that started shortly after my mother passed away, Judge Martin Colin stepped in to handle both my mother and father's cases and a conflict was initially brought to his attention as he publicly claimed that Jorge Labarga is his mentor⁷, "He finds a great camaraderie among the Judges in this Circuit and considers Judge Labarga to be his mentor." Colin despite this conflict proceeds to take over the Simon Bernstein probate action from Judge David French in 2012 improperly, while handling the Shirley Bernstein probate action from 2011 when it was filed. While Colin was the acting judge in Shirley's Estate, the estate was fraudulently closed by her deceased husband Simon at a time he was dead (through identity theft by Spallina and Ted Bernstein) and then the estate had to be reopened by Colin in the very first hearing due to the multiple frauds discovered and proven regarding her estate, including but not limited to, admitted fraud on the court by court appointed fiduciaries and counsel, Ted Bernstein, Robert Spallina and Donald Tescher.

The Shirley Estate remains open as of today and an accounting was required when it was reopened and as of this date has not been performed according to Florida Probate Rules and Statutes, Ted Bernstein and his new counsel Alan B. Rose, Esq. are now trying to re-close the estate again with the help of Judge John Phillips aiding and abetting and without performing the statutorily required accounting and this despite Judge Phillips and Colin being aware that Shirley's inventory presented to the court showed her total worth at death of \$25,000,00 where evidence shows much of her property was never inventoried before being transferred or stolen as

legally required, including a fully paid for Bentley and a wedding ring valued at approximately 250,000.00. In a recent hearing before Judge John Phillips, attorney at law Peter Feaman, Esq. tried to explain to Judge Phillips that Shirley's inventory appeared majorly flawed with what appear stolen properties but like with Judge Colin, Judge Phillips ignored the information that items appear stolen from Shirley's estate.

13 MR. FEAMAN: Not directly.

This quote shows clearly that despite being cognizant about fraud and theft of estate assets, Judge Phillips ignores the information from an established licensed Florida attorney at law and proceeds forward with an “even-up order.” The “even-up order” attempts to resolve stolen personal property and where Judge Phillips aids and abets the attempt to cover this crime up with his “even-up order” which is yet another VOID order obtained through Fraud on the Court and Fraud in the Court. The millions of dollars of properties that were alleged evened up for \$12,000.00 is a colossal theft and PBSO had a formal criminal complaint regarding the original theft, which remains open and wholly uninvestigated for years now. Had PBSO investigated the complaint the properties might have been saved and returned to the beneficiaries prior to the further court aided crimes to make the theft appear to have been accounted for and legal when they were clearly stolen and this will be the subject of one of the new criminal complaint soon to be filed.

Once the fraud on the court of Martin Colin was discovered and admitted to in court on the record in a September 13, 2013 hearing⁹ before Colin and Colin learned of two separate crimes constituting fraud on beneficiaries, interested parties and creditors and Fraud on the Court, HIS court, committed by different parties acting as Officers of the Court and fiduciaries he appointed, which consisted of six counts of forgery, six counts of fraudulent notarizations and the fraudulent use of my father Simon Bernstein’s identity, Post Mortem, to act as a Fiduciary to

RE: Internal Affairs Complaint & Public Office Corruption Case

Fraudulently close my mother's estate by submitting fraudulent documents to the court on his behalf as a fiduciary while he was dead, Colin failed to instantly remove all of the parties involved in the frauds and take any corrective actions regarding these parties. This despite the fact that Colin, on the record states to Ted Bernstein, Tescher and Spallina and their counsel Mark Manceri, Esq. that he had enough evidence of these two separate and distinct crimes to read them all their Miranda Rights¹⁰ but yet failed to ever do anything to them even to this date. Ted at the hearing alleged to act as the estate representative of Shirley and where factually at the time he was not yet appointed as PR by the court, as the estate of Shirley was closed fraudulently by his counsel Tescher and Spallina and Ted was not appointed until after the estate had to be reopened due to his counsels fraudulent acts.

Despite having proven fraud on his court committed by Ted, Spallina and Tescher, Colin failed to take any corrective actions whatsoever such as removing all parties involved in the fraud from any fiduciary and legal capacities in the cases but he did not do this and in fact allowed them to remain in the case for months as if the crimes meant nothing and allowed Ted to remain even after his counsel withdrew due to the fraud they admitted committing while retained by Ted that directly benefitted their client, business associate and bedfellow Ted. Of course, the first corrective action would have been Colin on his own motion complying with mandatory disqualification rules as required by Judicial Canons and law and disqualifying himself, as he was now at minimum a material and fact witness to the crimes that occurred in his court by his court appointed officers and fiduciaries and at worse he was a conspirator.

Had Colin taken this legally prudent and required step his court would have then been investigated impartially and properly according to the fraud policy of the court, those involved in the fraud would have all been removed and records secured from all parties, yet his failure instead causes every action of Martin Colin from that point of failure forward to become acts outside the color of law in effort to aid and abet fraud upon court and the true and proper beneficiaries. Every order, hearing and action of the court was fraudulent forward. The Court also has policies regarding fraud, see "Office of the State Courts Administrator - State Courts System Fraud Policy" <http://www.jud6.org/News/StateCourtsSystemFraudPolicy.pdf>, of which rules Colin was certainly aware of at the time the fraud was discovered. However, Colin still fails to comply with a single directive in the reporting of the fraud of his court appointed officers and necessary actions he was required to take like his disqualifying from the matters. Under Judicial Canons Colin is also required to report the misconduct of any lawyers and/or judges and again he not only failed to follow these rules but acted to cover up for the officers of his court instead.

Once Colin was aware that Spallina and Tescher and their employees were under investigation by the PBSO, Colin then directly interfered in the criminal investigations with the Palm Beach County Sheriff department to shut down their investigations claiming he would take care of the criminal misconduct in his court committed by the officers of his court. The investigation was shuttered and I had to have IA and the Captain Carol Gregg reinstate them^{11and12} and then instead of doing anything to rectify or regulate the fraud in his court, Colin began a carefully orchestrated fraud BY the court to further cover up the crimes and continue committing new crimes against my family to facilitate criminal conversions of estate and trust assets and simultaneously use the court as a weapon to retaliate against my family with those involved in the original crimes.

A short time after my mother's death, attorney Robert Spallina and his partner Donald Tescher notified Pamela Simon's attorney at law that she and her brother Ted were wholly disinherited with their children from both of my parents' estates and trusts¹³. It is believed that when one parent died their estate plans became irrevocable together but at this time no Original estate documents have been turned over by Tescher and/or Spallina to validate the authenticity of the copies provided, despite a court order issued by Colin after they resigned due to the frauds to produce ALL of their records¹⁴ upon their resignation¹⁵ after admitting they had fraudulently altered my mother Shirley's trust and disseminated it to me and my minor children's counsel Christine C. Yates, Esq. so as to obstruct justice and commit fraud to make it appear that fraudulent dispositions of trust assets already made by Ted and his counsel Spallina and Tescher to improper parties, including Ted and Pam's families were legal by changing the beneficiaries with scienter.

Due to this unapproved by Simon revealing of this highly sensitive and private information that my mother and father had disinherited Ted, Pam and their children by his attorney Spallina to my sister Pam's counsel who then relayed that information to Pam who conveyed the information to my brother Ted, my father was suddenly faced with the wrath of his two children and their four grandchildren who then isolated my father demanding he make changes to the estate plans or never see them again. Ted and Pam spurred on by Spallina's unauthorized disclosure then began what appears a coordinated effort to force my father to attempt to make changes in his and my mother's estate and trust plans to include them back in. My mother's trust however was factually irrevocable upon her death and in no way could beneficiaries be changed, with only three beneficiaries, my sister Jill, sister Lisa and myself and our lineal descendants through the Eliot Bernstein Family Trust, the Jill Iantoni Family Trust and the Lisa Friedstein Family Trust. Ted and Pam and their lineal descendants are considered predeceased for all purposes of the Shirley Trust and all dispositions of the trust in Simon's trust the language reads that they are considered predeceased "for all purposes" of that trust.

Ted and Pam then attempted to have all Simon's children participate in this abusive isolation of my father but not under the auspice that they were disinherited, in fact concealing this fact from me and instead claimed that my father needed to be isolated because my father was first, according to their stories, sleeping with my deceased mother's personal assistant, Rachel Walker and then his companion Maritza Puccio. They alleged these women (Rachel in her 20's and Maritza in her 40's) were gold diggers and were going to steal his assets despite either of them being named in the estate plans. None of my siblings saw my father frequently and I was the only one after my mother died that was with him, Rachel and Maritza weekly, as we met every Sunday for brunch and once or twice a week for dinner or other events with the kids. Immediately after my father died Ted, Pam and Rachel would go on to claim that Puccio poisoned and murdered my father and contacted the Sheriff's department to begin an investigation¹⁶ and then contacted the Palm Beach County Medical Examiner's Office to begin an autopsy¹⁷ this happened only minutes after my father was pronounced dead and investigators from PBSO were at our home by noon on the day my father died responding to a Homicide called in by Ted alleging that his father had possibly been murdered by Puccio.

Of five children and 10 natural grandchildren, only me, my wife Candice and my three children did not and would not participate in isolating and abusing my father to try and force him allegedly to stop seeing his companion Puccio or Walker. When asked by Ted's children to join in isolating my father claiming we were enabling him by seeing him with these "whores" and we found it to be cruel and unusual elder abuse and told them so. My father devastated by the loss of my mother whom he loved til his dying day, also lost 4 children and 7 grandchildren when Ted and Pam discovered their lot from Spallina and so began their assault. They recruited my younger siblings and their children into the ploy who also did not appear to know that Ted and Pam were disinherited. Jill and Lisa boycotted my father with their children over the fact that he was dating Puccio and they thought that she and Rachel would somehow rob my father.

When approaching my father about why my brother Ted would not attend a Passover dinner at my home he told me to contact Ted to find out what was going on and I did. Ted responded that his family, other than his wife and children were considered dead to him and he would not participate in our family, other than for certain functions.¹⁸ At that time I had no idea Ted and Pam had learned without any authorization from my father from Tescher and Spallina that they were cut out and disinherited of both parents' estate plans with their children and so it seemed bizarre that Ted would consider his father dead over something as trite as his companion. I tried to bridge the problems between my father and Ted, Pam and their children but to no avail but which did lead to my father holding a meeting several weeks later to discuss possible ways to end the abuse.

On or about May 10, 2013 a teleconference meeting was had with Simon and his estate planners Tescher and Spallina, whom Ted had introduced my father and mother to as he was doing business with them on or about 2006, and my four other siblings and their spouses were all also in attendance via phone. At this meeting it was learned that my father was considering making changes to the estate plans if it was possible and if me and my two sisters would agree as we were the only beneficiaries who would be asked to forfeit our inheritances to our children, in order to try and get benefits to Ted and Pam's children to resolve the problems that were being caused and causing him tremendous stress in exchange for their ending their isolation of him and his girlfriend Puccio.

If Simon was willing to concede to these changes, Ted, Pam, Lisa and Jill would cease their war with their children against Simon and his girlfriend Puccio. This warfare between Ted and Pam was causing Simon tremendous psychological and physiological problems as he had not

seen his grandchildren in months and he was already devastated by the loss of my mother whose grave he visited every day until the day he died. Simon was in therapy for these reasons of his children abusing him at the time and until his death and he was wholly depressed and physically exhausted from the abuses.

Shortly before the May 10 2012 meeting my father called me to inform me that a meeting was going to be taking place regarding the estate plans and he wanted me to record the meeting and was concerned at why I had not received any information on the estate and trusts of my mother by his estate planners Tescher and Spallina since the time of my mother's passing, as I was a one-third beneficiary of her trusts and one-fifth beneficiary of her estate and should have received documents over a year earlier. My father told me the meeting was to consider making some changes his attorneys Tescher and Spallina and kids were pressuring him to make in order to end problems with his other children causing him stress. My father assured me that nothing would be done until I had all the information of my inheritance and what I would be asked to give up and what I was being asked to agree to knowing all the facts and that either way my children and my family would be provided for and get approximately 30%. If I was to choose to have my kids inherit I would still maintain control over the trust corpuses and use it to maintain our living expenses etc. paying them off the interest alone. He later explained that when my mother died my two sisters and I were irrevocably the beneficiaries of both he and my mother's estates and trusts. He told me to make sure that whatever I did in the meeting on May 10, 2012 I was to demand from Tescher and Spallina that all documents that were due me and my family as beneficiaries of the estate and trusts be turned over to me by Tescher and Spallina for my review before agreeing to anything.

The meeting was held and my father stated he was considering making changes to the estate plans to try and attempt to include Ted and Pam's children but only if Eliot, Lisa and Jill, the beneficiaries of he and my mother's plan would agree to make the grandchildren beneficiaries and skip over all of his children. In other words he asked if Eliot, Jill and Lisa the only benefactors of the trusts would be so kind as to redistribute their inheritances to include Ted and Pam's children only, with their own, yet still excluding Ted and Pam, whose children instead would receive the benefits directly as adults. Ted and Pam wanted back in according to Spallina because the family businesses worth millions of dollars they had already inherited as their fair share of the estates and trusts, businesses worth tens of millions of dollars were now not doing so well under their leadership. It was explained at the meeting that without such changes the isolation of my father from his other grandchildren and other children would continue and their war against Puccio would not stop but these changes if agreed to by me and my two sisters would stop the assault on my father. Ted and Pam agreed this would end the torment of both Simon and Maritza by the family.

However, the assault on both my father and his companion Puccio did not stop until the day Simon died, as Simon never made the changes to either he or my mother's plans and could not legally make the changes that he and my mother had written in stone and he was not going to be bullied by his children or grandchildren. Months passed and the feud continued and in fact heated up, not only did he continue seeing Puccio and not make changes to the estate plans but when things got so out of hand, several weeks before his passing, he up and left his offices shared with Ted to start a new business with his personal assistant Diana Banks husband Scott Banks in a new line of business. My father recruited me and my wife Candice to work with his new venture and upon meeting him at Scott and his new offices, he was physically dilapidated, his feet were swollen and he was complaining about severe headaches and claimed that he feared my brother Ted. He stated my brother may have stolen money from one of his closest friends and former employee, William Stansbury and that he may have also stolen money from him and he had to get away from Ted. William Stansbury subsequently sued both my father and Ted and their businesses and while alleging that Ted committed the bad faith acts, sued them together as it was their businesses. When Simon died Stansbury sued the Estates and Trusts of both my mother and father. Mr. Stansbury in fact was so close with Simon that Simon had named him Personal Representative and Trustee of his and Shirley's estates and trusts in the estate plans he consecrated with my mother in 2008.

Knowing my father was suffering tremendously physically and emotionally from this assault when asked at the meeting if I would agree to this idea to give my inheritance to the grandchildren I stated I would agree to anything my father decided to do but that first I would need to see ALL documents due to me as beneficiary, as my father had directed me to do and before I could waive any rights or make any changes I would need to have it legally reviewed. Spallina and Tescher agreed and stated the documents would be forthcoming. Within a few days I received one document from Tescher and Spallina, a three part document titled "Waiver of Accounting and Portions of Petition For Discharge; Waiver of Service of Petition for Discharge; and **Receipt of Beneficiary** and Consent to Discharge" for my mother's estate. I promptly returned a signed copy worrying that any delay could cause my father to have further medical complications but **stated on the form in a handwritten disclaimer** and in an email containing a copy of the form without the handwritten message, "Hi Robert ~ attached is the Waiver of Accounting and Portions of Petition For Discharge; Waiver of Service of Petition for Discharge; and Receipt of Beneficiary and Consent to Discharge. As I mentioned in the phone call, I have not seen any of the underlying estate documents or my mother's will at this point, yet I sign this document after our family call so that my father can be released of his duties as Personal Representative and put whatever matters that were causing him stress to rest. For my trustees I

RE: Internal Affairs Complaint & Public Office Corruption Case

would like the following individuals in the following order to be trustees...¹⁹” Spallina and Tescher knew as well that many of the underlying claims being made in the Waiver could not in good faith be signed by me as true, as they were not true as I had none of documents or information the form claimed I had and thus could not consent to discharge or declare receipt in good faith, as I had no estate accountings, knowledge of my inheritance, legal fees or bills, etc. as the form claims. Thus, I was merely signing the document until they sent over the documents in order to have my father’s stress instantly cease and put an end to the suffering he was in with his four other children and seven grandchildren before it killed him and in good faith that Spallina and Tescher would be forthcoming with the documentation. I could not sign the document and attest to the statements contained therein truthfully without the supporting documents for the document states that I was aware of my inheritance and rights and had accountings and accountings of fees, which I still had not received to this day although legally due them when my mother died on December 08, 2010 and 60 days after her estate was reopened due to fraud.

Months passed after the document was signed and when I asked my father what had happened as the anger and rage of my brother and sister and their children did not stop after the May meeting and no further documents had been forthcoming by Tescher and Spallina, he stated that the estate plans could not be changed legally and that he and my mother had made those plans together and would not be changed despite the pressures put on him by Ted, Pam, Lisa and Jill and their children. To me personally the plan did not affect me much if it had been put in place, as my family in either scenario inherited roughly thirty percent of the entire corpus of the trusts and one-fifth the value of the estates and I was to manage my family’s inheritance to sustain us as my father and mother had been since 2006 due to our intense situation caused by the attempted murder of my family when our car was bombed and the interest from the principal was to provide for us for many years to come through the Eliot Bernstein Family Trust, the beneficiary of our inheritance in both Simon and Shirley’s Trusts and any Amended Trusts.

My father, when discussing my inheritance situation with me had already informed me that due to the situation I was in, involving our Intellectual Properties, my RICO and ANTITRUST lawsuit in the Federal Courts and my ongoing state and federal criminal investigations I filed against primarily attorneys and judges that were involved in the alleged

The original Waiver that I signed and sent by US Mail to Spallina and Tescher with my hand written note on it is missing from the Court ordered production, again ALL ORIGINAL DOCUMENTS of my father and mother’s remain missing as Tescher and Spallina failed to turn any of them over despite the Court order to turn them over. All documents produced therefore are copies and at this time cannot be verified against originals to authenticate them.

theft of our Intellectual Properties (worth estimated Trillion dollars +) that to protect my family from retaliation against me, all the assets I was to inherit, several million dollars, including money he owed me of approximately 6 Million dollars for my interest in the family businesses that Pam took as her inheritance, were going to be put in my children's names through an LLC he created for my family only in 2008. Most of the inheritance was to be wrapped in trusts, the Eliot Bernstein Family Trust and trusts for the children that were also pre-funded, including trusts to take care of them through Post Graduate College. My father and mother designed all this so that the defendants in my lawsuits who are trying to kill my family could not get through to me personally financially. I would be in control of the monies to use for our family expenses and to keep my family financially sound until the war for the IP was over while protecting the assets by skipping me directly in regard to certain assets, see the Eliot Bernstein Family Trust²⁰. So the change to beneficiaries that was proposed was not a big deal to me whichever way my father wanted to go, as it was set up this way prior to any changes in certain regards.

The problem with the COPIES of the dispositive documents that were later produced by Tescher and Spallina is not the beneficiary changes but rather the alleged insertion of Ted, Tescher and Spallina as fiduciaries, where the language in the documents specifically excludes Ted from any dispositions of the trusts and for all purposes of the trusts and thus Ted's insertion as a fiduciary reeks of further fraudulent activity. Even if Ted were a named Trustee in the documents (in Simon he is not) Ted would be unable to make dispositions of the trust and that would preclude him from buying or selling assets and more. In Simon's trust he is predeceased for ALL purposes of the trust in the original trust and the alleged amended trust a COPY was produced of.

The 2012 alleged Amended Trust for my father and new Will done allegedly 48 days prior to his death by Tescher and Spallina and Moran et al. appears again to be improperly notarized and again the originals have never been produced and Ted Bernstein and his counsel Alan Rose claim never to have seen them or demanded them from Tescher and Spallina when they resigned and elected Ted as their successor. The documents originals were ordered to be produced when Spallina and Tescher resigned after admitting they committed fraud through their law firm on estate and trust documents in my mother and father's estate plans. Special note should be given that when Tescher and Spallina resigned amidst their admission of fraud and despite that the very language in the document they authored precludes Ted from acting as a successor trustee and the fact that the language clearly states Ted is considered dead for all purposes the trust, they transferred Trusteeship to Ted as their final act. This was to keep the conspiracy continuing to protect Tescher and Spallina, Ted's close personal friends and counsel.

²⁰ Eliot Bernstein Family Trust

Unbelievable but true and Colin allowed the frauds to continue through this wholly improper transfer of trusteeship and despite Florida Statutes that a new trustee must get accountings from trustees and produce a new accounting within 60 days, these statutes were ignored by Colin. Ted continued the pattern and practice of refusing to comply with production requests for documents owed beneficiaries and accountings thus insulating Tescher and Spallina from beneficiaries and despite a court order that Tescher and Spallina turn over ALL records, Ted acting as alleged Trustee now in Shirley and Simon never forced them to turn over the ORIGINAL documents of which Ted and his counsel Alan Rose claim to not possess or ever have seen and Ted never demanded a final accounting as the court had ordered.

Keep in mind that prior to their deaths my father and mother were panicked over the fact that my family minivan was blown up and was being investigated for several years and other attacks on my family had begun in retaliation for my whistleblowing and criminal complaints filed against the attorneys, judges and others who were involved in the Intellectual Property thefts. These civil and criminal complaints over the IP and the subsequent interference with due process rights in both the civil and criminal cases by the accused judges and attorneys was just heating up with me testifying before the NY Senate Judiciary Committee²¹ about public office corruption in the courts to derail my legal rights to my IP and derail my RICO and ANTITRUST case that was legally related to a Whistleblower case of Christine C. Anderson, Esq. in New York under federal judge Hon. Shira A. Scheindlin, Further news reports were exposing that Anderson and the related cases were being targeted by members of the New York Attorney Regulatory system and they illegally wiretapped and put 24/7/365 surveillance on their targets, achieving this according to the published stories by misuse of Joint Terrorism Task Force funds and resources. Massive retaliation by the Ethics Department heads against the victims who were trying to expose the judges and attorneys and the whistleblowers like Anderson who were doing their jobs and reporting the misconduct. Anderson's case was then intentionally and fraudulently interfered with it appears by members of the New York Supreme Court First Department Departmental Disciplinary Committee to deny her and the related cases due process rights and other civil rights. These cases and the public office corruptions they expose remain in Federal prosecutors hands under investigation by Preet Bharara's office.

My father was doing everything he could to fund my efforts to pursue the rights to our technologies and protect my family. Before Wayne Huizenga invested in the IP providing the seed capital, my father was my original start up partner who owned 30% of the IP and companies formed around it with me owning 70% for an approximate \$200k investment he made while the company was in our breakfast nook. On or about 2000 Proskauer Rose law firm, who did the IP work and corporate work for the IP companies then did estate plans for my father and me due to the fact that the stock in the companies and IP values were quickly being ramped up with some estimates they would soar in the hundreds of billions for the IP (as it is now responsible for over 90% of digital bandwidth transmissions) and with investors pouring in the value was already at \$250 Million at the time a massive fraud was discovered involving attorneys stealing the IP. Huizenga's initial seed was taken at a \$10M valuation and the companies were already poised with Wachovia and Goldman Sachs to go public with a company that would rival Microsoft with the "holy grail" technologies of the digital imaging and video markets that they have since become. Major contracts were signed with Real 3D, Inc. (owned 70% Lockheed, 10% Intel and 20% SGI), AOLTW/Warner Bros., Sony and many more and the company had a private placement being shopped. Overnight things changed when Warner / Bros. investors and partners in the company discovered that information regarding an Involuntary Bankruptcy and Lawsuit between the company Iviewit and its patent counsel Proskauer (the lawsuit with Jorge Labarga sitting as judge) had not been disclosed to investors and parties including management, board directors and shareholders by the lawyers involved and Brian Utley (who was brought in by Proskauer to run the companies) who were involved in these legal matters. Instead Proskauer and Utley were telling investors exactly what was in the Private Placement Memorandum that the company had no lawsuits or bankruptcies as auditors also were not informed of any lawsuit or bankruptcies that were active. Upon finding out that the legal actions were in fact real, upon investigation we also learned from Warner Bros. executives that the Intellectual Properties / Patents that Utley and Proskauer delivered to them were not the patents on file at the US Patent Office.

Overnight and every night since discovering these frauds our IP counsel and those they involved have been at war with my family in efforts to interfere with any civil and criminal redress sought and have taken active steps, outlined in numerous state and federal complaints to harm myself, my family and friends. Investigations have led to the suspension of my IP by the US Patent Office, personally handled initially by Harry I. Moatz, Director of the Office of Enrollment & Discipline for the US Patent Office which regulates the Federal Patent Bar members, who advised me to seek suspension of my IP due to FRAUD ON THE US PATENT OFFICE by its registered patent attorneys who had applied fraudulently on applications for IP and more.

It was also learned later that the lawsuit filed by Proskauer was against fraudulent shell companies named identical to my companies and it was those companies that were in the billing lawsuit before Jorge Labarga when he was a 15th Civil Circuit Judge and where the billing lawsuit case is alleged to have been thrown through a sophisticated fraud on the court orchestrated by Colin's mentor Labarga to disable my companies legal counsel and leave the companies unrepresented and entering a default judgement when counsel could not be timely found.

My father and mother were also concerned that if I did not win the fight with these lawyers and others who stole the IP they would kill my family as death threats were levied by a one Brian G. Utley against me and my family when we discovered a fraudulent set of patents with his name on them as an inventor, which he was not, who claimed that if we exposed the IP thefts he was involved with, along with his attorney friends from Proskauer Rose and Foley & Lardner who were direct parties to the crimes that they would kill me and my family. Utley further stated I should watch my wife and children in FL back in Florida while I was busy setting up the Los Angeles office. These threats caused me to flee Florida with my wife and children for the first time, overnight with our children and leaving my mother devastated while she was sick. The decision to move my wife and children was made by my father and several of the board members and investors in the IP companies after learning of the fraudulent activity and threats. The second time we fled Florida back to California was after the car bombing, which was on our way to expose the IP cover up crimes of the Florida and NY courts to the United States Supreme Court, including representing the companies Pro Se in the Labarga lawsuit.

It should also be noted that millions of dollars are owed to me for the family businesses Pam acquired from my father when he became ill and that I helped build for 20 years that Pam took over in a deal gone wrong with my father. Upon buying out the company Pam and her husband David Simon failed to live up to our signed business agreement to pay me and others who I brought in as sales agents nationwide our agreed on commissions, including for my contacts who raised the companies hundreds of millions dollars in premium financing with leading international banks and where my group was one of the largest sales producers nationwide for my father's companies. Pam and her husband not only failed to honor my contract but also burned my father and mother on the transfer of the business by failing to pay my father his non-compete contract worth millions of dollars.

When confronted by my father and mother over the breach of my father's contract and failure to pay my father under it, Pam and her husband David told my mother and father to sue them if they wanted to collect the millions of dollars the contract was worth. With that comment, my sister, her husband and their lineal descendants were cut out of my parents lives for the most part as of that day and were disinherited entirely in the Will and Trust done in

approximately 2000 by Proskauer Rose law firm. Pam was never considered to be put back in by either of my parents and Pam and her husband and her child were from then on considered predeceased with my parents financially and for the most part personally and they were only seen once or twice every few years for special occasions and the bad blood remained until my parents deaths. Pam's daughter was used as leverage against my parents who did not take to that well and they did not see her much from that point on.

I left working at the family business when Pam and her husband took over the business, as my father and mother urged me to pursue other ventures and my father went in business in his own sales agency apart from Pam and the companies he built. I moved on to working in sales for Rock-It Cargo USA and began world travel in pursuit of clients for them, however, when I requested Pam pay the monies owed to me Pam and her husband then sued me for trying to collect the monies owed to me by notifying my clients, the banks and the insurance carriers of their breach of contract with me and my father and the millions in liabilities this could cause to the clients and the companies involved. My father encouraged my filing a counter complaint against Pam and her husband as he was very distraught at the time with both of them over the failed buyout they arranged as they not only reneged on their contract with me which included a 1/2pt lifetime commission on all business written by the businesses, still in effect to this date, as this was in essence my stock for my efforts for the 20 years I worked selling for my father.²² When it came time for trial my sister Pam urged my mother to force me to drop my counter complaint and my father, due to my mother's ailing health at that time asked that I drop my claims at the time for my mother's health and that it would be my father who would pay me the monies owed for my service, approximately six million dollars at that time and that he would hold them for me safely as part of his assets and leave them to me through his estate plans if he died where the monies would be left to my family as part of our inheritancy as compensation for my years of service and payment of the value of the contract.

Then came the Intellectual Property inventions and with that my father and I secured IP protections and formed a series of companies, operating and holding companies, to handle various applications of the technologies and the licensing of such technologies. When the proverbial "shit hit the fan" it became apparent that my life and my families were in danger and they have been ever since and why protections and whistleblower protections are being sought herein and in other federal and state actions both civilly and criminally. Due to the extraneous and dangerous circumstances my family was put in by pursuing the Intellectual Property thefts, my father and mother set up a special company for family and my children only, Bernstein

Family Realty LLC²³ and bought a home through it and the LLC was owned by my children through trusts set up in 2006. The LLC then paid all expenses and income for our family, which was wrapped in three trusts my minor children are beneficiaries of and that owned the LLC equally. This kept income and expenses at \$0.00 for my family and everything was paid for through this LLC, including fully paid private schools and fully funded college programs for 6 years per child and left any creditors against me with virtually nothing to attach.

The expenses for the family ran ten to twenty thousand per month and these expenses were paid through the LLC and gifts made to them by my parents, all made after taxes to our family. Due to the car bombing and RICO lawsuit being published and known worldwide and my virtual 20 hours a day work to protect my family and my IP rights in court for the last 15 years, my ability to seek gainful employment was minimal and my wife as well, as not many people hire parties involved in a massive legal RICO and who have had bombs planted in their cars, with investigations that remain ongoing and corruption stalled. This funding arrangement to protect my family began in 2006 and was designed to protect my family's income and assets while my parents were alive and then after they deceased the inheritances were to flow into the Eliot Bernstein Family Trust and other trusts set up for my children which were funded and filed already prior to my parents deaths. Other entities and trusts were formed, including but not limited to, Bernstein Family Investments and Bernstein Family Holdings²⁴, which were set up to be held under the beneficiaries trusts and these trusts also provided for continuity of funds to my family upon my parents deaths even if the estates and trusts were held up for any reasons under probate. Tescher, Spallina, Rose and Ted have worked endlessly to defeat these plans set up by my parents while at the same time stealing off with all the assets.

Unlike Pam who had been disinherited since 2000, Ted was not disinherited until the 2008 plans his business associates and friends Tescher and Spallina did for my parents and where he and Pam were both cut out in these plans and Ted was disinherited because he took family businesses worth millions but for other reasons as well, including his involvement with the accused parties in the IP thefts, including Gerald Lewin, Albert Gortz, Esq. and others. Ted and Pam had already taken businesses worth millions each as their share of the family wealth in advance of my parents deaths worth millions of dollars and now they were asking their siblings who did not take anything close to these amounts in inheritance to cut them back in and give their children shares or else they would not stop the torment to our father. Ted and Pam offered

nothing in return for this like putting back into the estates the interests in the businesses they took and still held as part of their inheritances in return.

Further, Ted and Pam, while attempting to force Simon to put them back into the trusts, which he could not legally do, instead in the changes he was considering Simon still considered them predeceased and considered only giving any monies to their children directly who were all adults at the time and thus excluding Ted and Pam again. This further appears to have enraged Ted and Pam and fights were raging according to several parties until the time of Simon's death with Ted and Spallina trying to force him to make the changes, as the way it stood Ted and Pam would still receive nothing even if changes were made. Eliot, Jill and Lisa all had minor children and their trusts (the Eliot, Jill and Lisa Family Trusts) provided for them and their children for many years to come and through their children's childhoods and early adult lives.

On the day my father died, September 13, 2012 I still had not received any information or documents regarding my inheritance of my mother's trusts and estate from my father's attorneys Tescher and Spallina. No old documents due beneficiaries in Shirley's estate and trusts had ever been sent over in the five months prior to my father's death since the May 2012 meeting despite their being due to beneficiaries within 60 days of her death and no new documents with any changes to Simon and/or Shirley's estate and trust plans were ever sent to any party, nor were any confirmations that any changes had taken place been made to any party by my father or his attorneys. Most telling was the combative nature of their relationship with their father until his dying day, with Simon fleeing his offices in fear of Ted to work with his assistant's husband only weeks before his death, in fear of Ted and his attorneys.

Immediately upon my father's death my brother claimed that **according now to his attorneys**, Tescher and Spallina that he was the Successor PR and Trustee for my mother's estate and trusts as he was oldest living child and that Spallina and Tescher were Co-Trustees and Co-Personal Representatives of my father's estates and trusts. When asked to review the Wills and Trusts of both of my parents Ted, Tescher and Spallina refused to tender any documents to my family and stated they were not going to be giving me documents despite probate rules and statutes requiring them to legally do so. I immediately protested with them and they became increasingly belligerent and I was eventually forced to retain legal counsel, Christine C. Yates, Esq. of Tripp Scott law firm in Ft. Lauderdale to attempt to secure the documents.

On the day my father died, my brother Ted contacted Palm Beach County Sheriff deputies²⁵ and the Palm Beach County Medical Examiner²⁶ to report what he claimed was a

²⁵ 20120913 Simon Bernstein Alleged Murder Palm Beach County Sheriff Report ordered by Ted Bernstein, MISFILED as a hospital maintenance record check, NOT AN ALLEGED MURDER!

RE: Internal Affairs Complaint & Public Office Corruption Case

possible poisoning of my father by his girlfriend Maritza Puccio and opened a formal criminal complaint and ordered an autopsy. He had made these claims to hospital staff as my father lay dying and someone told the hospital the night before he died that he was being poisoned by Puccio and she was removed from his room as he died and security and/or the Police were contacted. At the very same time, Rachel Walker had left the hospital and returned to Simon's home and removed a large parcel of estate documents at the moment Simon died and then brought those documents to Ted Bernstein at the hospital.

The sheriff showed up at my father's home the day my father died and interviewed family members and Rachel Walker who claimed that Simon's medicines were being switched on him and he was being given pills by Puccio that were not the pills he thought he was taking or poisoned ones. Again, these claims were started at the hospital by my brother, sisters and Rachel Walker as my father, who had just been cleared by the attending physician and heart specialist of not having any heart problems or heart attacks that day and the family was told he could have West Nile Virus or some other unknown disease and told to go home and that he was stable and would be starting tests for viruses, etc. the next morning. After visiting hours, at approximately 9pm my wife and I returned home and were woken only hours later by the hospital informing us that my father was in a "Code Blue" and being revived and we should immediately come to the hospital.

We arrived approximately 10 minutes later to find that Puccio who had stayed with Simon that night was now in the lobby crying and claiming my father was dying and they threw her out of the room after a phone call claiming she was poisoning him. On information and belief, my brother and Walker then made threats to her when they got to the hospital that she better leave my father's home where she was living by the time they got over there or else. When arriving at the cardiac care unit my wife and I were initially prohibited by the nurse from entering the ICU as she stated that someone had called in and claimed that Simon was being poisoned and that security and/or the PD were on their way and nobody could go in until they arrived. Finally, after several minutes where I could hear them working on my father we were allowed in and my father appeared dead at that time despite the continued efforts to revive him over the next hour, he never said a word from the time I arrived until he was pronounced dead. My siblings, Ted, Lisa and Jill and Walker arrived later and wanted me to instantly cease any revival efforts that the hospital staff was making as my father had placed me in charge of his medical decisions earlier the day before. I would not give that order while efforts were

RE: Internal Affairs Complaint & Public Office Corruption Case

underway to revive him until the Dr. finally pronounced him dead officially about a ½ hr-1hr later, my refusal was due to the fact that we did not know at this moment if his seizures were from a something as obscure as West Nile and certainly this was not the same as someone who is on life support and the plug is finally pulled in compassion. So bizarre was their behavior that my sisters were asked to leave the room and to stop wishing him to join my mother.

Immediately after my father died Ted sent me and my wife Candice to go to my father's house as he was convinced that Maritza had left the hospital and was robbing the home. When we got to the home Maritza was crying and frightened and packing as much of her belongings as she could to leave. She expressed fear that Ted would harm her and so she left despite it being her residency at the time and left much of her possessions in the home. She later had to have the Sheriff show up at the home to have Ted's wife give her back her belongings.

Over the next months, Spallina, Tescher and Ted dodged and refused requests for documents to prove that they were the Personal Representatives and Trustees of the estates and trusts and finally after being forced to hire a law firm to obtain the legally required documents for beneficiaries and after several letters from Yates at Tripp Scott law firm, they finally complied and produced records owed to my family, yet they sent over only partial documentation months after being statutorily required in my father's case and years after in my mother's case to produce them. It was learned at about that time that some of the documents tendered to close my mother's estate appeared to have been fraudulently notarized and forged for six parties on six documents, including a post mortem fraudulently notarized and forged document for my father and one forged and fraudulently notarized for myself. I filed complaints with the Governor Rick Scott's Notary Public Division as the notarizations appeared fraudulent and their office determined that fraudulent notarizations had occurred after investigating the notary Public, a one Kimberly Moran, legal assistant and notary for the law firm Tescher & Spallina, PA. After determining that fraud appeared the Governor Rick Scott's notary division referred the case to Palm Beach County Sheriff for criminal prosecution against Moran. I had also filed a complaint against Spallina, Tescher, Ted, Manceri and others with the Palm Beach County Sheriff for a multiplicity of crimes that were being discovered at that time in both the estates and trusts of my parents.

Kimberly Moran admitted to the Governor's office to fraudulently notarizing the documents and concealed the fact that she had forged the documents instead claiming to have just added a notary stamp to the un-notarized documents. Later when investigated by PBSO Moran told a different story to the Palm Beach Sheriff detectives where she now admitted to not only fraudulently notarizing the documents but actually forging six parties signatures and creating the documents from whole cloth that the law firm Tescher & Spallina PA then submitted to the 15th Judicial Probate Court in my mother's estate, adding an additional crime that was

unprosecuted of FRAUD ON THE COURT. In fact, the Moran documents were deposited by my deceased father acting as the PR of the Estate at a time after he was dead through another FRAUD ON THE COURT committed by Spallina who failed to notify the court that my father was dead and failed to elect a successor PR after his death to properly close the estate legally.

Note that no successor had been appointed by the Court after my father's death, despite my brother's claim that he was successor PR. The illegal closing of the estate again occurring while my brother was alleged Personal Representative and the fraudulent papers were submitted by his counsel Tescher and Spallina. The reason they needed Simon to close Shirley's estate while acting as the PR while he was technically dead was to make it appear that he had made changes to her estate plans and trust prior to his death as the alleged changes could not be made after he was dead. Truthfully, the alleged changes to Shirley's Estate and Trust, as Spallina told PBSO detectives could be Eliot, Lisa and Jill (but later claims a different story in a December 15, 2015 hearing before Judge Phillips) once she had passed away and the trust became IRREVOCABLE. So that no matter what Simon wanted to do with Shirley's trust beneficiaries once she was dead he could neither add nor subtract any.

Ted, prior to Judge Colin appointing him PR in October of 2013 and granting him Letters (which seems bizarre after threatening Ted and his counsel in the first hearing of having enough evidence to read them Miranda warnings) was acting illegally as PR prior to court appointment in order to dispose of real property in Shirley's Trust, despite language in that trust that clearly prohibits Ted from making any dispositions of the trust and thereby converting illegally the properties to knowingly improper parties were both dispositions, including distributions to his own family. In fact, one of the forms he completed for taxes on the sale of Shirley's Condominium he signed as PR prior to actually having been appointed and at a time after the estate was closed illegally by Tescher and Spallina acting as Ted's counsel and so there was technically at that time with no PR as Simon was the last PR prior to closing Shirley's estate through a complex fraud involving fraudulent and forged documents.

These documents were used along with other fraudulently posited documents with the 15th Judicial over a several month period to illegally and improperly close the Estate of my mother, whereby Spallina admitted in a December 15, 2015²⁷ hearing before Judge Phillips to depositing a series of documents using my deceased father's identity at a time after his death to act as the PR of the Estate and close it and Spallina stating on the record that he had failed to report these crimes to anyone as of the date of the hearing. Judge John Phillips has aided and abetted the cover up of these crimes admitted by Spallina and failed to report him as judicially

required and legally has committed Misprision of a Felony is so covering up Spallina's confessions in his courtroom.

In a September 13, 2013 hearing²⁸ before Judge Colin, upon admitting to the fraud of Moran and the fraud of Tescher and Spallina positing documents illegally with the court to close my mother's estate with my dad as PR at a time months after he was dead, Judge Colin stated to Ted, Spallina, Tescher and Manceri twice that he had enough evidence at that time to read them all their Miranda warnings for two separate and distinct crimes, one for creating and depositing the fraudulent documents with court by Moran et al. and the second for closing the estate with a dead person and filing fraudulent documents for several months using my father's identity fraudulently to do so. Spallina when questioned by Colin and then the PBSO in 2013 claimed that he knew of no other crimes than Moran's fraud and forgeries, yet it was learned months later by a confession of Spallina to PBSO detectives on or about January 2014 that at the time he stated he knew of no other crimes committed in the September 2013 hearing, he knew at that time that he had personally forged and fraudulently created a fraudulent trust for my mother and sent it to my minor children's counsel in January 2013 as part of yet another elaborate fraud. Again, more perjury and fraud on the court and PBSO that has remained unprosecuted.

While it took several months to appear before the court of Judge Martin Colin initially due to repeated dismissals of the petition on minor Pro Se filing technicalities by Colin, when it finally did get heard one year to the date after my father's death on September 13, 2013, Judge Colin concluded during the initial hearing that he had enough evidence to read Donald Tescher, Robert Spallina, Ted Bernstein and Mark Manceri all their Miranda rights for two separate and distinct frauds on the court and fraud on the beneficiaries that were proven and admitted to by Spallina and Manceri that day. From that hearing transcript:

“8 As a result of his passing, and in attempt
9 to reopen the estate we're looking to have the
10 estate reopened. So nobody has letters right
11 now, Judge. The estate was closed.
12 THE COURT: So you agree that in Shirley's
13 estate it was closed January of this year,
14 there was an order of discharge, I see that.
15 Is that true?
16 MR. ELIOT BERNSTEIN: I don't know.
17 THE COURT: Do you know that that's true?”

18 MR. ELIOT BERNSTEIN: Yes, I believe.

19 THE COURT: So final disposition and the

20 order got entered that Simon, your father --

21 MR. ELIOT BERNSTEIN: Yes, sir.

22 THE COURT: -- he came to court and said I

23 want to be discharged, my wife's estate is

24 closed and fully administered.

25 MR. ELIOT BERNSTEIN: No. I think it

00025

1 happened after --

2 THE COURT: No, I'm looking at it.

3 MR. ELIOT BERNSTEIN: What date did that

4 happen?

5 THE COURT: January 3, 2013.

6 MR. ELIOT BERNSTEIN: He was dead.

Page 14

7 MR. MANCERI: That's when the order was

8 signed, yes, your Honor.

9 THE COURT: He filed it, physically came

10 to court.

11 MR. ELIOT BERNSTEIN: Oh.

12 THE COURT: So let me see when he actually

13 filed it and signed the paperwork. November.

14 What date did your dad die?

15 MR. ELIOT BERNSTEIN: September. It's

16 hard to get through. He does a lot of things

17 when he's dead.

18 THE COURT: I have all of these waivers by

19 Simon in November. He tells me Simon was dead

20 at the time.

21 MR. MANCERI: Simon was dead at the time,

22 your Honor. The waivers that you're talking

23 about are waivers from the beneficiaries, I

24 believe.

25 THE COURT: No, it's waivers of

00026

1 accountings.

2 MR. MANCERI: Right, by the beneficiaries.

3 THE COURT: Discharge waiver of service of

4 discharge by Simon, Simon asked that he not
5 have to serve the petition for discharge.

6 MR. MANCERI: Right, that was in his
7 petition. When was the petition served?

8 THE COURT: November 21st.

9 MR. SPALLINA: Yeah, it was after his date
10 of death.

11 THE COURT: Well, how could that happen
12 legally? How could Simon --

13 MR. MANCERI: Who signed that?

14 THE COURT: -- ask to close and not serve
15 a petition after he's dead?

16 MR. MANCERI: Your Honor, what happened
17 was is the documents were submitted with the
18 waivers originally, and this goes to
19 Mr. Bernstein's fraud allegation. As you know,
20 your Honor, you have a rule that you have to
21 have your waivers notarized. And the original
22 waivers that were submitted were not notarized,
23 so they were kicked back by the clerk. They
24 were then notarized by a staff person from
25 Tescher and Spallina admittedly in error. They
00027

Page 15

1 should not have been notarized in the absentia
2 of the people who purportedly signed them. And
3 I'll give you the names of the other siblings,
4 that would be Pamela, Lisa, Jill, and Ted
5 Bernstein.

6 THE COURT: So let me tell you because I'm
7 going to stop all of you folks because I think
8 you need to be read your Miranda warnings.

9 MR. MANCERI: I need to be read my Miranda
10 warnings?

11 THE COURT: Everyone of you might have to
12 be.

[This is the first crime admitted to involving 6 forged and fraudulent waivers, including one forged and fraudulently notarized by Simon post mortem]

13 MR. MANCERI: Okay.

14 THE COURT: Because I'm looking at a
15 formal document filed here April 9, 2012,
16 signed by Simon Bernstein, a signature for him.

17 MR. MANCERI: April 9th, right.

18 THE COURT: April 9th, signed by him, and
19 notarized on that same date by Kimberly. It's
20 a waiver and it's not filed with The Court
21 until November 19th, so the filing of it, and
22 it says to The Court on November 19th, the
23 undersigned, Simon Bernstein, does this, this,
24 and this. Signed and notarized on April 9,
25 2012. The notary said that she witnessed Simon
00028

1 sign it then, and then for some reason it's not
2 filed with The Court until after his date of
3 death with no notice that he was dead at the
4 time that this was filed.

5 MR. MANCERI: Okay.

6 THE COURT: All right, so stop, that's
7 enough to give you Miranda warnings. Not you
8 personally --

[This is the second crime referring to a Petition for Discharge - Full Waiver signed April 09, 2012]

9 MR. MANCERI: Okay.

10 THE COURT: Are you involved? Just tell
11 me yes or no.

12 MR. SPALLINA: I'm sorry?

13 THE COURT: Are you involved in the
14 transaction?

15 MR. SPALLINA: I was involved as the
16 lawyer for the estate, yes. It did not come to
17 my attention until Kimberly Moran came to me
18 after she received a letter from the Governor's

19 Office stating that they were investigating
20 some fraudulent signatures on some waivers that
21 were signed in connection with the closing of
Page 16
22 the estate.

[Spallina claims his only involvement in Sept 2013 is with learning of the Moran forged and fraudulent waivers. However, it is now known that Spallina stated to Palm Beach Sheriff Deputies in January 2014 and on the record in a hearing before Judge Phillips on 12/10/15 that in January of 2013 he forged and fraudulently created a Shirley Trust document. Spallina sent it via mail to parties counsel as part of a fraud to change beneficiaries and in efforts to provide legitimacy to illegally converted assets distributed to improper parties.

On the November Petition for Discharge Spallina also attests under cross examination in the Phillips hearing that he signed and Simon signed under penalty of perjury to knowingly false statements in the document and filed it with the court. Spallina's signature attesting to Simon's statements, including Simon allegedly falsely stating in the Petition in April of 2012 that he, Simon, had all his children's waivers in his possession and where none had even been sent out at that time and some were not returned until after his death, There are multiple fraudulent statements in the Petition.]

23 THE COURT: What about the fact, counsel,
24 let me see who signed this. Okay, they're all
25 the same as to -- so let me ask this, I have a
00029

1 document where Eliot, you're Eliot, right?

2 MR. ELIOT BERNSTEIN: Yes, sir.

3 THE COURT: Where you purportedly waived
4 accounting, agreed to a petition to discharge
5 on May 15th, and you signed that. Do you
6 remember doing that? Do you remember that or
7 not? I'm looking at it.

8 MR. ELIOT BERNSTEIN: I remember signing
9 it and sending it with a disclaimer that I was
10 signing it because my father was under duress
11 and only to relieve this stress that he was
12 being --

13 THE COURT: Well, I don't care -- I'm not
14 asking you why you signed it.
15 MR. ELIOT BERNSTEIN: I also signed it
16 with the expressed -- when I signed it I was
17 coned by Mr. Spallina that he was going to send
18 me all the documents of the estate to review.
19 I would have never lied on this form when I
20 signed it. It's saying that I saw and I never
21 saw --

22 THE COURT: Let me ask you --

23 MR. ELIOT BERNSTEIN: I lied.

24 THE COURT: Did you have your signature
25 notarized?

00030

1 MR. ELIOT BERNSTEIN: No.

2 THE COURT: Kimberly Moran never signed or
3 notarized his signature?

4 MR. MANCERI: Yes, your Honor, and that's
5 been addressed with the Governor's office.

[Governor Rick Scott]

6 THE COURT: You need to address this with
7 me.

8 MR. MANCERI: I am going to address it
9 with you.

10 THE COURT: Here's what I don't understand
11 because this is part of the problem here, is
12 that Shirley has an estate that's being
13 administered by Simon.

14 MR. MANCERI: Correct.

15 THE COURT: There comes a time where they
Page 17

16 think it's time to close out the estate.

17 MR. MANCERI: Correct.

18 THE COURT: Waivers are sent out, that's
19 kind of SOP, and people sign off on that.

20 MR. MANCERI: Right.

21 THE COURT: And why are they held up for

22 six months, and when they're filed it's after
23 Simon is already deceased?
24 MR. MANCERI: They were originally filed
25 away, your Honor, under the signature of the
00031

1 people.

2 THE COURT: No, they weren't filed, that's
3 the whole thing. I'm looking at the file date,
4 filed with The Court.

5 MR. MANCERI: No, they were returned by
6 the clerk because they didn't have
7 notarization. We have affidavits from all
8 those people, Judge.

9 THE COURT: Well you may have that they
10 got sent up here.

11 MR. MANCERI: We have affidavits from all
12 of those people.

13 MR. ELIOT BERNSTEIN: Including Simon?
14 THE COURT: Slow down. You know how we
15 know something is filed? We see a stamp.

16 MR. MANCERI: It's on the docket sheet, I
17 understand.

18 THE COURT: So it's stamped in as filed in
19 November. The clerk doesn't have -- now, they
20 may have rejected it because it wasn't
21 notarized, and that's perhaps what happened,
22 but if in the meantime waiting cured the
23 deficiency of the document, two things happen
24 you're telling me, one, Simon dies.

25 MR. MANCERI: Correct.

00032

1 THE COURT: And when those documents are
2 filed with the clerk eventually in November
3 they're filed and one of the documents says, I,
4 Simon, in the present.

5 MR. MANCERI: Of Ms. Moran.

6 THE COURT: No, not physically present, I
7 Simon, I would read this in November Simon
8 saying I waive -- I ask that I not have to have

9 an accounting and **I want to discharge**, that
Page 18
10 request is being made in November.
11 MR. MANCERI: Okay.
12 THE COURT: He's dead.
13 MR. MANCERI: I agree, your Honor.
14 THE COURT: Who filed that document?
15 MR. MANCERI: Robert, do you know who
16 filed that document in your office?
17 MR. SPALLINA: I would assume Kimberly
18 did.
19 MR. MANCERI: Ms. Moran.
20 THE COURT: Who is she?
21 MR. MANCERI: She's a staff person at
22 Tescher and Spallina.
23 THE COURT: When she filed these, and one
24 would think when she filed these the person who
25 purports to be the requesting party is at least
00033
1 alive.
2 MR. MANCERI: Understood, Judge.
3 THE COURT: Not alive. So, well -- we're
4 going to come back to the notary problem in a
5 second.
6 MR. MANCERI: Okay.
7 THE COURT: In the meantime, based upon
8 all that I discharge the estate, it's closed.
9 Here's what I don't understand on your
10 side, you're representing yourself, but the
11 rules still apply. You then file, Eliot
12 Bernstein, emergency petitions in this closed
13 estate, it's closed.
14 MR. ELIOT BERNSTEIN: You reopened it.
15 THE COURT: When did I reopen it?
16 MR. MANCERI: No, it hasn't been reopened,
17 your Honor.
18 THE COURT: There's an order that I
19 entered in May of 2013 denying an emergency
20 petition to freeze assets. You filed this one

21 in May. Do you remember doing that?

22 MR. ELIOT BERNSTEIN: I believe so.

23 THE COURT: And what you said was there's

24 an emergency in May, you want to freeze the

25 estate assets appointing you PR, investigate
00034

1 the fraud documents, and do a whole host of

2 other things, and the estate had been closed.

3 The reason why it was denied among other

Page 19

4 things, one, it may not have been an emergency,

5 but, two, the case was not reopened. There's

6 no reopen order.

7 MR. ELIOT BERNSTEIN: I paid \$50 to

8 someone.

9 THE COURT: You may have paid to file what

10 you filed, but there's no order reopening the

11 estate.

12 MR. ELIOT BERNSTEIN: Okay, that's my

13 mistake.

14 THE COURT: It's closed, the PR is

15 discharged, they all went home.

16 MR. ELIOT BERNSTEIN: And I filed to

17 reopen because we discovered the fraudulent

18 documents.

19 THE COURT: But then you still had to ask

20 to reopen --

21 MR. ELIOT BERNSTEIN: And notice, your

22 Honor, that they haven't come to you in all of

23 that time, he said he just got notified from

24 the governor the other day about this fraud, I

25 put it in your court and served him months ago
00035

1 and he never came to me or you or anybody else

These admissions by counsel of fraud were just for two of the many crimes alleged both in the civil pleadings and in formal verified and signed criminal complaints with state and federal agencies. At this juncture after the first hearing with Judge Colin and identifying that fraud had occurred, Judge Colin had legal obligations both under Judicial Canons and law to report the misconduct (felony crimes) of his court appointed officers and fiduciary Ted and notify agencies and parties within the court system of the frauds, including but not limited to, your offices of the Inspector General, the Judicial Qualification Commission, the Florida Bar, the Chief Judge and also notify state criminal authorities of the frauds, which constituted criminal statute violations by multiple parties. As can be seen at the initial hearing in September where Colin had already received Prima Facie evidence of fraud on the Court in that there was a Post Mortem notarization of a deceased party on documents posited with the Court, Colin found nothing of an emergency and in fact spent the first half of the hearing berating Eliot Bernstein, instead of coring into the fraud and where fraud on the court and fraud on beneficiaries by officers and fiduciaries of his court did not appear an emergency to Colin,

It is at this point where the frauds begin to compound instead of properly being reported and investigated and handled by non-conflicted or involved parties, and these new crimes were in attempt to cover up the crimes and further commit new frauds to rob my family’s inheritance by Judge Colin. Colin, instead of reporting anyone, allowed them to continue in the court as officers of the court and fiduciaries to the detriment of my family for the three years he remained in the case outside the color of law. It should be noted that Judge Colin claims publicly to have been mentored by Judge Labarga³⁰ when he was at the 15th Judicial (presumably during the time of my IP case) and this may be the key to uncovering Colin’s path of continued fraud in and by his court and court appointed officials against my family in efforts to shut down my whistleblowing efforts and criminal cases against the court officers instead of doing what was required of him by Judicial Canons, Attorney Conduct Codes, Probate Rules and Statutes, the Florida Court Fraud Policy and state and federal law.

Judge Colin and certain court employees also became material and fact witnesses at this point to the frauds on the court and frauds on the beneficiaries, as they would now be subject to

deposition and more regarding their actions in the fraud to determine any inside involvement and thus under clear and established Judicial Canons, Judge Colin should have mandatorily disqualified himself, voided any orders issued and turned the matter over to a non-conflicted party to adjudicate the matters and fairly review the crimes committed in Colin's court and by his court appointed officers (Tescher, Spallina and Manceri) and the fiduciaries (Tescher, Spallina and Ted Bernstein.) Certainly, Colin could not investigate himself, his court appointed officers (attorneys and fiduciaries) and his own employees without emitting an egregious appearance of impropriety and ignoring the conflicts of interest and adverse interests his continuing in the matters created.

Florida Judicial Canons

Canon 3 - A Judge Shall Perform the Duties of Judicial Office Impartially and Diligently

E. Disqualification.

(1) A judge shall disqualify himself or herself in a proceeding in which the judge's impartiality might reasonably be questioned, including but not limited to instances where:

(d) the judge or the judge's spouse, or a person within the third degree of relationship to either of them, or the spouse of such a person:

(iv) is to the judge's knowledge likely to be a material witness in the proceeding;

FRAUD on the COURT

In the United States, when an officer of the court is found to have fraudulently presented facts to court so that the court is impaired in the impartial performance of its legal task, the act, known as "fraud upon the court", is a crime deemed so severe and fundamentally opposed to the operation of justice that it is not subject to any statute of limitation.

Officers of the court include: Lawyers, Judges, Referees, and those appointed; Guardian Ad Litem, Parenting Time Expeditors, Mediators, Rule 114 Neutrals, Evaluators, Administrators, special appointees, and any others whose influence are part of the judicial mechanism.

"Fraud upon the court" has been defined by the 7th Circuit Court of Appeals to "embrace that species of fraud which does, or attempts to, defile the court itself, or is a fraud perpetrated by officers of the court so that the judicial machinery cannot perform

in the usual manner its impartial task of adjudging cases that are presented for adjudication". *Kenner v. C.I.R.*, 387 F.3d 689 (1968); 7 Moore's Federal Practice, 2d ed., p. 512, ¶ 60.23

In *Bulloch v. United States*, 763 F.2d 1115, 1121 (10th Cir. 1985), the court stated "Fraud upon the court is fraud which is directed to the judicial machinery itself and is not fraud between the parties or fraudulent documents, false statements or perjury. ... It is where the court or a member is corrupted or influenced or influence is attempted or where the judge has not performed his judicial function --- thus where the impartial functions of the court have been directly corrupted."

What effect does an act of "fraud upon the court" have upon the court proceeding? "Fraud upon the court" makes void the orders and judgments of that court.

From the Florida Bar regarding Fraud on the Court³¹:

Courts throughout this state have repeatedly held "that a party who has been guilty of fraud or misconduct in the prosecution or defense of a civil proceeding should not be permitted to continue to employ the very institution it has subverted to achieve her ends." *Metropolitan Dade County v. Martinsen*, 736 So. 2d 794, 795 (Fla. 3d DCA 1999) (quoting *Hanono v. Murphy*, 723 So. 2d 892, 895 (Fla. 3d DCA 1998)); see also *Cox v. Burke*, 706 So. 2d 43, 47 (Fla. 5th DCA 1998); *O'Vahey v. Miller*, 644 So. 2d 550, 551 (Fla. 3d DCA 1994); *Kornblum v. Schneider*, 609 So. 2d 138, 139 (Fla. 4th DCA 1992).

From other courts regarding Fraud on the Court:

In 1994, the U.S. Supreme Court held that "Disqualification is required if an objective observer would entertain reasonable questions about the judge's impartiality. If a judge's attitude or state of mind leads a detached observer to conclude that a fair and impartial hearing is unlikely, the judge must be disqualified." [Emphasis added]. *Liteky v. U.S.*, 114 S.Ct. 1147, 1162 (1994).

Courts have repeatedly held that positive proof of the partiality of a judge is not a requirement, only the appearance of partiality. *Liljeberg v. Health Services Acquisition Corp.*, 486 U.S. 847, 108 S.Ct. 2194 (1988) (what matters is not the reality of bias or

prejudice but its appearance); *United States v. Balistrieri*, 779 F.2d 1191 (7th Cir. 1985) (Section 455(a) "is directed against the appearance of partiality, whether or not the judge is actually biased.") ("Section 455(a) of the Judicial Code, 28 U.S.C. §455(a), is not intended to protect litigants from actual bias in their judge but rather to promote public confidence in the impartiality of the judicial process.").

That Court also stated that Section 455(a) "requires a judge to recuse himself in any proceeding in which her impartiality might reasonably be questioned." *Taylor v. O'Grady*, 888 F.2d 1189 (7th Cir. 1989). In *Pfizer Inc. v. Lord*, 456 F.2d 532 (8th Cir. 1972), the Court stated that "It is important that the litigant not only actually receive justice, but that he believes that he has received justice."

Each and every action of Judge Martin Colin forward once he failed to disqualify himself as a material and fact witness in the case became a new act of fraud, every hearing and every order issued were void as they were gained by Colin acting knowingly and with scienter outside the color of law. Every pleading by parties involved in these frauds who were not instantly removed from the cases in all capacities are void as the parties involved in the frauds should have been immediately removed from the matters by the Court and all their records sequestered and preserved, all assets of the estates and trusts in the court's custody should have been seized and protected by a successor judge who was not involved in any way with the parties and who was further screened for conflicts. This failure to disqualify and report and regulate the fraud has led to the last four years of continued and ongoing frauds on the court by the court officers, court appointed officers, fiduciaries and guardians in the matter and new criminal acts to steal assets of the estates and trusts through complex legal frauds.

Therefore, every hearing and pleading henceforth from the discovery of the fraud and failure to follow procedures for fraud was a sham and an abuse of process to obstruct justice. Had proper fraud protocols and state laws been followed all parties involved in the fraudulent activity would have been removed and investigated, the case files of the court and all parties secured. All of the assets in the custody of the State of the Florida held through the probate court would have been seized and transferred to the new non-conflicted parties in the matters to adjudicate fairly over. Your offices would certainly have been engaged by Colin and worked alongside criminal authorities in the regulation and prosecution of those involved and in efforts to protect the victims of the crimes, the true and proper beneficiaries. But nothing like that happened in fact a complete dereliction of duties took place. This fraud involving court appointed Officers of the Court and court appointed Fiduciaries, submitting fraudulent papers to the court should have instantly landed in the Inspector General's office for investigation as

RE: Internal Affairs Complaint & Public Office Corruption Case

required by the Statewide Fraud Policy at that time and yet here I am today reporting this to your offices when all the Officers of the Court should have been coming forth with this information four years ago. Had we not discovered the Statewide Fraud Policy of the Florida Supreme Court no one would have noticed your offices.

Instead, four years have elapsed wherein the court of Judge Colin and his improperly gleaned successors continue to work to not only cover up the crimes proven, admitted and alleged in these matters but further to continue to commit crimes sanctioned with the court's blessing to rob the estates and trust assets while protecting the criminals and retaliating against the victims with the muscle of the court, all acts outside the color of law. So began a long series of retaliatory attacks on my family and the creditor in the case, William Stansbury, using the court as a weapon against the victims. These crimes in Colin's court were allowed to continue by the very parties directly involved in the frauds, members of the Florida Bar and officers of the court who should have been removed as Colin had enough in the first hearing to remove them instantly. Spallina continuing in the case for months filing retaliatory hearings and more until he later confesses to crimes he committed nine months before the initial hearing.

I contacted the Palm Beach County Sheriff's Office and reported several other alleged crimes as they were being discovered and being committed in real time regarding the estate and trust matters, including continuing and ongoing fraud in and on and by Colin's court and gave the officers thousands of pages of documentation proving each of the alleged crimes, which documentation was not included in a recent FOIA production from PBSO with other relevant case data. These were crimes primarily committed by Ted, Tescher, Manceri, Pankauski, Rose, Spallina and Colin and involved a variety of schemes to steal assets of the estates and trusts. Instead of putting all the cases under one case, PBSO officer Miller continued to open new cases making it hard to keep track of the totality of the crimes and more difficult to track and investigate and also buying the accused a mass of time to orchestrate further cover-ups and commit additional crimes.

I was therefore forced to file additional affirmed and signed formal complaints with PBSO and was directed by detectives to contact the Jacksonville, IL police and the Boca Raton PD for new crimes discovered regarding stolen personal properties and insurance fraud. However, both the Jacksonville, IL. PD and the Boca PD then questioned why PBSO had sent me to file complaints with them while PBSO was conducting investigations already and both referred me back to PBSO stating they should handle the cases and that PBSO, not me, should call them if necessary. In one instance involving insurance fraud claims and fraud on a federal court in Illinois, after reviewing the materials the officer in Jacksonville, IL. asked why the FBI had not been contacted by PBSO as it involves multiple felony federal crimes and gave me a number to report the crimes to the FBI. When I contacted PBSO and asked if they had contacted

RE: Internal Affairs Complaint & Public Office Corruption Case

the FBI regarding the federal crimes they told me they would get back to me and they were looking for whom to contact. I am unaware at this time after review of the FOIA documents sent to me if the PBSO ever contacted the Federal Authorities to report the insurance fraud, interstate mail and wire fraud, fraud on a federal court and bank/trust co. fraud they were in possession of evidence regarding or if they concealed and destroyed this information.

The crimes alleged were all based on the fact that the dispositive documents appeared to have been fraudulently altered not only to change the beneficiaries but more egregiously to give Ted, Tescher and Spallina dominion and control of the estates and trusts by inserting themselves as the fiduciaries into the fraudulent documents and then acting as counsel to themselves as fiduciaries. Once they illegally seized dominion and control of the estates and trusts through gaining the fiduciary positions, they immediately locked down the 7020 Lions Head Lane home and Aragon ocean front condominium owned by the Shirley Bernstein trust (the beneficiaries myself and sisters Jill and Lisa) and precluded my family from re-entering the properties ever again and began a series of criminal acts to convert and steal the properties from the trusts and estates. Ted then made dispositions of real and personal properties despite clear language in the trust that states that Ted is predeceased for ALL purposes of dispositions of the trust and therefore, despite whether he was named as Trustee, he would be unable to make any dispositions himself, which would include selling or distributing any assets whatsoever. This language in the Shirley trust makes Ted's being named a fiduciary appear contradictory to other language in the trust that has him predeceased and further raises the brow as to if this COPY of the Shirley Trust that has been produced by Tescher and Spallina is an actual bona fide copy of the MISSING, SUPPRESSED OR DESTROYED ORIGINAL DOCUMENT. Ted Bernstein and his counsel Alan B. Rose, Esq. have stated on the record and in deposition that they have never seen or possessed the original documents they are operating under despite the fact that production of ALL RECORDS was court ordered to be produced by Spallina and Tescher who failed to do so to this date.

It should be noted that instead of seizing the records upon learning of fraud from the parties involved in the frauds and frauds on the court, both Colin and PBSO allowed Tescher, Spallina and Ted to stay in possession of not only the assets but the documents of Simon and Shirley. This allowed several months to pass before they were court ordered to turn over the records and what appears to be the case is that knowing they were caught in the act of fraud, they architected a further series of forged and fraudulent documents in order to try and plug up the holes in the evidence against them and then when finally production was due they delivered approximately 7,202 pages of further fraudulent documents, NO ORIGINALS WHAT SO EVER and these documents will all need to be analyzed for further evidence of fraud and already many of the documents contradict their prior stories. Alan Rose even finding new documents over a year after production was due which were allegedly in Spallina and Tescher's possession

when they were acting as Co-Personal Representatives and Co-Trustees but they did not turn over as part of the court ordered production to turn over ALL documents when they were removed from the cases.

Once my father died Ted, Spallina and Tescher seized all records, assets and personal properties, refusing to release any documents to beneficiaries or even let them into the real estate properties, initially claiming it was a crime scene that needed to be protected, as the Sheriff had left after taking the initial report of alleged Murder/Homicide on the day my father died, claiming they would come back later to investigate as they did not want to disturb the family on the day my father died and they claimed to be preserving the scene and evidence. It was later learned after finally finding the PBSO report from 9/13/12 as it was misfiled as Hospital Record check conducted at the hospital not on my father's lawn that the officers never came back to interview any parties or gather any evidence from the household which was controlled by Ted, Spallina and Tescher. Again, the Sheriff had conducted the initial interviews outside my father's home on the lawn and refused to enter the home to take any evidence that might have been needed that day, which appeared very strange but our family was in crisis as my father had died only hours before and we did not demand explanation at that time. It was later discovered when I tried to gain access to the PBSO report on 9/13/2012 incident at my father's home and no incidence of officers responding to an alleged HOMICIDE could be found as it appeared the officers went to the hospital instead to check on medical records. The reason the incident could not be found was that it had been booked by PBSO as a hospital maintenance record check, instead of an alleged murder/homicide where Sheriff deputies were dispatched to my father's home, making it difficult for the records department to find the alleged Murder/Homicide complaint called in and filed by Ted Bernstein with the aid of his lawyers on 9/13/2012.

That the initial complaint I made with the PBSO and evidence tendered to them was regarding multiple crimes being committed in addition to the Moran forged and fraudulent documents, including fraudulent documents used to close the estate of my mother that did not involve the Moran forgeries. Detective Ryan Miller wanted instead to first focus in only on the Waivers that Moran had fraudulently notarized and forged and not the other thousands of page and hundreds of other documents submitted which evidenced far more serious criminal acts, including crimes that were in progress, including those in Colin's court. Moran upon investigation by PBSO changed her sworn story from that given to the Governor's office and admitted that not only did she affix a fraudulent notarization to six documents for six separate parties but had forged the six parties signatures, including my deceased father's signature and my own and then sent the Waivers from the law firm to the court of Colin. That Moran was then convicted for only one count of fraudulent notarization despite protest to both the Sheriff and DA offices that this was a failure to prosecute the five other admitted forgeries and other fraudulent notarizations.

PBSO after learning of her contradictory statements then failed to prosecute Moran for her perjured statements to PBSO and the Governor's office. It is believed that Moran forged my signature to replace the original Waiver document sent by me via US Mail to Tescher and Spallina with my hand written disclaimer on it that appears different than the email copy of the document sent to them which did not have my handwritten addendum on it stating that I was signing under duress to relieve the stress my father was under from his other children, again the original document Waiver is missing from Tescher and Spallina's court ordered production to produce to the successor PR ALL RECORDS and ALL other original documents that Tescher and Spallina maintained are missing at this time despite the court order to produce ALL records. In fact, once PBSO determined that fraud had occurred against beneficiaries and fraud on the court had occurred they should have as a matter of procedure secured all Bernstein family files from Tescher and Spallina and other parties involved directly in the fraud such as Ted Bernstein.

Once Moran was convicted of felony fraudulent notarization, Detectives Miller and Detective Groover contacted my wife and I and told us that the investigation of ALL other matters were over and that they had closed the case claiming they had spoken with Judge Colin's chambers and were instructed to drop their criminal investigations of the fraud, the fraud on the court and beneficiaries and other crimes committed by the officers of his court and fiduciaries that I had signed sworn verified criminal complaints against. They claimed that Judge Colin was now taking over the criminal investigations of his court appointed officers and fiduciaries from that point forward and would be handling any of the other criminal matters.

I immediately informed the officers that this seemed bizarre that a **civil** circuit judge was going to investigate criminal misconduct of the officers and fiduciaries he appointed and even more bizarre how he was going to investigate the crime scene, his own courtroom and conduct investigations of his staff involved, like Asterid Limouzine, himself and others, without a mass of conflicts that constitute criminal conduct to cover up the crimes. Colin the officers claimed was even going to take over investigations of other non-related parties to the court crimes alleged in the complaints with PBSO who are alleged to have committed criminal acts outside Colin's jurisdiction as they are not court appointed, i.e. JP Morgan, Legacy Bank, Heritage Union Life and others, who were committing crimes directly using his court to facilitate them in some instances. Colin himself was at minimum a material and fact witness to the criminal acts and at worst he could be a central suspect in aiding and abetting or even directly involved in the crimes that were occurring in his court. I therefore demanded the cases be reopened by PBSO and had to take the matters up to Internal Affairs and Captain Carol Gregg to have the matters reopened. THESE CONFLICTS AND THE DIRECT INVOLVEMENT OF COLIN MAKE HIS HANDLING OF THE CASES FURTHER OUTRAGEOUS, ILLEGAL, UNETHICAL AND

RE: Internal Affairs Complaint & Public Office Corruption Case

ALL OUTSIDE THE COLOR OF LAW as defined further herein and in violation of state and federal laws.

The Sheriff Department should take note that according to the Palm Beach Post Series by John Pacenti it was learned that Colin was forced to recuse off over a hundred and thirty cases due to undisclosed conflicts with his wife Elizabeth “Betsy” Savitt Colin and Judge French. It appears that while recusing from cases Colin failed to notify parties of the reason for his recusals, as is evidenced in another FL criminal complaint filed with PBSO by a one Kenneth Obatson aka Skender Hoti, where Colin’s recusal occurred several days after Colin’s wife had been found robbing the Hoti family home and forced to return properties stolen from the home. The Hoti’s did not know that Elizabeth Savitt Colin was married to Judge Colin, the same judge who had issued a PREDATORY GUARDIANSHIP on Skender’s mother that led to her being kidnapped across state lines, only to later be returned when the PREDATORY GUARDIANSHIP was overturned.

Savitt Colin was found working with the Guardian’s counsel Sheri Hazeltine at robbing the Hoti family’s home after Judge Colin issued the predatory guardianship order and were confronted by Sheriff deputies who demanded they put the stolen properties back in the home or face arrest. Savitt Colin told officers to contact her powerful Judge husband who would allow them to steal off with the properties. The Sheriff demanded she produce a Writ of Possession or face arrest if they did not return the items and yet failed to arrest her as she had already broken into the home and unloaded virtually everything in it when Hoti caught them in the act and contacted the Sheriff. The Hoti’s were flabbergasted that the officers did not arrest them at the scene and that the initial PBSO reports excluded their names and the relationship revealed by Savitt Colin to her husband. The Hoti’s did not connect the dots of the conflict initially because Savitt Colin only went by the name Savitt and so it was not readily apparent to the Hoti’s that she was married to the Judge handling their case.

Colin then days later without explanation Sua Sponte recused himself from the Hoti case and concealed the true reason of his conflict, which would have led to; Colin’s mandatory disqualification instead of recusal, the voiding of his orders and a fraud investigation being opened in the court and with PBSO and a full reporting of the matter to the proper criminal and ethical tribunals. This exhibits very similar misconduct in my case where Colin refused to take proper steps to disqualify himself when mandatorily required and where his direct involvement after failing to disqualify acted to obstruct justice, allowed for continued criminal misconduct and cover up the crimes and establishes a long and unregulated Pattern and Practice of Colin concealing his illicit acts outside the color of law.

I expressed to the PBSO officers that Colin's name was on documents we were alleging were fraudulent, that his court was the scene of the crime and that they should be investigating him as a witness and possible suspect, as well as, all members of his court who had any involvement and seizing the court and the fiduciaries records to now validate if there were other forged documents submitted to the court and others and more. The failure to take action to secure the records from Tescher & Spallina, PA, the Court and Ted by Colin, the court and PBSO appears a coordinated effort to hide this information from the victims of the court crimes and to hide how and who produced the documents to the court, and this failure to secure evidence is yet another misstep in the investigation that has aided and abetted the original crimes cover up and in so doing created a new series of public office crimes that must now be investigated.

Martin Colin was required by Judicial Canons and law to step down and voluntarily disqualify upon knowing that he was a material and fact witness to the frauds that occurred in his court by his court appointed officers and fiduciaries and especially that he too was directly implicated and involved in the fraud on the court. Whether his involvement was with scienter or not could only be determined through questioning of Colin as a witness and his staff and thus judicial canons mandated his resignation once he knew he was a material and fact witness. It was not my obligation to petition to remove Colin for his obvious conflicts, it was his duty to voluntarily and mandatorily disqualify himself and follow all of the courts own fraud policies and state and federal law. More egregiously and in violation of law Colin then failed his duties to report the crimes to the proper ethical, criminal and court authorities and instead, Colin remained in the case illegally and each action forward thus was OUTSIDE THE COLOR OF LAW and criminally prosecutable with no immunity. Colin then denied repeated requests for his mandatory and voluntary disqualification and continued acting illegally with a mass of conflicts to criminally obstruct justice. Colin refused to comply with the rules regarding disqualification, ruling again and again on motions to recuse himself. Colin then began to Obstruct efforts both civilly and criminally to investigate the crimes, interrogate the criminals and preserve the evidence of the crime scenes, including Judge French's court and his own. Colin failed to preserve all court records regarding the fraudulent documents and activities he was aware of and further failed to preserve all evidence from the court appointed counsel and fiduciaries who committed the frauds. Colin failed to obtain depositions and failed to demand those involved to Show Cause to the court regarding the frauds committed and failed ALL of the courts own internal procedures for Fraud on the Court,³² Colin also failed the Judicial Canons he is sworn to uphold by failing to notify anyone at all about the crimes in his court committed by his court appointed officers and fiduciaries and failed to contact criminal authorities to notify them of the

felony crimes and criminals involved in state and federal crimes in his court and these failures aided and abetted the criminals through Misprision of Felony, Fraud BY the court, False and Fraudulent Process and more.

Again, Colin left the court appointed counsel and fiduciaries that committed the frauds in place without immediately removing them and sanctioning them upon their admissions to criminal acts and instead allowed them to begin a pattern and practice of extortion and retaliation against my family in efforts to shut down the exposure of his court and court appointed officials. Colin further allowed them to rob the estates and trusts using the court system as the host for the probate and trust crimes committed to steal and convert the assets from the true and proper beneficiaries, while denying statutorily required accountings and more very similar to allegations in the Post articles for various cases they researched and published. From Colin's opening veiled threat of having enough evidence in the first hearing to read Miranda's to his officers and the fiduciaries upon discovery of fraud, Colin instead began a dereliction of duties that defied all rules and statutes pertaining to fraud in and on the court and fraud on the beneficiaries. Colin carefully and knowingly with intent evaded procedural laws to correct the fraud and began using the court as a weapon to deny me and my family of our due process rights and criminally obstructed justice at every step as the record reflects. Every single action of Colin's from the point of his failure to voluntarily mandatorily disqualify himself was with the intent to criminally OBSTRUCT JUSTICE and thus every transaction, distribution, order, hearing, ruling, etc. was a new separate and distinct fraud being committed by Colin and his court appointed attorneys and fiduciaries.

Colin also failed to report the criminal misconduct of his court appointed officers and fiduciaries to the proper criminal tribunals and authorities and instead began a coordinated effort to harm and extort my family while selling off assets of the estates and trusts with the fiduciaries and counsel involved in the initial frauds on his court. In fact, Colin after learning of the fraud committed by the Tescher and Spallina law firm, allowed Tescher and Spallina to continue as fiduciaries in the cases for months until they finally resigned months later and only when Spallina admitted to PBSO investigators that he had committed fraud and forgery of a Shirley trust. Even after learning of this new fraud Colin failed again to notify the proper tribunals and criminal authorities of the criminal misconduct of the officers of his court and court appointed fiduciaries and instead again acted to conceal and cover up their crimes. Colin intentionally blocked me as Pro Se litigant from my due process rights repeatedly throughout ALL of the FRAUDULENT SHAM HEARINGS AND PROCEEDINGS he held and issued VOID AND FRAUDULENT ORDERS to allow the suspects to commit various other crimes to rob estate assets and to protect and cover up for himself, his court appointed officers and fiduciaries and all this obstruction, aiding and abetting done with scienter.

Both judges Colin and Phillips have direct knowledge of stolen Tangible Personal Properties from both the Estate of Shirley and Simon Bernstein and have issued orders in efforts to cover up the stolen goods, again both failing to report the stolen items, fraudulent accountings and inventories they became aware of and the continuing and ongoing frauds on the court that have occurred by primarily now Ted and his new counsel Alan Rose who replaced Spallina and Tescher, who have stated assets of Shirley's Condominium were transferred to the 7020 Lions Head Lane home when it was sold illegally. A PBSO report was filed for the thefts and remains open. False records were submitted to the court in regard to the TPP stating it had been moved from my mother's condominium to my father's home when it was actually stolen by Ted Bernstein acting as the "Trustee" of the Shirley Bernstein Trust, despite the property being in the Simon Bernstein estate where Ted had no fiduciary power at all and had no right to remove the properties and steal them leaving no receipts or records of any transactions and lying to the court about them being transferred to the Lions Head home in Saint Andrews.

Even if the properties had been alleged to have been in the Shirley Trust where Ted claims to be a Trustee, he would have been precluded from selling or buying any assets wherein by the very language in the trust document Ted Bernstein is considered predeceased "**for purposes of the dispositions made under this Trust**, my children, TED S. BERNSTEIN ("TED") and PAMELA B. SIMON ("PAM"), and their respective lineal descendants shall be deemed to have predeceased the survivor of my spouse and me..." This language thereby precludes Ted from making dispositions such as sales of real property under the trust, including the Condominium he sold and distributed to improper parties despite whether he is the alleged Trustee of the Trust. Further, upon a re-inventory of the assets ordered by Judge Colin it was found that ALL of the items from the Condominium had been stolen off with and were not at the Lions Head home as Ted and Alan Rose claimed to the court, beneficiaries and creditor William Stansbury and further when I finally got approved the re-inventorying of the assets it was found that there were missing items not only from Shirley's Condominium possessions but also now from the Lions Head Lane property. I contacted Detective Panzer to attend the re-inventory but he refused to attend on behalf of PBSO who have an active and ongoing investigation into the stolen items as already listed herein and his report falsely claims that the re-inventory was done on a Saturday, which it was not.

Both judges Colin and Phillips have direct knowledge that Ted Bernstein is not validly serving Trustee of the Simon Trust whereby the court was even notified by Attorneys at Law Peter Feaman, Esq.³³ and Brian O'Connell, Esq.³⁴ that Ted is not qualified by the very language

³³ August 29, 2014 Peter Feaman Letter to Successor Personal Representative Brian O'Connell <http://iviewit.tv/Simon%20and%20Shirley%20Estate/20140829%20Feaman%20Stansbury%20Letter%20to%20Brian%20O'Connell.pdf>

of the Simon Trust and that Ted and Alan were acting in conflict of interest in the II Federal Insurance Litigation. Further, these letters and others showing PBSO Ted was fraudulently acting as a Trustee were sent to Detective Panzer who refused to make them part of the record and where they do not appear in the FOIA information disseminated by PBSO records department. While both Colin and Phillips were both made aware of these claims that Ted was operating fraudulently and should be removed, these pleas from licensed attorneys and myself and the creditor William Stansbury were wholly ignored and efforts to litigate the matter of Ted's removal were constantly derailed, thus leaving Ted in place to make all kinds of transactions despite clear violations of law and probate rules and statutes. Leaving Ted in place was essential to continuing the conspiracy and crimes and so that he could further conceal and cover up for his close friends Tescher and Spallina and continue the fraud on, by and with the court system to aid and abet and then protect the criminals while continuing to rob the estates and trusts unchallenged on any grounds.

Colin then Ordered that all legal pleadings had to be approved by him first before filing with the court and made this applicable to all parties. I went to file a Lis Pendens on the Saint Andrews home to protect my family's interest and get it approved by Colin before filing (which did not seem legal for him to do) and Colin instead of ruling on it and allowing me to file it in court took it instead to chambers to reflect on it and then sat on it for several months with no ruling or approval to file the Lis Pendens. My wife Candice was then alerted through a Zillow alert that the home was being sold with no notice to beneficiaries of the sale or notice to any party with interests in the Estates and Trusts, the transaction was intentionally concealed by Alan Rose and Ted Bernstein and Mr. Rose further misled the Court in the initial hearings regarding the house that he and Ted had notified parties.

Upon learning that the house was listed as being sold, I filed the Lis Pendens and Judge Colin was forced to hold hearings regarding the sale. In those hearings Judge Colin then proceeded to act further outside the color of law in attempting to silence me from contacting the buyer to notify them of the litigation and Lis Pendens. Colin then held up the sale of the home since Ted and Alan Rose had secreted the sale from the court, the beneficiaries, the PR of the Estate of Simon, Brian O'Connell and the creditor William Stansbury. Colin went so far as issuing orders threatening me with contempt and jail if I contacted the buyer in any way. Colin stated the transaction was arm's length in his Order but the buyer was not even known to the beneficiaries, the court or the creditor and thus the transaction could not have been arm's length. Later it was learned through the homicide investigation of Mitch Huhem that Ted actually was

friends and business partners with Huhem and was allowing Huhem to live in the house prior to the sale.

Again, Ted cannot legally make dispositions of Shirley's Trust according to the language of the trust and this sale again was a disposition being made fraudulently with again fraudulent distributions to improper parties, including Ted's family considered predeceased and excluded from beneficial interests. Colin in the sham real estate hearings he orchestrated heard testimony from the realtor, John Polletto of Nestler Polletto/Sotheby's, another close friend and business associate of Ted's who claimed that the buyer was not informed of the contentious litigation nor the Lis Pendens by his firm. Colin precluded anyone from notifying the buyer and did nothing to force the seller to comply with disclosure laws despite the obvious secreting of the litigation from the buyer that again appears to defy disclosure laws. Colin despite seeing the house being sold at fire sale price and without proper disclosure to the buyer aided and abetted the secreting of the litigation information from the buyer and issued an Order to allow Ted, who again is considered predeceased for all purposes of the Shirley Trust, to sell the house thereby further aiding and abetting the fraud on the beneficiaries through this false process and constituting additional fraud by the court.

This fraudulent home sale led to me file for Colin's disqualification for a third or fourth time but this time based on not only the proven frauds on the court that mandated his disqualification but now for FRAUD BY THE COURT, exposing that Colin covered up and continued the frauds with the improper sale of the home with unauthorized parties. One day after denying my disqualification motion, Colin Sua Sponte recused from the cases, very similar to the over 130+ cases he disqualified from when the Palm Beach Post initially disclosed his conflicts with his wife as a guardian that was never disclosed to litigants upon his recusal. Colin with no explanation for his recusals chose this path versus disqualification in effort to keep his illegal void Orders in place versus having them stricken through disqualification. Colin when recusing off our family cases, in a final act outside the color of law to try and quash the cases before he was further exposed, then further Obstructed Justice by interfering with the transfer of the cases Post Recusal. His steering the cases unbelievably transferred the cases to a former Proskauer Rose partner and an Iviewit billing partner, Judge Howard Coates. This improper transfer allowed for the transfer of the private and confidential files of the court to a conflicted judge who recused after his first hearing on his own Sua Sponte motion but not after having taken the court files and held a hearing. Coates was a former partner in Proskauer and Proskauer was a counter defendant in my counter-complaint in the Shirley Trust Construction case and the Oppenheimer case with my children's trusts. Coates also stated in the hearing that he had nothing to do with me and my father's technology companies, the Iviewit group of companies that are also tied into the estate and trusts, as Simon and Shirley owned a 30% interest in the companies and Intellectual Properties, which was untrue as he was a billing partner.

Coates then transferred the cases to Judge John Phillips who then held entirely sham hearings to remove my due process rights and shut down my ability to expose the crimes of Colin and Coates courts further. Phillips even learns of new FELONY crimes admitted by Spallina under oath in a December 15, 2015 validity hearing and fails to report the criminal misconduct to proper tribunals and law enforcement and thereby further aids and abets the criminal conspiracy through misprision of felony and further obstructions of justice and false and fraudulent legal process in his first evidentiary hearing. Phillips then issued illegal VOID orders to OBSTRUCT JUSTICE and deny due process and civil procedural rights to my family. Phillips used his court as Weapon to silence my whistleblowing efforts including my being quoted on the front page of the Palm Beach Post about the Predatory Guardianships that the Post is writing about, which stated,

“Nearby protester Eliot Bernstein said senior citizens should think twice before retiring to Florida because of predatory professional guardians. “This is going to take federal intervention,” he said. “When there is this much money and profit in elder cleansing, in a state like this, it is going to take a lot more, like people going to go to jail.”³⁵

The Elder Cleansing alleged by several of the victims of these predatory court cases exposed by the Post directly name Judge Colin and Judge French as parties to the conflicts in the cases and they also mention attorneys directly involved in my cases, including John J. Pankauski and Brian O’Connell.

Judge Phillips was made aware that the cases were transferred improperly by Colin to his court by attorney at law Peter Feaman in the first hearing before him. While stating that what Feaman claimed was “Judge Shopping” he ignored the facts and told Feaman to take it up with the 4th DCA. However, Phillips at that point became cognizant of the Judge Shopping, an improper transfer that further obstructed justice in the matters and steered the case to a favorable judge who professes “love” for Colin and at that point he had legal obligations to report the misconduct of another judge to the appropriate authorities as required by Judicial Canon whether or not Feaman or anyone else appealed the order or reported the misconduct. From Colin's Order of Recusal one day after denying a Motion for Mandatory Disqualification based on allegations of Fraud on, in and by the court, one finds that Colin wholly interfered and steered the case Post Recusal thereby Obstructing Justice through acts outside the color of law;

ORDER OF RECUSAL SUA SPONTE,

This Court hereby recuses itself in connection with the above styled case. In that this court has discussed this case and related cases with the other two Judges in South County, it is requested that the Clerk not reassign this case to a South County Court Judge, but to randomly do so to another Probate Judge in North County. ·

Phillips appears not to have taken any steps under Judicial Canons, Attorney Conduct Codes, the Florida Court Statewide Fraud Policy or law to report the misconduct of another Judge for this intentional interference and obstruction of Colin's that he became aware of. This failure of Judges and Attorneys at Law involved in these matters to report misconduct of their brethren as required, is a systemic failure throughout the court system and in this case is rampant and how the crimes have gone unregulated by agencies responsible for discipline of lawyers and judges. The failure to report can also be construed criminally versus ethically as aiding and abetting and Misprision of Felony.

Code of Judicial Conduct - Canon 3 - A Judge Shall Perform the Duties of Judicial Office Impartially and Diligently

D. Disciplinary Responsibilities.

(1) A judge who receives information or has actual knowledge that substantial likelihood exists that another judge has committed a violation of this Code shall take appropriate action.

(2) A judge who receives information or has actual knowledge that substantial likelihood exists that a lawyer has committed a violation of the Rules Regulating The Florida Bar shall take appropriate action.

Feaman then notified Chief Judge Jeffrey Colbath who apparently also did nothing to rectify the Judge Shopping issue and improper transfer of the cases by Colin that Obstructed Justice and so the frauds continue in the court of John Phillips unregulated. See, <http://iviewit.tv/Simon%20and%20Shirley%20Estate/20160217%20Feaman%20Letter%20to%20Chief%20Judge%20Jeffrey%20Colbath.pdf>

RE: Internal Affairs Complaint & Public Office Corruption Case

Phillips to then instantly silence both me and my children and strip us of our civil rights and properties holds illegal PREDATORY Guardianship hearings in the Shirley Trust case and the Oppenheimer case. Both guardianship cases were improperly filed with the court so as to exclude them from being docketed as GA (Guardian Ad Litem) cases with the court, which are then automatically recorded by court mandated audio taping. With the hearings held illegally and without record per statute, Phillips then issues illegal and void guardianship orders. He even orders guardianship on my adult child with absolutely no adult guardianship proceedings followed. On a follow up call to Phillips Judicial Assistant to get the GAL hearing audio I was told when asking why there was no recording that the case was improperly booked as an evidentiary hearing not a GAL hearing and when asked by me if Phillips should have known what type of hearing he was holding and the rules regulating such hearings, she stated that Phillips should know as he was the Chief Judge of the GAL program in Palm Beach.

Since Judge Phillips has taken over he has prejudiced the cases from the minute he took over, completely acting outside the color of law as the records reflect. Phillips refused, as did his predecessor Martin Colin, mandatory disqualification and has threatened both me and my wife, on and off the record, with contempt charges and jail anytime we have tried to speak to the court. He has put predatory guardianships on my children, overturned prior law of the case and appears to be out his mind in rage trying to have us jailed and having our children removed from our legal guardianship over them and thus we have refused to attend any further hearings in his court as a matter of protecting our family. Phillips has rushed to attempt to close up the cases with further fraudulent orders and actions while ignoring repeatedly the continuing frauds on the court brought to his attention. Witnesses to some of these sham and toxic hearings reveal a public view of the court misconduct and prejudice of Judge Phillips against me, including but not limited to the statement of creditor William Stansbury (see <http://iviewit.tv/Simon%20and%20Shirley%20Estate/20160302%20Signed%20William%20Stansbury%20Amended%20Eliot%20and%20Candice%20Bernstein%20GAL%20issue%203.2.2016.pdf>) who witnessed with his attorney Peter Feaman the absurdity of the guardianship hearings and Mr. Stansbury's claims alone stand as solid evidence of judicial misconduct worthy of investigation by PBSO. Several Court Watchers also attended a Phillips hearing and following is their witness report from FACT (Families Against Court Travesties, an offshoot of NOW), which also supports Stansbury's eye witness claims of the same hearing, (see <http://iviewit.tv/Simon%20and%20Shirley%20Estate/20160226%20FACT%20Court%20Report%20Guardianship%20Hearing%20Phillips.pdf>).

Phillips in efforts to silence me instantly and extort my family further using the court as weapon also goes against three years of prior "law of the case" and determines in improper and criminally orchestrated hearings that I, Eliot Bernstein, am not a beneficiary of the Estates and Trusts of Simon and Shirley Bernstein. This was determined without any hearing for Trust

Construction held and despite my being named a beneficiary in the Simon and Shirley Estate and Trusts. Further, Phillips acted in deranged anger as stories were unfolding about Judge Colin and Judge French in the Palm Beach Post exposing their elder cleansing and estate and trust robbing schemes through a series of undisclosed conflicts of interest that were funneling funds from victims into the Colin household. Phillips to wholly deny me due process in the cases then issues orders that I have no standing in the Estate and Trust cases despite clear evidence that I have standing in multiple capacities in the cases. Phillips since the first hearing has orchestrated with Ted Bernstein, Alan Rose, Brian O'Connell, Steven Lessne and John Morrissey frivolous and falsified pleadings in efforts to silence my wife and me and has repeatedly threatened and extorted us with contempt and jail claims to create a false record.

Phillips using the court to bully and extort us, professing repeatedly in the hearings his "love" of Judge Colin, refusing review of any of Colin's misconduct including the improper transfer and stating his strong and long friendships with the opposing counsel and his dislike for both me and my wife repeatedly.

Page 27, Sept. 15, 2015 Hearing Phillips³⁶

14 THE COURT: Okay. Great. This is the way

15 I intend to proceed -- I love Marty Colin.

16 This guy is a judge that's been around a long

17 time. I know him...

Phillips further prejudices the cases and obstructs justice and conceals the frauds further by stating he will not hear anything on Colin's prior orders or actions despite clear evidence that Colin acted inappropriately from the start. My wife and I will not attend hearings with Phillips any longer as my wife fears incarceration by him as he had several Sheriff officers present at the last hearing we attended and where many witnesses came and observed that it appeared he was trying to set us up for contempt and jail us or certainly brought in the guards to intimate and harass us.

Phillips then issued slanderous and defamatory Orders to try and injure my family and friends reputations through the misuse of his court and the court processes and make it appear that our family was somehow the bad guy in the cases not those who committed fraud and fraud on the court, including his close friends and bedfellows, Tescher, Spallina, Rose and Colin. Phillips has even gone so far as signing orders attempting to vindicate Ted Bernstein of being a participant of the frauds committed by Spallina and Tescher when no such hearing into Ted's

³⁶ Sept. 15, 2015 Phillips Hearing

<http://iviewit.tv/Simon%20and%20Shirley%20Estate/20150915%20Judge%20Phillips%20Hearing%20Transcript%20-%20Estate%20of%20Simon%20Bernstein.pdf>

participation in the fraud has ever been held, in fact the order was issued after a validity hearing where Phillips shut down any lines of questioning regarding the frauds, claiming he would only hear Validity issues and then issued an order that has no bearing on the hearing held all in efforts to cover up the crimes through this false process of Ted and his counsel Spallina, Tescher, Rose, Pankauski, Morrissey and others. These fraudulently gained Orders appear to be further efforts to interfere with criminal complaints against Ted et al. as if there were some sort of civil hearing and investigation into Ted's culpability when nothing could be further from the truth.

That Phillips completed the sale of my father's home, despite my civil protests of the criminality of the proceedings before Colin and that to continue them would constitute aiding and abetting and further fraud on the court. Shortly after the sale I was notified by William Stansbury, the creditor to the Estates and Trusts that the home had been sold to a Lions Head Land Trust, Inc. Shortly after learning of the name of the Land Trust a consultant that works with me and business partner, Kevin Richard Hall, discovered that the Land Trust appeared to be not registered with the State and the incorporator of the Land Trust claimed when contacted that she had no knowledge of the transaction and nothing to do with the Land Trust and gave recorded statements with permission to both Kevin and myself regarding her claims that this was fraud.

This information regarding the fraudulent shell company and Leilani's information was also given to PBSO Homicide Investigator Max Perez interviews with me regarding the Huhem Homicide Investigation, yet mysteriously these almost two hours of interview were not made part of the Huhem FOIA report, which claims that Huhem committed suicide and even stating that there was no link to the home sale, despite having information from me and other witnesses in the report that it could directly related to the home sale and fraud being exposed. I also informed Max Perez that the judges and the attorneys in my civil cases that sold the home through a further fraudulent Probate transaction had plenty of reason to want the case filed away as a suicide without proper investigation as detailed herein. There also is another party that sent the detectives information claiming the home sale may have been the reason he may have been murdered. Perez also failed to contact Kevin Hall whom he was told also had valuable direct information regarding the Huhem Homicide Investigation and the Lions Head Land Trust that involved fraud in State Dept filings and alleged fraudulent use of an incorporator. I gave the detective Max Perez as much information as I had regarding those alleged crimes but informed him that Mr. Hall had additional information. PBSO left all this information out of the Huhem report that was obtained by the Huhem family from a FOIA request.

The Incorporator for Lions Head Land Trust, Inc. was confirmed by the Florida Dept of State to have not been registered properly at the time of the transaction as well. The named party on the State Department filing, Leilani Ochoada, once she became aware of her name being

fraudulently used from Mr. Hall then had contact with a one Laurence “Larry” Pino, an attorney involved in the Lions Head Land Trust, Inc. home sale transaction for the Huhem’s. She recognized Pino’s name and contacted him and informed him that her name and identity were not proper on the Lions Head Land Trust, Inc. filing as she had never authorized or had information that her name was being used in this capacity and she never lived at that address as claimed on the form or ever lived in Palm Beach County. Shortly thereafter Pino was contacted by Leilani, Pino allegedly met with Mitchell and Deborah Huhem in Orlando who were the purchasers of the home through the Lions Head Land Trust, Inc. According to PBSO reports Mitch drove with his wife to Orlando to see Pino. Shortly after returning from Orlando and presumably learning of the allegations of fraud being made by the incorporator, Mitch Huhem was found dead in the Saint Andrews Country Club Lions Head home with his head apparently blown off completely with a shotgun according to PBSO and PBME reports.

That several days after learning of the frauds involving the home, I notified Federal Judge John Robert Blakey in a hearing and filed a pleading before the Federal Court that stated the home sale appeared fraudulent and exposed the information and evidence, not knowing at the time of Huhem’s recent death. However, both Alan Rose and Ted Bernstein were aware at that time of the filing and hearing before Judge Blakey of his death, as the PBSO reports into the Huhem case show Ted Bernstein was supposed to be meeting with Huhem on the day he died regarding a new business venture they were undertaking and Huhem did not show up. Huhem’s failure to show up to this meeting is what allegedly led Mitch’s wife Deborah to contact PBSO at first calling in to 911 a possible suicide and then changing that claim to a missing person once the PBSO detectives arrived. Ted was at the Huhem home shortly after the body was discovered, yet Ted, nor his counsel Rose, mentioned any of this when asked by Judge Blakey what was going on in Florida and the court cases. When asked by Judge Blakey the status of the FL cases neither Ted nor his counsel informed the court of the death of Huhem or the information regarding the fraudulent Lions Head Land Trust, Inc. that was sold in Probate where it was contested as being a fraudulent transaction in the probate court. This failure to disclose this important information to the Federal Court may be due to the fact that Rose and Ted are signatories on documents involving the sale of the home to the Lions Head Land Trust, Inc.

Shortly after the Blakey hearing on the same day in a hearing in FL I notified Judge John Phillips that there appeared to be fraud in the home sale he and Colin orchestrated through the court but was denied any rights to speak. That what appears very strange is that counsel for the Estate and Ted acting as an alleged fiduciary in the Trusts failed in either hearing to notify the Judges that there had been discovered a dead body in the home of the recent purchaser, Mitch Huhem, a close friend of Donald Trump believed to be involved with the Trump University scandal and that there was fraud alleged by the incorporator and more. All of this information

was given to Detective Max Perez by me in an interview that does not appear in the FOIA information gained by the family of Huhem.

That the PBSO Detective Panzer is further complained of herein for knowingly attempting to cover up multiple crimes he was aware of and closing the cases prematurely with false and misleading information placed in the record and certain crimes not investigated at all. In fact, Detective Panzer met with Attorney at Law Alan B. Rose, Esq. according to the PBSO report days before closing the cases and was informed that Rose had taken multiple alleged trust documents from the Estate of Simon Bernstein that appeared to resolve certain documents alleged to be fraudulent in the Oppenheimer cases with my minor children, which Panzer was investigating.

However, Rose under oath as a witness in a hearing before Judge Phillips stated that he removed property from the Estate and admitted under oath that he had no Writ of Possession to do so and therefore Rose committed theft from the Simon Bernstein Estate of alleged highly relevant trust documents he claims he just happened to find in a drawer in the home. Brian O'Connell is the Personal Representative of the Estate of Simon Bernstein and thus Rose had no legal authority to remove such items that were in O'Connell's custody. At a re-inventorying of Tangible Personal Property ("TPP") of Simon Bernstein ordered by Judge Colin prior to Rose's alleged discovery of new trust documents, O'Connell was to have taken possession and removed all documents in the home and accounted for them. What is further disturbing is that immediately after Simon died, efforts were allegedly made by Tescher, Spallina, Ted and others to search Simon's home and offices thoroughly looking for any estate documents, as they could not produce a trust that sued parties in the Illinois Federal Insurance litigation and which missing or lost or suppressed or destroyed trust was claimed to be the beneficiary of a multimillion dollar life insurance contract. Sworn affidavits were provided by several parties to the Federal Court, including one by Ted stating they had searched the properties high and low and could not find any other trust documents. Under oath Rose replied that he was an officer of the court and thus entitled to remove properties without any court order from the Estate that he is not a fiduciary or counsel over, which is yet another false claim to the court in efforts to further obstruct justice and cover up the fact that the property was stolen.

Rose according to the PBSO report then proceeded to go through some ritualistic unsealing of the documents with Detective Panzer, who then failed to secure the original documents Rose had illegally removed from the premises, despite several of the documents being essential to allegations of fraud he was investigating against Oppenheimer Trust Company/Stanford Trust (involved in Stanford Ponzi)/JP Morgan Chase, Spallina, Tescher, Rose, Ted and Steven Lessne (formerly of GrayRobinson and now Gunster Yoakley) and others. In fact, Panzer was meeting with a one, Traci Kratish, Esq. (also a C.P.A.) who was alleged to be

RE: Internal Affairs Complaint & Public Office Corruption Case

the trustee of the children's Oppenheimer Trust when the trusts were formed but where Kratish stated that she did not work for my father's companies as counsel until after the trusts were already formed and she did not recall being trustee until much later after Allen Stanford was arrested in a Ponzi scheme and his trust company had to resign as the original trustee when the government seized his properties. The documents Rose allegedly found and removed illegally from the premises also alleged to be signed copies of the children trust documents, as the documents tendered to the court by Oppenheimer's Lessne were not properly signed and Daniel Bernstein's trust was missing signature pages entirely, yet Rose magically finds copies of the trusts the day before Panzer is scheduled to meet with Kratish. Both Rose and Lessne have failed to turn these miracle documents over to the courts.

Detective Panzer then misstated in his report the testimony of Traci Kratish that contradicts statements made by Kratish to myself, my lovely wife Candice and William Stansbury and presumably were intentionally misquoted and misreported by Panzer so he could rush to close the case. Panzer also made several false claims in closing out the reports of various other issues but did state at the time he was closing the cases that I wanted to add specific new crimes discovered in the matters both state and federal crimes and that I now wanted to include the judges involved in the cases as actual participants in the criminal acts taking place who were using the court as the vehicle to commit crimes including facilitating the fraudulent real estate transactions and other thefts of property. Despite knowing of these claims and new crimes being alleged Panzer rushed to close the cases without giving us a chance to respond to his findings with Rose and Kratish, this appears to violate my victim impact rights under the Florida Sunshine Law.

That with the Palm Beach Post series "Guardianship a Broken Trust" by reporter John Pacenti exposing corruption in the Palm Beach County 15th Judicial Circuit involving Judge Colin and Judge French, the level of retaliation against me and other victims of their crimes that the Post series exposed is on the rise. I feel a great level of danger for me and my family, as the investigations by PBSO have been stymied, delayed, interfered with and corrupted. We feel no state level protections can be afforded our family and other victims of these civil court frauds and interference in the criminal investigations already confirm that due process has been interfered with and thus seek to have an internal affairs audit of all of the cases involved in these matters and that also reaches out to Federal authorities who are already investigating certain of the parties. Federal authorities have already made arrest and convictions through consent orders of Spallina and Tescher by the SEC and FBI for criminal misconduct, including Spallina admitting to and being prosecuted for criminal misconduct by the SEC and FBI. I am requesting that PBSO IA invoke a Federal Monitor over the Palm Beach Sheriff department and the 15th Judicial Court judges and court appointed officers to assure that no prejudice and foul play is further infused in these matters, no further crimes are committed and to cease any collusion that may be

RE: Internal Affairs Complaint & Public Office Corruption Case

ongoing to subterfuge my complaints between PBSO officers and court officials involved. I call for an honest investigation of all of the matters detailed herein that are criminal statute violations, not civil, not ethical violations but violations of Florida Criminal Statutes and Federal Criminal Statutes to be investigated by non-conflicted parties who are carefully vetted for conflicts of interest prior to being engaged to investigate these matters.

My wife and I and other concerned parties who are now exposed in the press as exposing the corruption as whistleblowers are fearful of the retaliation of these public officers mentioned herein against our families to stop our whistleblowing and exposing of the systemic corruption in both the courts of Florida and the criminal investigatory entities named herein. As already mentioned herein, retaliation by Court officials in the Florida court cases listed herein where fraud has been proven and fraud upon the court proven, are doing everything they can to cover up the crimes and simultaneously deny my family and others due process rights and further use the courts in effort to shut down our efforts at exposing these horrific crimes. In our case Phillips for example after learning of the exposure of his pal Martin Colin and David French then gained Predatory Guardianships on our children through a mass of abuse of process violations and attempted to have me and my wife jailed for trumped up charges of contempt, etc.

In seeking Leave to Amend my Cross Claims in the Illinois Federal Lawsuit, I included an Exhibit Listing several of the judges named herein as to be added defendants in the federal complaint, see “Motion for Injunctive relief under the All Writs Act, Anti-Injunction Act and alternatively a Temporary Restraining Order-Stay-Preliminary Injunction and Other relief” <http://iviewit.tv/Simon%20and%20Shirley%20Estate/20160224%20FINAL%20ESIGNED%20MOTION%20FOR%20INJUNCTION%20ECF%20STAMPED%20COPY%20COMBINED%200FILING.pdf> pages 142-149 List of to be added Defendants to Amended Complaint or new Federal Complaint. Shortly after filing this in Federal Court in a hearing before Judge Phillips, Alan Rose presented Phillips with pages from the filing that showed Judge Phillips that he too was being added to any Amended or New Federal Complaint being filed as listed below:

**EXHIBIT A - COUNTER COMPLAINT DEFENDANTS /
PARTIES COUNTER-DEFENDANTS/THIRD PARTY
DEFENDANTS FOR AMENDED COMPLAINT AND
PARTY DESIGNATIONS**

1.Hon. Jorge Labarga, Chief Justice of the Florida Supreme Court, professionally; 2.Hon. Jorge Labarga, Chief Justice of the Florida Supreme Court, personally; 3.Judge Martin Colin, professionally; 4.Judge Martin Colin, personally; 5.Judge David French, professionally; 6.Judge David French, personally; 7.Judge Howard Coates, professionally; 8.Judge Howard Coates, personally;

9.Judge John Phillips, professionally; 10.Judge John Phillips, personally; 11.The State of Florida; 12.The Florida Supreme Court; 13.The 4th District Court of Appeals; 14.Palm Beach County Probate and Circuit Courts; 15.The County of Palm Beach; 16.The Palm Beach County Sheriff; 17.Detective Ryan Miller; 18.Detective David Groover; 19.Detective Andrew Panzer; 20.Captain Carol Gregg.

Upon seeing the list of to be added defendants with his name included Judge Phillips became further enraged and began threatening me and it became apparent that he was going to further cause harm to my family in efforts to destroy us further before we could file and this is exactly what he did thereafter, including making slanderous and defamatory statements about both me and my wife in his orders and adding language to further harm us that was not in the prefabricated orders Alan Rose provided him. Judge Phillips is biased, prejudiced and acting far outside the color of law in conflict with adversity to my family in very real efforts to cause us harm. Again, knowing he was being added as a defendant in the Federal case should have been cause for his disqualification on his own motion as he is not a fair trier of facts and has a vested interest in trying to stop my efforts to seek justice against the Florida court officers, including himself and his good friends, the opposing counsel and his “love,” Judge Colin.

I have learned recently from PBSO records that in the Homicide investigation of Mitchell Huhem, there exists evidence of further aiding and abetting in the conspiracy to deprive citizens full and impartial investigations by PBSO in order to protect the Judges who were involved in the fraudulent sale of the home, Judge Martin Colin, Judge David E. French and Judge John Phillips and other attorneys at law involved directly, namely Robert Spallina, Donald Tescher, Alan B. Rose, Brain O’Connell and fiduciary Ted Bernstein, where the victim, Mitchell Huhem was found dead in the home he purchased through a fraudulent trust, only days after the crime was exposed to the State Department and others and PBSO is found derailing the investigations to protect the judges and others. There is already evidence of evidence suppression from the record, improper docketing of the case as not a Homicide and more.

The Huhem Homicide/Suicide was also reported in civil cases, including with Judge John Phillips who did nothing about the information handed him in pleadings showing the fraud by officers of his court. The Huhem Homicide/Suicide was also reported to Federal District Court Judge John Robert Blakey. Where the crimes were reported in civil pleadings seeking an injunction to stop the sale of my father’s home and cease the ongoing criminal activity in the Florida courts, yet the sale went on. In the Federal Court the filing was made exposing the fraud in the home sale and this was done two days after the alleged Suicide of Huhem, which at that time I did not know that Mr. Huhem was dead. Note that in both civil cases when the crime was reported to Judge Phillips and Judge Blakey, hearings were held where this information was

tendered by me to the courts while Alan Rose and his client Ted Bernstein knew of the Homicide Investigation at the time and both failed to report the possible Homicide investigation to these civil court judges or criminal authorities, despite hearings held that this information should have been disclosed by them to the judges since Ted and Rose were fully cognizant at that time that Huhem had been found dead.

Attorneys Alan Rose and Lawrence Pino and Ted Bernstein are involved directly with the documents involving the alleged fraudulent sale of the Lions Head Saint Andrews Country Club home and thus their incentive to conceal this information from State and Federal Judges is obvious and for these same reasons the State of Florida judges also want to conceal this information of their direct involvement in the fraudulent sale which they aided and abetted, which could implicate them further in fraud. So it appears that the Sheriff and Medical Examiner's office have attempted to cover up the death and label it as a suicide and claim that it has nothing to do with the home sale and they have no evidence of that, despite the fact that they were given evidence that the fraudulent home sale and that it might be the cause for any malfeasance and murder. This cover up achieved by a shoddy criminal investigation where a homicide investigation should have been docketed and properly investigated but again this derailed Homicide Investigation case starts with a improper docketing of the complaint (very similar to Simon Homicide Investigation) where the complaint was docketed by PBSO in their report (See <http://iviewit.tv/Simon%20and%20Shirley%20Estate/20160622%20Palm%20Beach%20County%20Sheriff%20Office%20Report%20Mitch%20Huhem%20Case%201604246%20EIB%20COMMENTS.pdf> – (PBSO Closing Report Page 1) as the following four categories and note not one is Homicide:

Interviewing Deborah Huhem in March 2016 Detective Perez of PBSO stated the case was being treated as a Homicide Investigation until everything else was ruled out prior to concluding the case to be a suicide or murder, whereby the case was not determined suicide until four months later, and therefore the case is NOT docketed properly as a Homicide initially and in fact is docketed under four erroneous classifications instead, making the report and investigation questionable from the start. The first intake on the case on the date of Huhem's death (Page 2 of the link above) is listed in the report as a Suicide on that day but the first officer on the scene states that he is responding to a suicide call and instead shows up and is informed by Deborah Huhem that it is a missing person report. Where suicide was not yet determined making the initial intake false as well and making it appear that suicide was predetermined by PBSO from day one. Yet, until it was ruled a Suicide the case should have been properly marked as a

RE: Internal Affairs Complaint & Public Office Corruption Case

Homicide Investigation, especially with PBSO gaining multiple witnesses who contested the suicide and provided information that murder may have occurred for several reasons, some of this information from Huhem's family to PBSO is left out of the report, in fact, none of their statements to PBSO are in the report at all and my statement to Perez is wholly missing/suppressed from the FOIA report.

It appears that no evidence or very little evidence was gathered at the crime scene and the crime scene appears to have been professionally scrubbed only days after the death. From the pictures taken allegedly by PBSO at the scene, the whole crime scene appears contaminated with evidence moved prior to the PBSO pictures provided under FOIA. The images have no dates or sequencing, the whole home was not photographed, there are no pictures showing the body in the position it was found or the evidence as it was found one can hardly tell from the photographs that a body was even at the crime scene. There is nothing showing the body together with a gun and evidence appears to have been moved or completely removed from the scene. It was also learned that a wedding ring may have been removed from Mr. Huhem's hand and given to a family member by an unknown party when the body was found and this may have been further tampering with evidence, especially if the ring was removed from the hand prior to any gun residue testing.

In Simon Bernstein's Homicide Investigation starting at the very same address as Mitch Huhem in Saint Andrews Country Club - 7020 Lions Head Lane, Boca Raton, FL 33496, Simon was rushed to the Hospital hours before his death and went into a sudden violent death by early the next morning and Simon's case was similarly improperly docketed instead of docketed as a Homicide by PBSO as follows,

My personal statement and interview with PBSO Perez for over an hour was in direct relation to Mitchell Huhem's Homicide investigation, yet it was not included with the case report, appears to have been unrecorded or documented and where a mass of information was given to Perez relating to the fraudulent home sale transaction and possible suspects who may have wanted both Huhem dead and the Eliot Bernstein family dead, including those directly involved in the fraudulent home sale transaction, including but not limited to, the State Judges (Martin Colin and John Phillips), Attorneys at Law (Alan Rose, Robert Spallina, Donald Tescher and John Morrissey), Fiduciaries (Ted Bernstein, Robert Spallina, Brian O'Connell and Donald Tescher) and Guardian (Diana Lewis) who all have interest in wanting to conceal and cover up the fraudulent home sale.

Ted Bernstein refused to have his interview recorded with PBSO and Detective Max Perez capitulated to this request and thus there is no record of the interview. Further, it took weeks before Ted was summoned to his interview when it was Ted who Huhem was alleged to be meeting Mitch Huhem when he inexplicably goes missing on the day he died before meeting with Ted.

Nobody, including immediate family has directly identified the body of Mitchell Huhem at this time, despite the fact that Mitch's natural mother flew in from Utah for that very purpose shortly after his death but was refused to see and identify her own son's body. It now is known that nobody familial to Mitch, including a sister living in Palm Beach were allowed to identify his body despite his wife Deborah Huhem refusing to identify the body. Deborah Huhem refused to identify the body either at the scene or later with the Medical Examiner. Where Deborah Huhem was a suspect presumably in the Homicide Investigation or should have been and whereby her refusal to identify makes her even more suspect, especially where large

amounts of life insurance and other assets are at stake that favor Deborah Huhem over his family from his prior marriage, which includes several minor children whom he loved. Deborah's refusal to identify the body and the refusal of PBSO and PBME to allow family to identify the body, has left no one actually having identified the body to this date to confirm that the murdered part was in fact Mitchell Huhem. Huhem family statements to PBSO of concerns that it was definitely not a suicide in their opinion were not included in the PBSO FOIA report and appear to be unrecorded or documented at all and thus suppressed. This further exhibits the Sheriff's suppression of key evidence from family members.

Attorney at Law, Laurence "Larry" Pino, was interviewed by PBSO in the report in taped interviews and while not requested by PBSO to be interviewed claimed he had valuable information regarding the Homicide Investigation and wanted to go on the record at Deborah Huhem's interview. PBSO should have absolutely regarded Pino as a suspect or interested party as he had just met with Huhem after he learned that allegations of fraud against Pino directly were being exposed in the home sale and allegations of Pino involved in fraud were being made by Leilani Ochoada and where shortly after Pino learns of this Mitch Huhem is found dead. PBSO should have definitely interviewed the two suspects separately and not allowed Pino to hear and influence the testimony of Deborah Huhem to PBSO detectives. Pino fails to mention that he was contacted by Leilani however and that she was claiming that he used her identity fraudulently and that he had learned of this prior to Huhem's death and prior to his meeting with Huhem shortly before his death.

In his statement, Pino makes false, unfounded, slanderous, defamatory and accusatory allegations that any foul play in the matter would be due to me, Eliot Bernstein. Mr. Pino fails to state that he spoke with a one Leilani Ochoada, who stated that she was never the Incorporator of the Lions Head Land Trust on documents he prepared and filed with the State of Florida. Ms. Leilani Ochoada gave taped interviews to Eliot Bernstein and Kevin Hall stating she was the not the incorporator and she had nothing to do with the land trust that was not properly registered with State of Florida. Mr. Pino in fact, evades the whole home sale fraud and instead opts to try and smear Eliot Bernstein, describing him as a "crazed blogger" who was posting blogs in the days leading up to Huhem's death that may have led somehow to Huhem's death and where I, Eliot Bernstein, was posting NO blogs at that time about Huhem or the home sale.

Pino appears in the interview to have great knowledge of the civil cases surrounding the Saint Andrews Country Club home of my parents at 7020 Lions Head Lane and tries to influence investigators that Mitch's death was a suicide instead of what appears more to be a Homicide but gives officers no indication or information that he is being alleged in the civil pleadings to be one of the key players in the fraudulent home sale transaction that may have led to the Homicide of Huhem. This further represents criminal wrongdoing as Pino is giving knowingly false

statements to officers and trying to frame me in the event there is investigation into an actual murder, shifting the Sheriff away from his involvement in the Lions Head Land Trust. What is most spectacular is once the Sheriff was informed of the allegations involving the sale of the home they did not contact a single party given to them involved and never contacted Pino about his involvement directly in the alleged fraudulent sale.

Further, Detective Perez describes me, Eliot Bernstein to suspect Pino and Deborah Huhem at her interview as a disgruntled son who was disinherited and upset about it, further defaming and/or framing me in his report incorrectly, as I was never disgruntled about my family's inheritance. Instead, I went to PBSO disgruntled that fraud and forgery by attorneys at law had taken place in my father and mother's estate and trusts and that my father was alleged to have been murdered by my brother and others and other criminal acts were being committed. Further, I went to PBSO not because I was disgruntled but that crimes were continuing to occur in the courts by court officials and court appointed officials that was Obstructing civil or criminal due process to my family. This Obstruction was also due to corruption not only in the courts but in conjunction with law enforcement and these reasons more accurately describes my disgruntled state than over inheritancy. After speaking with members of the Huhem family and others, I believe that many people are becoming disgruntled with the PBSO failing to regulate through formal criminal process, judges and attorneys who have rigged the system and are using the system of jurisprudence to commit crimes against the citizenry of Florida.

III. LIST OF CRIMINAL COMPLAINTS & PBSO OBSTRUCTIONS

A. Palm Beach County Medical Examiner - Autopsy Ordered by Ted Bernstein for alleged poisoning of his father Simon L. Bernstein.

- 1) Case No. 12-0913 - Opened by Ted Stuart Bernstein with the aid of his legal counsel claiming a possible murder of his father Simon Bernstein by a one Maritza Puccio (whom PBSO never interviewed at all.) Opened and reported by Ted Bernstein September 13, 2012 the day Simon Bernstein died leading to a delay in the funeral in violate of his religious practices and where Ted and Pamela Simon claimed the body had been taken to a "private" autopsy company in Miami Florida, which was later learned to be wholly false. The original Autopsy did not check for Poison and the case had to be reopened by me over a year later to conduct a Heavy Metal Poison Test, which came back with elevated levels of Arsenic, Cadmium and another heavy metal, yet the report is for a 113 year old man named Simon Bernstein and Simon Bernstein my father was only 76 when he passed away suddenly, violently and unexpectedly. The Homicide Investigation was closed prematurely without

dealing with the ELEVATED heavy metal test results or the errors in the report that make it further suspect. Ted Bernstein and Pamela Simon stated the autopsy was done by a private firm in Miami but Corner reports contradict these statements and show the body was transported directly to Palm Beach Medical Examiner's office on the day Simon died and the autopsy was done by them. The handling of the autopsy case was done by Ted Bernstein, Pamela Simon and Ted's attorneys at law who Ted claimed knew people who could get the investigations handled expedited through their connections at PBSO and the medical examiner. On the day his father died and days thereafter Ted was incessantly on multiple calls with his counsel Tescher, Spallina and Swergold and told my wife and me that his attorneys were handling it with their contacts.

It should be noted that while Tescher and Spallina were both aware on the ongoing Homicide investigation and Coroner autopsy at the time, Robert Spallina filed an insurance claim acting fraudulently as the Trustee of a Trust he now admits to PBSO and in sworn court statements that he has never seen or possessed the trust he claims to be trustee of and the insurance policy he made a death benefit claim on as trustee. Most frightening is that Spallina failed to inform the life insurance company Heritage Union Life/Jackson National that there was an open and ongoing Homicide investigation into Simon's death at the time of the claim and further submits initially a death certificate that had no final cause of death. The insurance carrier denied the claim on multiple grounds including that Spallina could not produce the trust or policy he claimed to be making the death benefit claim under.

- 2) Case No. 16-0281 - Mitchell Huhem Autopsy - Mother of Huhem was refused at the Medical Examiner from being able to identify her son. Deborah Huhem refused to identify the body as the wife and therefore no one has ever identified the body visually confirming the body was Mitch Huhem.

Critical crime scene evidence appears to be missing from the PBSO files and PBME files that were gained through FOIA requests of these agencies.

B. Palm Beach Sheriff and Boca Raton PD

- 1) Case No. 12121312 - Alleged Murder of Simon Bernstein. The case was initiated by Ted Stuart Bernstein on September 13, 2012 the day his father Simon Bernstein died. This rush to contact authorities claiming murder was Ted's very first order of business minutes after the death of his father. The case was then improperly docketed by PBSO and was never properly recorded or investigated at all as a Homicide and witnesses and suspects never fully investigated. Evidence was not collected at the scene or ever from the home by PBSO. PBSO officers VINCENT HAUGH #8826 and SGT. CASTELLI were at the scene, the 7020 Lions Head Lane home in Saint Andrews Country Club. The alleged suspect identified by Ted and Rachel Walker was Simon's companion Maritza Puccio who was claimed by Ted,

Pam and Rachel Walker to have poisoned Simon. Puccio however was never contacted or interviewed by PBSO according to the FOIA records. No one in the Bernstein family was ever contacted after the original interviews on the day Simon died, and where the interviews done that day took place outside the home and the case as already evidenced herein was then not recorded properly as a Homicide Investigation by PBSO. Officers had stated to my family that they would be coming back later to inspect the home and gather evidence and take further statements because they did not want to interfere with our grieving process but they never came back and never collected any evidence from the scene of the alleged poisoning, the home of Simon. The initiating and handling of the cases was done by Ted Bernstein, Pamela Simon and Ted's attorneys at law who Ted claimed knew people who could get the investigations handled swiftly. Ted spoke to his attorneys Jon Swergold of Greenberg Traurig and Robert Spallina and Donald Tescher who Ted claimed could get everything handled internally within the PBSO and PBME and have the matters expedited and instead they were wholly stymied, obstructed and delayed.

a) Simon's Homicide investigation case was not labeled properly as a HOMICIDE INVESTIGATION and instead was booked as the following:

However, such records may be furnished without written authorization under the following circumstances:

RE: Internal Affairs Complaint & Public Office Corruption Case

-
- b) The case was mislabeled and therefore not treated or reported as a Homicide investigation, very similar to the Huhem mislabeling and mishandling defined further herein.
- 2) Case No, 1604246 - Homicide/Suicide - Mitchell Huhem
- a) Case was not investigated properly as a Homicide due to improper docketing of the case as already discussed herein.
 - b) Evidence was suppressed, including but not limited to;
 - i) Eliot Statement to Max Perez - Missing from FOIA reports,
 - ii) Eliot Emails - Missing from FOIA reports,
 - iii) Huhem Family Statements - Missing from FOIA reports,
 - iv) Information regarding Lions Head Land Trust being fraudulent and possible cause of Murder involving Alan B. Rose and Laurence Pino documents used in the sale,
 - v) Information regarding Judge Martin Colin and Judge John Phillips involvement in fraudulent Probate Sale of 7020 Lions Head Lane sale in probate court,
 - vi) Ted Bernstein statement not recorded at Ted's request according to PBSO statement to Huhem family, and,
 - vii) Evidence was not properly collected at scene of crime.
 - c) Body was never identified by family despite his mother and other family members flying in from Utah to do so and where his wife Deborah Huhem refused to identify
 - d) Laurence "Larry" Pino tries with Deborah Huhem to frame Eliot Bernstein for any foul play that may have occurred in the death of Huhem while failing to inform officers that they were aware of allegations of fraud in the home sale immediately prior to Huhem's death that Pino and Alan Rose were being accused of by multiple parties.
 - e) Detectives fail to talk to Leilani Ochoada regarding Lions Head Land Trust and her claim that her identity was misused by Laurence Pino to incorporate. State records show Lions Head Land Trust not incorporated at time of sale.
- 3) Case No. 13097087 - Palm Beach County Sheriff Criminal Complaint re Multiple Financial Crimes, Fraud, Forgery, Theft of Assets and more filed 07/15/13 with the Palm Beach County Sheriff. Filed by Eliot Bernstein. Case was never investigated fully, witnesses and suspects never fully investigated. Detectives focused on only one of many alleged crimes which led to the arrest of Notary Public & Legal Assistant Kimberly Moran of the Law firm Tescher & Spallina PA. Case was reclosed despite admission of Robert Spallina to further fraudulent acts he and his partner Donald Tescher committed including forgery and fraudulent documents and mail and wire fraud in efforts to derail prosecution of the crimes admitted. Despite admission of these felonies the cases were not immediately referred to the states attorney and federal authorities. Further violations of Victim Rights under the Sunshine law and victim impact statement rights of my family were caused by Panzer's sudden and inexplicable closing of the file, including but not limited to,

RE: Internal Affairs Complaint & Public Office Corruption Case

-
- a) failure to include my response to interviews with Rachel Walker, Alan Rose and Traci Kratish, which show perjury and false information in criminal investigations was tendered by these parties to PBSO,
 - b) failure to include information regarding new crimes, state and federal and new parties including Judges Colin, French, Coates and Phillips and other Attorneys at Law involved was suppressed and not included in the reports by Panzer,
 - c) Emails from Attorneys at Law Peter Feaman, Esq. and Brian O'Connell, Esq. stating that Ted Bernstein and Alan Rose as his counsel were violating law and ethics in cases and that Ted Bernstein was not a valid trustee under the terms of the Simon Bernstein trust (again acting fraudulently as Trustee) were suppressed and missing from the FOIA files despite them being sent to Panzer,
 - d) Panzer's report regarding Traci Kratish statements were wholly incorrect according to statements Kratish made to multiple parties and again recordings of that investigation either are suppressed from the FOIA records or were not taken and again our response as victims to these inconsistencies in the report was never put in the FOIA files,
 - e) Panzer's report fails to address the Medical Examiner's Heavy Metal Test that was done over a year after Simon's alleged poisoning that showed elevated levels of several heavy metals on a test conducted on a 113 year old Simon Bernstein, the Coroner report also fails to deal with these elevated heavy metal results,
 - f) there are missing records, emails with attachments and documents tendered to PBSO are missing from the FOIA records,
 - g) witnesses given to PBSO who had pertinent evidence and information regarding Simon and Shirley Bernstein were never contacted, including but not limited to, William Stansbury, Walter Sahm, Diana Banks, Scott Banks, Brian O'Connell and Peter Feaman, Esq.,
 - h) Federal Authorities were not contacted regarding information Panzer received of admitted federal crimes and other federal crimes alleged,
 - i) PBSO officers involved in this case are,
 - i) Deputy Brian Longsworth #7657;
 - ii) Detective Ryan Miller #7704;
 - iii) Sergeant David Groover;
 - iv) Detective Andrew Panzer #6685 and
 - v) Captain Carol Gregg.
 - j) The entire case was wholly shut down prior to investigating multiple other crimes reported and evidenced against other parties involved in criminal acts when Detective Ryan Miller claimed he had spoken to Judge Martin Colin's chamber who had instructed him to shut down the criminal investigations of the attorneys at law, fiduciaries and others involved in the other alleged crimes. Colin relayed to PBSO that he would handle the criminal complaints in his civil Court, the actual crime scene of several of the crimes

that were reported and several which could implicate Colin directly in the frauds making him a material and fact witness and suspect, all cause for his mandatory disqualification which he refused to step down repeatedly despite the conflicts this created. Note that Judge Colin had no right to interfere in criminal investigations of he or his court appointed officers with criminal authorities, especially as he was one of the possible suspects in the fraudulent documents submitted to his court. Investigation into this Obstruction by Colin was never investigated by PBSO or IA.

- k) Note that Judge Colin had stated twice in a September 13, 2013 hearing that he had enough evidence to read attorneys at law Robert Spallina, Esq., Donald R. Tescher, Esq. (who was absent at the hearing), Mark Manceri, Esq. and Ted Bernstein their Miranda Rights (despite his lack of jurisdiction to do so) as he discovered and had admissions of forged and fraudulent documents that were submitted to the Court by Moran AND OTHERS including court appointed fiduciaries and counsel. Crimes discovered by Colin and information given to detectives that parties had used Simon Bernstein's identity after he was deceased to close the Estate of his deceased wife Shirley Bernstein in a macabre fraud that altered documents and used a deceased person as Personal Representative/Executor to close an estate by committing financial fraud, document fraud, fraud on the court and fraud on the true and proper beneficiaries was not investigated or prosecuted or referred to the state attorney.
- l) After the improper closure of the case by PBSO due to Martin Colin's interference the case was petitioned to Captain Carol Gregg and Internal Affairs to be reopened and a subsequent report was then opened to investigate the other crimes. Spallina was brought in for questioning and then admitted to PBSO that he forged and fraudulently altered a Shirley Trust document that attempted to change the beneficiaries of the Shirley Trust to include Ted's family as Ted made dispositions, which again he is prohibited from doing by the language of the Shirley Trust. Ted made distributions of trust funds to improper beneficiaries, including his family.
- m) The case after being reopened after Miller closed it was again improperly closed by Detective Panzer who had replaced Miller and Groover who claimed to have been suddenly both promoted and removed from the case while active and did not close out their work. Panzer took over and cases and claimed that initially he only wanted to look at the Oppenheimer fraudulent documents that Martin Colin and Spallina are signatories on and refused to investigate the other crimes that were left open by Miller and Groover. Panzer says he will do that after the Oppenheimer documents are investigated but never does before trying to rush to close. Panzer after reviewing fraudulent documents in the Oppenheimer civil case, again directly implicating Judge Martin Colin in the fraud going back as far as 2010 begins a slow process of derailing not only the Oppenheimer case but again attempting to bury the prior crimes alleged and admitted to that remained unprosecuted and uninvestigated, including the admission by Spallina of Mail and Wire

Fraud and his creation and dissemination of fraudulent trust documents, Fraud on the Beneficiaries and Fraud on my minor children's counsel, Christine C. Yates of Tripp Scott law firm.

- n) Detective Panzer rushed to close the case as his case report reflects, after getting statements from Traci Kratish and me that the documents in the Oppenheimer case did not add up and appeared fraudulent, yet Panzer attempts to spin the statements of Kratish and deny the factual evidence. Detective Panzer notes in his report that at that time he was closing the case, I was asking PBSO to begin investigating Judge Colin and Judge French and others at the Palm Beach courthouse and the other crimes, including federal crimes. There were also numerous other crimes, including admission of fraud by Spallina that were not investigated or prosecuted as Panzer then stated that he would not review anything Miller and Groover had started to investigate but were never completed prior to their sudden promotions that took them both off the case. However, all the rest of those crimes were never investigated through this scheme of Panzer's to close everything and remain uninvestigated as of this date.
 - o) In the PBSO report we find that PBSO contacted Rachel Walker and recruited her to try and answer questions from my May 2013 Emergency Petition filed in the civil court in efforts to debunk claims of mine to the court. This bizarre behavior by PBSO of having a suspect reply to a civil pleading to try and defeat the pleading for investigators is remarkable and where Walker is one of the primary suspects as she was the last person with both my mother and father before they both went into sudden and violent deaths within hours. Walker shortly after my father died then allegedly checked herself into a drug rehabilitation center in Las Vegas, on a flight she booked on Simon's credit card and shortly thereafter tattooed my parents' initials on her arm. Yet none of the contact with Walker by PBSO is recorded and it appears several correspondences between Detective Miller and Walker took place and it was later learned that Walker and Miller knew each other from a prior visit to my parents' home and according to Walker she was recruited by PBSO to answer the civil complaint filed in Colin's court where she was not a listed respondent to the complaint. Note that no other respondent ever responded to the May 2013 Petition, despite pleadings with the court to have all respondents file responses as required. It is alleged that contact with Walker with the detectives was also not fully included in the FOIA report obtained.
- 4) Case No. 14029489 - Palm Beach County Sheriff - Supplemental Financial Crimes. Filed by Detective Ryan Miller et al. New Case opened as supplement to the Moran case after Captain Carol Gregg and Internal Affairs had crimes that were not investigated in the prior complaint that led to the arrest of Kimberly Moran investigated prior to the premature closing of the case at Colin's insistence. This case is tied directly to the initial criminal complaint I filed and the results are the same, premature closure in attempts to bury crimes alleged and crimes admitted. This opening of new case appears to be an attempt to lose the Moran

conviction information from the record and close crimes that were still being investigated in the old case by shifting it to a new case number.

- 5) Case No. TBD - Palm Beach County Sheriff's Internal Affairs - Sergeant Gendreau - Filed by Eliot Bernstein January 7, 2014. Case was opened and determined that Detective Miller and Groover were to begin investigating the multiple Felony criminal acts contained with the Moran case and open a new Supplemental Report involving a multitude of crimes.
- 6) Case No. 13097087 - Multiple Financial Crimes, Fraud, Forgery, Theft of Assets and more filed 07/15/13 Palm Beach County Sheriff was petitioned to Captain Carol Gregg and Internal Affairs to be reopened and a subsequent report was then opened.
- 7) Case No. 13159967 - 12/23/13 Palm Beach County Sheriff Palm Beach County Sheriff Theft Report Filed 12/23/2013. Detective Miller directed Eliot Bernstein to file yet another separate report for Theft of Personal Properties from the Estate of Simon Bernstein and more. PBSO detective D/S RAINERI 5189 opened the case and was to investigate, as of this day this case has been stymied and delayed without any investigation whatsoever. Case is still pending and has not been investigated. Panzer was notified that court ordered a re-inventorying of assets due to claims that properties were improperly moved and Panzer fails to attend and where a mass of stolen properties were discovered both from the Shirley Condominium and the 7020 Lions Head Lane.
- 8) Case No. 13CF010745 - Palm Beach County Sheriff Arrest of Kimberly Moran. Kimberly Moran Criminal Complaint. Kimberly Moran was sentenced for fraudulent notarization and admitted to altering 6 parties documents, forging six parties' names, including Post Mortem forgeries and fraudulent notarization for Simon Bernstein. Despite my protests to the District Attorney that Moran be charged for all the crimes she committed or enter a plea agreement to reduce the penalties, instead Moran escaped with only one count of fraudulent notarization, this further victimized victims and protected those involved with her. Further, evidence was presented that Moran's statements to the Governor Rick Scott's Notary Public Division were different than her claims under investigation to PBSO detectives and she should have been charged for this perjury and false information to investigators and fully charged for all crimes she committed with scienter.
- 9) Internal Affairs Case IR15263 - Palm Beach County Sheriff's Internal Affairs Palm Beach County FL - Attempt to shut down investigations days after filing in an unsigned letter without any due process rights, no contact with victims, no input from victims, no review of victims documents or new information, etc. Crimes not prosecuted although proven, admitted and more.
- 10) Case #2014-015-141 - Boca Raton, Police Dept 11/1/2014 Officer Cortez. The case was opened as Detective Miller of Palm Beach Sheriff referred this matter to Boca PD and yet upon meeting with Detectives from Boca PD they determined that Palm Beach Sheriff should handle the complaint and turned it back over to PBSO questioning why PBSO was not

contacting them directly if they needed assistance since they had ongoing investigations into the matters and the suspects.

- 11) Case No. - 2013-008-568 - Boca Raton, Police Dept Boca Raton PD - Fraudulent Documents. Boca Raton, Police Dept 2013 Officer Cortez

C. Jacksonville Illinois Insurance Fraud

- 1) Case #2014000865 - Jacksonville IL PD - Insurance Fraud, Bank Fraud, Institutional Trust Company Fraud and Fraud on a Federal Court and more. Jacksonville IL PD filed 14-Jan Detective Miller directed Eliot Bernstein to file a separate report for the Insurance Fraud / Bank Fraud / Mail and Wire Fraud committed by Robert Spallina in filing a fraudulent death benefit claim and impersonating a trust company executive and more. Detective Scott Erthal, Detective Miller of Palm Beach Sheriff were given evidence relating to insurance fraud, bank fraud, interstate mail and wire fraud and more and they refused to investigate stating Eliot had to file new complaints with IL PD. Miller stated since the fraudulent documents were sent from Boca Raton Attorneys at Law Robert Spallina, Esq. & Donald Tescher, Esq. to Jacksonville IL to Heritage Union Life, PBSO had no jurisdiction. When a complaint was then filed with Jacksonville PD it was determined that the Palm Beach Sheriff who had an ongoing investigation of the suspects should be the people contacting Jacksonville PD and investigating and the complaint was referred back to Palm Beach Sheriff as Jacksonville PD stated that PBSO had jurisdiction. I was further advised by Jacksonville PD that PBSO should have reported this crime to the FBI as it involved a host of Federal interstate crimes and federal statute violations. I returned to Palm Beach County Sheriff where Detectives Miller and Panzer were to notify the FBI and get an agent to work on the Federal Crimes alleged but Panzer suppressed the information and failed to report it to proper authorities prior to rushing to close his case.

D. Governor Rick Scott - Notary Public Division

- 1) Case No. "KIMBERLY MORAN" - Governor Rick Scott Notary Public Division. Fraudulently Notarized and Forged Documents submitted to the Palm Beach court. Governor Rick Scott Notary Public Division investigation found probable cause and enjoined PBSO. 19-Jun-13. Kimberly Moran was later arrested for Fraudulent Notarization and Admitted 6 counts of Forgery and Fraudulent Notarization by PBSO but only got charged by the DA with 1 Count of Fraudulent Notarization, this despite my protests as a victim and despite admission of forging 6 documents for 6 separate people, including Simon Bernstein POST MORTEM. Moran was only prosecuted and convicted however on one count of fraudulent notarization. Both Moran and her employer Robert Spallina, Esq. stated to investigators that her actions were a one off thing and there were no other crimes they knew

RE: Internal Affairs Complaint & Public Office Corruption Case

about. However Spallina in January 2014 admitted to Palm Beach Sheriff Investigators that he fraudulently altered a trust document of Shirley Bernstein's POST MORTEM and disseminated it via wire and mail and caused a fraud on the beneficiaries and their counsel and this was done in January 2013, making his statements to PBSO and the court that he knew of no other crimes false and perjured. Moran lost her notary license.

- 2) Case No. "LINDSAY BAXLEY AKA LINDSAY GILES" 29-Oct-13 - Governor Rick Scott Notary Public Division. Lindsay Baxley aka Lindsay Giles alleged to have made Fraudulently Notarized Will and Trust Documents that were then submitted to court. Giles was sanctioned by Governor Scott's Notary Division for improper notarizations. Palm Beach Sheriff has failed to investigate the documents, including a Will and Trust alleged to be done by Simon Bernstein approx. 40 days prior to death. The documents fail to identify if Simon was there on the day of signing and the witnesses Moran and Spallina have already admitted to felony crimes and Baxley failed to notarize these documents properly similar to what Moran had done on Shirley documents.
- 3) Case # 201009030002 - FL Governor / Florida AG / Florida Grand Jury #19 Florida Grand Jury Chief Inspector General Bill McCollum Florida Attorney General / Charlie Crist & William Shepherd, Statewide Prosecutor, Aug-10. Bill McCollum also referred me to contact Florida Gov. Charlie Crist. Letter sent to Crist to begin formal investigations and add Iviewit to the 19th Florida Grand Jury on Public Office Corruption. Crist opened IG case Chief Inspector General Case # 201009030002 then closed it to refer it to William Shepherd, Statewide Prosecutor.

- 1) FBI #1
- 2) FBI #2 - Open Investigation of Robert Spallina that was part of SEC Insider Trading Case, which is only a part of investigation.
- 3) SEC #1 - Case 3:15-cv-07118-AET-LHG - SECURITIES AND EXCHANGE COMMISSION v. ROBERT L. SPALLINA, THOMAS J. PALERMO, BRIAN H. MARKOWITZ, STEVEN G. ROSEN, and DONALD R. TESCHER. Tescher and Spallina both signed consents with the SEC and Spallina plead guilty to felony criminal conduct. Spallina violated his SEC consent in a 12.15.2015 hearing before Judge John Phillips whereby he lied about the terms of his consent and further admitted to new felony crimes including fraud and mail and wire fraud that he claimed under oath he not told any authorities about prior to his confession in court. Judge Phillips covered up for him and failed to notify authorities making him chargeable with Misprision of Felony and Aiding and Abetting.

IV. LIST OF ACCUSED PARTIES & WITNESSES

A. Judges (Excluding Federal Patent Case and the Most Honorable Judge Shira Scheindlin):

- 1) Martin Colin – Recused one day after denying a Petition for his disqualification for charges of Fraud on the Court and Fraud by the Court. Then Post Recusal improperly steered cases to Judge Howard Coates, who Sua Sponte recused at the first hearing and ultimately the cases were transferred improperly to Judge Phillips in order to continue to cover up the fraud on the court, fraud by Colin’s court and fraud by the fiduciaries and attorneys involved who Colin had protected prior.
- 2) Judge David E. French – Was Simon Bernstein Estate Judge who improperly transferred his case to Judge Colin without proper hearings by both judges. Judge French is also the Judge in the Huhem family case where a case involving the transfer of the body was had.
- 3) Judge Howard Coates – Improperly accepted cases on transfer from Colin, did not disclose that he was a former partner at Proskauer Rose who is a Counter Defendant in the Estate and Trust cases he took over as presiding judge on. In an initial hearing he hid the fact that he had anything to do with me and my father Simon’s technology companies and Intellectual Properties and denied any involvement in the Iviewit companies, where in fact he was a billing partner for the account. At the first hearing based on Alan Rose’s objections to his continuing to handle the cases due to the glaring conflicts of interest Judge Coates Sua Sponte after starting the hearing recused, after he had already obtained highly confidential court records of Judge Colin in preparing for the hearing.
- 4) Judge John Phillips – May have brain damage from a bicycle accident or this is an excuse for his over the top and outside the color of law criminal actions since taking over the cases from Judge Coates to shut down my due process rights and those of my children and cover up the crimes of the court and its officers. Phillips has removed my standing in my civil cases, had a Predatory Guardianship placed on my children, denied me of being a beneficiary despite dispositive documents that clearly name me as a beneficiary and had estate and trusts documents validated by Spallina who admitted on the record and under oath in his court that he had fraudulently created trust documents, he had filed fraudulent documents with the court in the cases, he had closed the Estate of Shirley Bernstein Fraudulently, he had mailed fraudulent documents to Eliot’s minor children’s counsel and is under SEC Consent. Yet, Judge Phillips despite hearing these confessions of felony criminal misconduct that Spallina claimed he had not notified authorities of while under oath in a December 15, 2015 hearing as a witness to the validity of the documents and Phillips even after learning of these newly revealed crimes ruled in favor of Spallina’s testimony. Judge Phillips has failed to report these criminal admissions of a Court Appointed Officer and Fiduciary to the proper

authorities and instead has only retaliated harder on Eliot and his family and this dereliction of duty constitutes Misprision of Felony, Aiding and Abetting and Obstruction of Justice and more.

- 5) 4th DCA Judges - These judges have information and evidence that officers of the court of Florida have admitted and committed fraud and fraud on the court and have failed to follow their ethical canons, attorney conduct canons, Florida fraud policy for fraud on the court and by such failure have aided and abetted and continue to try and retaliate through further fraudulent process.

B. Lawyers, Fiduciaries (Excluding Federal RICO & ANTITRUST Cases) and other parties involved in the criminal acts alleged herein.

- 1) Donald Tescher, Esq. – Tescher & Spallina PA (Under Consent with SEC for Insider Trading) Law Firm forged documents and fraudulently notarized documents to court and others. Tescher, along with Spallina, claimed to be the Co-Trustees and Co- Personal Representatives of the Estate and Trust of Simon Bernstein, in a trust document that is flawed in notarization and was done allegedly weeks before Simon died. Tescher and Ted Bernstein were business associates prior to Ted's introduction of Tescher and Spallina to the Bernstein family and Tescher was the lead attorney on the account when it was first gained through Tescher's former law firm Tescher Gutter Chaves Josepher Rubin Ruffin Forman Pa which was the initial law firm Simon contracted with.
- 2) Robert Spallina, Esq. - Tescher & Spallina PA (Under Consent with SEC for Insider Trading pled guilty to Criminal Misconduct in separate case, in this case Law Firm Tescher & Spallina forged documents and fraudulently notarized documents to court and others, Admitted Fraudulently Creating Post Mortem Trust for Shirley Bernstein and sent to counsel for minor children, Admitted Closing Estate of Shirley Bernstein using identity of Deceased Personal Representative/Executor Simon Bernstein, Admitted Mail Fraud in 12/15/15 Hearing Before Judge John Phillips and more).
- 3) Alan Rose, Esq. - Mrachek, Fitzgerald, Rose, Konopka, Thomas & Weiss, P.A. - Alan Rose, Esq. was the replacement to Ted's counsel as alleged PR and Trustee for Shirley's estate and trust Spallina and Tescher. Whereby with the resignation of his counsel Tescher and Spallina for having committed multiple frauds that directly benefitted Ted Bernstein and harmed other beneficiaries Ted should also have abdicated his fiduciary duties due to the conflicts and his involvement in the frauds of the Shirley Bernstein Estate and Trust, which his attorneys committed acting on Ted's behalf as PR and Trustee. Upon their resignation for their frauds, Tescher appointed Ted as his successor despite clear language in the document that precludes Ted.

- 4) Steven Lessne, Esq. - GrayRobinson, P.A. & Gunster, Yoakley & Stewart, P.A. - Steven Lessne was brought in by Oppenheimer Trust company to replace Ted's other resigned counsel Mark Manceri, Esq. regarding the Oppenheimer Trusts and represent the company BFR that my three children own. Lessne originally claimed he was representing my family to us and took our confidential information regarding our legal strategies, which included going after Tescher and Spallina for directing Oppenheimer to use trust funds inappropriately that they were to replace after using them and never did, where Spallina and Tescher had nothing to do with the trusts or their use but demanded Oppenheimer use the funds and Oppenheimer followed their orders. Once the funds were depleted Oppenheimer contacted Tescher and Spallina to replenish the funds and they refused as they were already under investigation in the Moran affairs and this was done to further harm my family and attempt to extort us into accepting their fraudulent transfers and other frauds. Oppenheimer then claimed they were closing the trusts and resigning as Manager of BFR, a position they gained illegally and in violation of the BFR operating agreement, again at the direction of Tescher and Spallina and where turning the fiduciary roles and assets over to me. I protested their sudden abdication of fiduciary duties and then without warning or notice they transferred highly confidential account information to Ted, Tescher and Spallina claiming that Ted was now the Manager of BFR and accepted the role. Ted began a series of acts to extort my family through his control of BFR which paid all bills for my family and suddenly power, alarms, cable and water were being turned off and where the bills were sent to Ted leaving us with no ability to control our expenses or have utilities, insurance, etc. paid. Later Ted and Oppenheimer would claim that Ted never accepted the position and left no one handling BFR or the expenses leaving us without basic needs and utilities with scienter and trying to extort my family to either accept their fraudulent acts or be further financially damaged. When Lessne was questioned on who he actually represented after taking our confidential legal information he admitted that he was not representing our family in the BFR and Trusts but was in fact representing Oppenheimer as manager, this confession came after he knew that we were planning on suing Oppenheimer for their breaches of fiduciary duties.
- 5) John Pankauski, Esq. - Pankauski Law Firm PLLC – Resigned citing Irreconcilable Differences with Ted Bernstein
- 6) Mark Manceri, Esq. - Mark R. Manceri, P.A. – Resigned as Ted counsel
- 7) Jon Swergold, Esq. – Greenberg Traurig – Resigned as Ted counsel
- 8) Brian O'Connell, Esq. - Ciklin Lubitz Martens & O'Connell (Boose partner convicted went to prison) – Replaced Curator Benjamin Brown who were both referred into the matters by Peter Feaman, Esq. counsel to the creditor.
- 9) Joielle Foglietta, Esq. - Ciklin Lubitz Martens & O'Connell – Assistant to O'Connell who lied numerous times in court statements and continues to work with Ted Bernstein and Alan Rose, Esq. regarding Simon Bernstein Trust matters despite making claims that Ted

RE: Internal Affairs Complaint & Public Office Corruption Case

Bernstein is not a validly serving Trustee and continues to bill the estate of Simon for these inappropriate interactions.

- 10) Benjamin Brown, Esq. - Matwiczuk & Brown, LLP – Curator hired to replace Tescher and Spallina when they resigned due to fraud who died unexpectedly days after notifying me that he had finally received tax returns for my parents, which to date remain missing from the records transferred to O’Connell and the Ciklin firm.
- 11) John Morrissey, Esq. - John P. Morrissey, P.A. – Ted and Pamela Simon alleged children counsel. It is believed that Ted has hired this counsel to represent his adult children but in fact Morrissey appears from court records to have represented against the children’s interests in favor of Ted in the Illinois Federal Court regarding the Heritage Insurance Policy and in other matters.
- 12) Adam Simon, Esq. - The Simon Law Firm – Ted Bernstein counsel Illinois Federal Insurance Case. Brother to Pamela Simon’s husband David B. Simon. Filed Federal Lawsuit on behalf of trust and trustee Ted, where it is now learned he has never seen or possessed a true copy of such trust he sued parties on behalf of making the case one of false process.
- 13) David Simon, Esq. - The Simon Law Firm– Ted Bernstein counsel Illinois Federal Insurance Case. Married to Pamela Simon and counsel to his brother-in-law Ted Bernstein. David represents the matter in conflict as he and his wife intended to collect 1/5th of the insurance proceeds in the Federal Lawsuit whereas if the money flows into the Simon estate or to Simon beneficiaries, Ted and Pam and their children would be wholly excluded.
- 14) John Stamos, Esq. - Stamos & Trucco LLP – Represents O’Connell and Estate of Simon in Federal Illinois Insurance action and was introduced through Peter Feaman, Esq. partner Jeffrey T. Royer, Esq.
- 15) Kevin Horan, Esq. - Stamos & Trucco LLP – Represents O’Connell and Estate of Simon in Federal Illinois Insurance action. and was introduced through Peter Feaman, Esq. partner Jeffrey T. Royer, Esq.
- 16) Albert Gortz, Esq. – Proskauer Rose – Proskauer filed a Will in Estate of Simon case by an unidentified filer. Proskauer did prior estate planning work for Simon and Eliot Bernstein in order to transfer stock and interests in the Intellectual Properties to their children in 1998-2002
- 17) Gerald Lewin, CPA - Simon and family CPA. First professional Simon brought in to evaluate the Intellectual Properties and seek Intellectual Property counsel to patent the inventions. Lewin refers Bernstein’s to Proskauer Rose partner Albert Gortz (estate planner) who brings in his partner Christopher Clark Wheeler who brings in IP counsel Raymond Joao and Kenneth Rubenstein. Lewin is alleged to have been an integral part in attempting the heist of the IP with his daughter Erika Lewin, along with all the parties at Proskauer Rose.
- 18) Janet Craig, Oppenheimer - Works for Oppenheimer Trust Company of New Jersey now Oppenheimer Trust Company of Delaware. Participated with Spallina, Tescher, Ted, Manceri, Lessne and others to steal funds from my minor children’s accounts and it is

RE: Internal Affairs Complaint & Public Office Corruption Case

believed to have created fraudulent trust to hide other trusts created and failed to transfer funds to JP Morgan for other trusts.

- 19) Hunt Worth, Oppenheimer - Works for Oppenheimer Trust Company of New Jersey now Oppenheimer Trust Company of Delaware. Participated with Spallina, Tescher, Ted, Manceri, Lessne and others to steal funds from my minor children's accounts and it is believed to have created fraudulent trust to hide other trusts created and failed to transfer funds to JP Morgan for other trusts.
- 20) Ted Bernstein – Alleged Fiduciary in Shirley Bernstein Estate and Trusts and Simon Bernstein Trust. Ted's counsel as fiduciary Tescher & Spallina PA, who also acted as Simon's Estate and Trust co-fiduciaries were involved in fraud, forgery and more already proven in these matters. When Tescher and Spallina resigned amidst the fraud charges, Ted then subsequently retained teams of lawyers to defend him against multiple charges that he was directly involved in the crimes of his attorneys and benefited directly from their crimes.
- 21) Kimberly Moran, Legal Assistant Notary Public - Convicted for fraudulent notarization, admitted to six forged documents for six separate parties including Post Mortem Simon Bernstein.
- 22) Lindsay Baxley - Executed improper notarizations for Will and Amended Trust of Simon Bernstein days before he died. Governor office notary division confirms improper notarizations.

C. PB SO Officers and PB Medical Examiner involved in criminal acts alleged herein.

- 1) Palm Beach Sheriff Office Detective Ryan Miller
- 2) Palm Beach Sheriff Office Detective Andrew Panzer
- 3) Palm Beach Sheriff's Office Captain Carol Gregg
- 4) Palm Beach Medical Examiner – Michael Bell

D. Guardians

- 1) Former Judge Diana Lewis, Esq. acting illegally as Guardian for Eliot's 3 children as Judge Phillips issued a Predatory Guardianships through sham hearings to extort Eliot Bernstein family and attempt to cover up the MULTIPLE FRAUDS ON THE COURT for OFFICERS OF THE COURT by denying the minor children and Eliot due process rights and attempt to alter the records in the case.
 - a) The Guardianship was gained through a lawsuit that named a non-existent trust as Defendants in which minor children were alleged to be beneficiaries of the non-existent

RE: Internal Affairs Complaint & Public Office Corruption Case

trust and I was alleged to be Trustee and any and all Orders issued in the lawsuit are void as there no proper or just jurisdiction over any of the Eliot Bernstein family parties.

- b) Recently Alan Rose has admitted in writing³⁷ that he sued trusts that do not exist today and that despite suing me as Trustee now claims I am not trustee of the trusts he claims do not exist, this constitutes false process, obstruction, fraud on the court, fraud on me and my children and more.

E. Others

- 1) Rachel Walker - last person with Simon and Shirley Bernstein when they were found to be dying in very sudden and quick deaths. Personal assistant to Shirley and Simon Bernstein who gave false and misleading statements to PBSO. Utilized Simon bank and credit card accounts Post Mortem. Accused Maritza Puccio of murdering Simon Bernstein with Ted Bernstein.
- 2) Astride Limouzin - Signed documents that were fraudulent 15th Judicial Assistant Colin, see Ex Parte Memo
- 3) Legacy Bank - Bank fraud, Simon's accounts, including Bernstein Family Realty account used Post Mortem by Walker and Spallina and Tescher. No accountings.
- 4) Heritage Union Life Insurance Company - Missing Insurance Policy equals insurance fraud. Missing trust that Robert Spallina claimed to be "Trustee" of and that Ted Bernstein later sued as Trustee of in Il Fed Court. Spallina also corresponded with Heritage as the Trustee of LaSalle National Trust NA, the primary beneficiary in an elaborate insurance fraud to claim the death benefit and have it paid to his law firm, which was declined. Spallina filed a death benefit claim while knowing his client Ted had alleged murder of Simon and failed to notify carrier of such.
- 5) Wilmington Trust Co. - Missing documentation and approximately \$3,000,000.00 dollar account Simon had weeks before his death. Stansbury as Trust Protector has no information on the Trust being terminated and claims to have never seen a document in the Tescher and Spallina production he was supposed to have received from Wilmington.
- 6) Oppenheimer Trust Co. - Bank Fraud, Trust Company Fraud, Exploitation of Minors, Theft, Fraud on Court, Document Forgery and Fraud, Securities Fraud
- 7) JP Morgan Chase - Missing account information, theft, securities fraud.

Florida is home to over 4.5 million retirees and baby boomers who seek a sunny place to spend their golden years. But, even as the flow of seniors in the "Silver Tsunami" increases, retiring to Florida as well as other "retirement States" has become a nightmare as the wealth accumulated by honest, law abiding, hard working Americans is being systematically extorted in thousands of fraudulent guardian and probate proceedings every year.

This devious scheme mercilessly deprives retirees of their assets inheritances and constitutional rights with racketeering lawyers, judges, guardians and complicit state agencies.

Probate/Guardianship Courts all across the State are used to financially exploit, isolate and often physically abuse elderly adults with assets while family members who object and expose these crimes publically are viciously retaliated against and isolated from their loved ones. And there is no reason to expect that anything will change without Federal intervention.

Billions of dollars have been extorted from our loved ones in this inconceivable crime that is hidden in secrecy in the Courts using sequestered files, "Inside Clubhouse" Lawyers, massive billing fraud, persons taken into Guardianship with no due process and blatant unchecked conflicts of interest and unfit, complicit Judges.

Before another victim falls into the abyss of these court based predators, we urge you to learn more at

B. Alleged Criminal Statute Violations State and Federal

The criminal code sections cited below attempt to provide investigators with insight into the crimes committed against my family. The probate and trust crimes alleged herein are further claimed to be part of the Intellectual Property thefts of my father and mine by our former patent and general counsel, information regarding those crimes can be found @ www.iviewit.tv . The probate and trust crimes are further alleged to be part of harming my family through further financial frauds to interfere with our expectancy from my mother and father, in further efforts to shut down my whistleblowing efforts and federal and state, civil and criminal complaints filed in those matters. These new crimes began with the death of my mother and father in the transfer of their wealth to their children and where again attorneys at law, judges and others are directly involved in the crimes outlined herein, in fact, the same courthouse where the IP crimes occurred is the same courthouse where the probate, guardian and trust crimes occurred and there are related parties. In efforts to deprive my family of our property rights a multitude of crimes were and are being committed to steal and convert various assets of the estates and trusts and these crimes, include but are not limited to, all of the following:

-
- 1) 18 U.S. Code Chapter 96 - RACKETEER INFLUENCED AND CORRUPT ORGANIZATIONS <https://www.law.cornell.edu/uscode/text/18/part-I/chapter-96>
 - 2) Florida Statute 895 RICO - CHAPTER 895 OFFENSES CONCERNING RACKETEERING AND ILLEGAL DEBTS & FEDERAL RICO
http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=Ch0895/titl0895.htm&StatuteYear=2009&Title=-%3E2009-%3EChapter%20895 -
 - 3) 18 U.S. Code § 1346 - Definition of “scheme or artifice to defraud”
<https://www.law.cornell.edu/uscode/text/18/1346>;
 - a) The court orchestrated probate and guardian scheme and artifice to defraud described herein enables the criminal enterprise aka “Enterprise” or “Probate Cartel,” which is composed primarily of attorneys at law in various public and private capacities, including but not limited to, judges, prosecutors, officers of the courts, estate and trust lawyers, civil lawyers, guardians and private practice lawyers and law firms, to utilize the courts and abuse legal process to deny victims civil due process and criminal due process while stealing their various personal properties, estates, trusts, homes and more. Theft from estates and wards that they are legally obligated to protect, the fox is in the henhouse. Through complex legal schemes, including but not limited to, theft of personal properties from estates and trusts through fraudulent sham hearings and sham pleadings, predatory guardianships to steal wealth of wards while isolating them from families, medicating and sedating them once they usurp their legal rights, committing fraud on and by the court by court appointed officers, guardians and attorneys and other court sanctioned violations of law to rob assets, including real estate fraud, securities fraud, billing scheme frauds and more.
 - b) This is a well shielded enterprise as it not only uses the court system to enable the crimes, mostly complex legal frauds but also to disable due process rights of the victims who seek redress by turning the court and attorney and judge regulatory agencies into weapons against victims ensnared in the schemes who complain to ethical or criminal authorities of the crimes being committed against them and completely remove their due process and civil rights through this Obstruction of Justice. The Criminal Cartel uses false and fraudulent legal process to achieve this disabling of civil justice remedies of their victims against those they are robbing, while protecting this “above the law” class of criminals who are cloaked in legal degrees or wear judicial robes. The Cartel acts simultaneously and in concert with other attorneys at law cloaked as prosecutors, lawmakers, private practice attorneys, regulators of attorney and judicial discipline and politicians, to derail any criminal due process sought by victims against these favored lawyers and judges.

-
- c) This Cartel has similarly been engaged in massive fraudulent home foreclosures in the State of Florida³⁸ over the last several years which was heroically opposed by the Sheriff department who refused to continue the evictions gained through court enabled fraud such as “robosigning” aka (since Robosigning is not a chargeable offense) Bank Fraud, Mortgage Fraud, Fraud on the Court, Fraud by Court Officials, Forgery, Fraudulent Notarizations, Abuse of Process and more, the courts again the offices the Cartel operates in. The widespread misuse of the courts in these cases created a massive revenue stream for the Cartel while causing massive damage to the state economy and millions of citizens of the state, for the profit of a few and all achieved through complex illegal legal schemes that only lawyers could architect. Yet what did Florida Law Enforcement do to the criminals and seek retribution for the victims, NOTHING! Hardly a single Attorney or Judge involved in these crimes were criminally prosecuted or forced to give up the stolen loot from their victims, homes that they may have profited off the sales of or were even brought up on criminal charges. How you may ask are they above the law?
- d) The answer is gleaned from a recent news story regarding attorney corruption titled “Whistleblower Lawyers Counterattack Against DC Disciplinary Counsel”³⁹

- e) “There seems to be a double standard. Has Bar Counsel ever prosecuted any attorneys at corporate firms that help their clients perpetrate fraud? And did Bar Counsel investigate prominent lawyer executives at Fannie Mae who appear to have engaged in actions that led to a multi-billion dollar restatement and left taxpayers footing the bill? Did Bar Counsel prosecute the attorneys that enabled large banks to nearly tank the economy? And has Bar Counsel prosecuted government attorneys that enabled torture and other flagrant unlawful human rights violations? Does Bar Counsel protect the public or does it protect the interests of big corporations and big government?” ---
- f) “About one week ago, 60 Minutes⁴⁰ aired a show in which they caught lawyers, including a former American Bar Association president, providing advice on how to move suspect money into the United States,” Zuckerman said. “Is it Bar Counsel’s position that lawyers that take steps to combat or oppose fraud should be disbarred and that lawyers that enable corporate fraud are the pinnacle of the profession? I resent that my mandatory bar dues are used to fund an office that is zealously prosecuting corporate and government whistleblowers while apparently ignoring a serious problem in the legal profession of attorneys perpetrating and enabling massive frauds.”
- g) Further, the article regarding the bar counsel above singles out the retaliation on a one G. Robert Blakey, Esq. the famous educator and author of the RICO statute that not only took heart at the mob but also rooted out the associated government corruption that often was part of the mobs criminal activity (i.e. bought off judges, prosecutors, police, etc.) that provided them cover even if they were arrested. It should be noted that bar counsel cannot prosecute the attorneys and judges involved in the above crimes committed by attorneys and judges, as The Florida Bar and the Judicial Qualifications Commission have NO criminal prosecutorial power in the State of Florida to do so. This begets the question of where law enforcement was to make appropriate arrests for the criminal acts and why are lawyer disciplinary agencies involved at all in criminal matters against their members?

- h) My family, including my minor and adult children and other victims of these schemes have been further denied due process as attorneys at law reviewing the cases are frightened to take these cases or intimidated off them due to the fact that there are very serious allegations against other lawyers and judges involved. Whereby any whistleblowing efforts can lead an attorney to be black listed or threatened for trying to expose their brethren or lose their license to practice and livelihood through disbarment. The victims are often left by their attorneys who fail to protect them but who drain them of resources through elaborate billing schemes prior to withdrawal and then leave them to act Pro Se (without a lawyer) at critical junctures in their cases and then pursue liens against them and their property for staggering legal fees.
- i) Where the Florida Bar acts as the cartel “union” arm and muscle controlling the members with the ability to delicense and ruin them, as appears the case with Blakey in the above article, attorneys and judges cannot defend victims of the court abuse. In another Miami victim case of guardianship abuse of a one Helen Stone, an attorney at law Deborah Rochlin, Esq. signed an affidavit⁴¹ stating that the judge in the case, a one Michael Genden of Miami, in conspire with an attorney Roy Lustig, Esq. (who was previously found committing fraud on the court⁴²) had contacted her and threatened her to resign as counsel to the 75+year old Stone who was put under an oppressive and predatory guardianship or else she would be put out of business by the judge.
- j) She resigned as counsel to Helen Stone and was still met with a bar complaint issued by the Florida Supreme Court Chief Judge Labarga shortly after she testified in Federal court. Audio recording of that Federal Hearing is available upon request or from the Federal Court through Judge William Zolch / Magistrate Patrick M. Hunt. So not even if good honest lawyers and judges want to help can they survive if they try and expose the court corruption and disbarment typically follows any heroic attempt a lawyer may make on behalf of a victim to expose the corruption, identical to a mob union’s extortion tactics of its members controlled by the Florida Bar and Judicial Qualifications Committee, composed of more criminals cloaked as lawyers regulating lawyers with no criminal regulatory power against the members, a legal loophole for crime without punishment for anyone that is part of the member legal Cartel.

The RICO suspects named herein did at various times unlawfully, willfully and knowingly combine, conspire and agree with each other to violate 18 U.S.C. Sections 1962 and Florida Statute 895, by participating, directly and indirectly, in the conduct of the affairs of that enterprise through a pattern of racketeering activity involving a mass of predicate criminal acts against victims of these artifices to defraud as defined further herein and within the meaning of 18 U.S.C. 1961-1968, in particular §1961(1) in violation of 18 U.S.C. §1962(c) & (d). There are multiple victims of the cartel, including my family and I have several cases that can be given to PBSO once assurance is given that the cases will be reviewed by a public office corruption agent prescreened for conflict.
- l) This RICO case involves several Florida judges, officers of the court, attorneys at law, law firms, guardians and fiduciaries of the Florida State Courts and all members of the Florida Bar association, who have in part recently been exposed by the Palm Beach Post in an explosive series⁴³ "Guardianships - A Broken Trust" written by reporter John Pacenti centering in primarily on the 15th Judicial Judges, Martin Colin and David E. French, the two central Judges accused in this criminal complaint, and, attorneys at law, John Pankauski, Esq., Brian O'Connell, Esq. and Joielle Foglietta, Esq. three of the central attorneys accused as well in this criminal complaint.

"Post challenges order calling reporter as witness in Colin case" CRIME & LAW By Holly Baltz - Palm Beach Post Staff Writer Posted: 6:19 p.m. Tuesday, Aug. 23, 2016

- m) Certain members of the Palm Beach County Sheriff's office have also conspired with members of the Palm Beach Courts in these matters to derail due process and procedure in criminal complaints naming them as potential suspects in the crimes. Many attorneys at law, all members of the Florida Bar, have acted in various public office capacities and privately in these matters to further the aims of the enterprise and derail criminal, ethical and civil complaints filed by victims of the court orchestrated crimes with authorities in order to protect their members from prosecution. Victims are left without resources of the state to investigate or aid them while the state's officials commit crimes against them and the agencies typically turned to for citizen protection and investigation then further victimize these victims further in efforts to silence them through deprivation of their due process and procedure rights.
- n) Known and Unknown members of the Florida Appeal courts and the Supreme Court of Florida have acted in aiding and abetting the enterprise by failing to follow the state court fraud policies, ethical canons and codes and criminal and civil statutes, all designed for reporting and regulating misconduct of attorneys at law, fiduciaries, guardians and judges and they have instead covered up the crimes by failing to report the crimes of their comrades in crime. With no fear of retribution they then further retaliate hard on the victims, even jailing them with contempt charges or more while committing crimes against them. In the case of Helen Stone mentioned above, her daughter, Barbara Stone, Esq. was jailed three times for contempt as she stood up to Judge Genden and pleaded for her mother's life for rescue from an abusive Guardianship where she has lived on a feeding tube for several years and her daughter unable to even visit her. While Barbara was a non-practicing attorney for decades, although licensed, she was disbarred directly by Jorge Labarga after she and her mother's attorney Rochlin began to complain to authorities.
- o) The failed self-regulating Florida Bar Association and Judicial Qualification Commission have done nothing about these problems of their members who have committed criminal statute violations, have failed to report complainants criminal complaint information tendered to them about their members to proper criminal authorities as required, despite nationwide, and especially Florida, mainstream news reports exposing the corruptions in the family, probate and guardian courts.

"Judge Colin appoints ex-law partner to case that nets \$500,000-plus" CRIME & LAW By John Pacenti - Palm Beach Post Staff Writer Posted: 7:00 a.m. Saturday, Aug. 20, 2016

<http://www.mypalmbeachpost.com/news/news/crime-law/judge-colin-appoints-ex-law-partner-to-case-that-nsJbh/>

- p) The RICO allegations herein incorporate a multitude of similarly situated victims of these rogue criminals that I, Eliot Ivan Bernstein, have spoken directly with and many of the separate victims have already given statements and filed formal signed verified criminal complaints to multiple federal and state agencies investigating various elements of the crimes, all alleging similar enterprise corruption operating within the Florida Courts composed of guardians, attorneys at laws, judges and others.
- q) Initially in virtually every case brought to the Palm Beach County Sheriff, victims are met with resistance to take formal complaints against Judges and Attorneys and they attempt to sway people from filing criminal complaints telling them they have to file their CRIMINAL COMPLAINTS with the Florida Bar and JQC. Again, these regulatory agencies have no jurisdictional, prosecutorial or investigative powers over criminal statute violations.
- r) The victims' civil cases are all regarding similar frauds on and by the courts that are operated through various groups of court appointed judges, guardians, fiduciaries and attorneys at law throughout the state. The racket runs very similar schemes throughout the state court system with various unknown and known conspirators in each. My criminal complaints filed with federal criminal authorities were joined by two national agencies for victims of Family, Probate and Guardian court abuses who have hundreds of cases of abuse that have remained uninvestigated criminally at this time in the state of Florida. This has left the victims and their families stuck in civil courts where their due process rights have been completely denied through the racketeering scheme that uses the civil court system to facilitate these complex financial/legal crimes described herein.
- s) Many other victims are now dead as once the organization takes control of their assets and denies legal rights of their elderly and helpless victims the money is quickly stolen and laundered through various court schemes and once exhausted of finances under the court's control, many victims' families complain their loved ones were left to rot and die or where medicated to death once the money ran out and in some cases even starved to death after all their assets were stolen.
- t) The Palm Beach Post Series mentioned herein elaborates that Judge Colin (one of the primary bad actors in my personal complaints) was forced to recuse off over 115+ cases⁴⁴ when it was discovered by a victim of a predatory guardianship instituted by Colin against his mother that Colin's wife, who went by the name Elizabeth Savitt but is also known as Elizabeth Savitt Colin, was a Guardian in the same court as Judge Colin and was receiving payments approved in the same court by a one Judge French, as well as her attorney Sherrie Hazeltine. The parties concealed the conflicts of interest Colin's wife posed to the court litigants.

⁴⁴ <http://www.mypalmbeachpost.com/guardianships-martin-colin/>

- u) Once the predatory guardianship was issued by Colin on the victim, a one Skender Hoti's mother, Glenda Batson, she was kidnapped and taken out of state against her will through the guardianship, one day she was just put in a van and disappeared from her home. Savitt then moved quickly with her attorney Sheri Hazeltine to rob Hoti's home where his mother lived with him while hiring a PI to watch Hoti's whereabouts while the house was robbed and ransacked and all property loaded into a moving truck and several cars. Had a neighbor not noticed the home being robbed in real time and called and alerted Hoti at work to inform him the contents of the home he owned were being stolen the items would have been permanently stolen.
- v) However, Hoti immediately contacted Palm Beach Sheriff Deputies who responded to find Savitt and her crew about to drive off, loaded up to the hilt and the deputy demanded Savitt show a writ of possession for the contents or he would arrest her. In big mouth fashion she voiced to the officer that she had a very powerful husband, a judge, who would authorize her theft. The officer refused to contact her husband, Judge Martin Colin and forced her to put the properties back in the home but failed to arrest her. Hoti did not know it was the wife of the judge who issued the predatory guardianship because she did not go by her married name but he soon found out.
- w) Shortly after the incident and before Hoti found out Savitt was married to Martin Colin, he mysteriously recused himself from the Hoti case giving no rhyme or reason in his recusal order. It should be noted that Judge Colin and Judge French are daily lunch buddies according to the Palm Beach Post and where this concealed conflict led to monies directly benefitting the Colin household according to the Palm Beach Post that were taken from the victims improperly, including through fraudulent billing schemes using the court to gin up fees for their court appointed guardians and friends and where it was alleged that some of the properties may have been being sold through the Colin household.

- x) Several victims case studies were posted by the Palm Beach Post⁴⁵ and each allege similar elements of Fraud on the Court by the Court appointed guardians and attorneys that demand immediate investigation by Florida Law Enforcement. The victims who were exposed in the press and other victims of this court cabal, including my family, are currently suffering a mass of retaliation by court officials in their civil cases, as the judges are trying to bury the evidence of their crimes and shut down those victims or their families exposing their racket to state and federal authorities. Quoting from the Post Article, “His [Colin’s] wife’s job as a professional guardian leaves Judge Colin compromised, handcuffing him from fully doing his job, The Post found. He’s recused himself from 115 cases that involve his wife’s lawyers in the last six months of 2015 after The Post started asking questions in its investigation. “When you have a judge suddenly recuse himself of so many cases, it certainly sends up a red flag,” Jarvis [Nova Southeastern law Professor Robert Jarvis] said. “How did a judge allow himself to be put in such a position? I have never heard of a judge doing such a thing.” Despite this public information being revealed by the Palm Beach Post the only thing that happened to Colin thus far is the Chief Judge of the 15th Judicial, Jeffrey Colbath, moved him from the probate court in the South County Court to the civil division at the Main Courthouse where he can do more damage to a different class of litigants. To the best of my knowledge none of the 115 cases Colin recused from have been investigated by Florida Law Enforcement, including mine.
- y) It is alleged that this racketeering gang of primarily lawyers, judges and guardians operates with certain agents in other government law enforcement agencies to deflect criminal complaints from being filed against these judges and lawyers and protect them from formal criminal investigations when complaints are filed. Instead of formal criminal investigations statutorily required when complaints are filed with law enforcement, the criminal matters are improperly steered by the courts and law enforcement officers to The Florida Bar and the Judicial Qualifications Commission and again both agencies have absolutely NO CRIMINAL JURISDICTIONAL POWERS. These “ethical” agencies then dismiss CRIMINAL complaints against their members who are all Florida Bar members and they thus evade criminal investigations, evade criminal prosecution and evade criminal liability for their clearly criminal acts, leaving victims with no restitution or place to turn for justice in the civil courts or with criminal authorities.

⁴⁵ <http://www.mypalmbeachpost.com/guardianships-docs/>

- z) After the Post Series, reporter John Pacenti reported on an international broadcast⁴⁶ that he had attended a hearing involving Judge Colin's son against Colin's own daughter-in-law⁴⁷ (the case had to be moved out of the county after the daughter-in-law complained of the obvious conflict of interest between Colin and the other judges) and Pacenti was intimidated by the new Judge in Broward County who forced him on the stand at the hearing when he was not a sequestered witness. The judge ordered this despite Pacenti attending only in his capacity as a reporter who had no idea they would try and call him as a witness, all in efforts to keep him out the court and from reporting on the matter. Pacenti also stated on the radio broadcast that there was a corrupted group of lawyers and guardians operating in Southern Florida that the Palm Beach Post had received information regarding in the course of their investigation. Again, despite the press exposing the problems and criminal allegations alleged, no known investigation has begun by any Florida Law Enforcement agency of the victims' complaints or the presses revelations of criminal activity by these Judges and Attorneys at Law.
- aa) Several victims have begun filing formal verified and signed criminal complaints against the court officials as recommended by Representative Dave Kerner FL District 87 (a former Florida Law Enforcement Official), after a meeting with him and members of FACT (Families Against Court Travesties affiliated with NOW <https://factscourtwatch.com/john-l-phillips-cases/>) / Court Watchers. Dr. Sam J Sugar, MD, Founder of AAAPG @ <http://aaapg.net> has also assimilated a mass of elder cleansing cases and both organizations have compiled complaints in Palm Beach County and throughout the State of Florida. These complaints allege, including but not limited to, Murder, Kidnapping, Elder Abuse, Predatory Guardianships, Exploitation of Minors, Theft of Billions of Dollars (some estimates are in the Trillions) from Estates and Wards and their families, Fraudulent Billing Schemes, Extortion of victims attempting to expose the court officials and all involving Florida court officials and court appointed officers facilitating the crimes through legal process abuse.
- bb) It is believed working with these national organizations that there are several thousand victims currently in Florida. There appear many more prior cases with now deceased loved ones who have been victims to these crimes but already have lost their loved ones before they could be freed from the predatory guardianships and corrupt courts and whose estates were depleted from millions to nothing through these court orchestrated crimes depriving the families of their properties and civil rights.

⁴⁶ May 31, 2016 John Pacenti Interview on American Voice Radio with Dean Loren and Francis Steffan <http://iviewit.tv/Simon%20and%20Shirley%20Estate/20160531PacentiInterviewAmericanVoiceDeanLorenFrancisSteffan.MP3>

- cc) In several states, including Florida, politicians are attempting to now reconcile for the crimes with new legislation to prevent the widespread abuse being reported in the family courts from continuing but as of today no criminal prosecution or even investigation of the lawyers, guardians and judges who are running this racket have begun. No formal investigations despite criminal complaints filed and there still has been NO relief or restitution to the victims currently being preyed upon by the state of Florida courts and law enforcement officials involved. If the criminals are not following the current law I fear that new laws will simply be broken as the protection scheme has not been broken up by criminal authorities as it should be.
- 4) The above named RICO suspects conducted or participated, directly or indirectly, in the conduct, management, or operation of the Enterprise's affairs through a "pattern of racketeering activity" within the meaning of 18 U.S.C. § 1961 (1) and in violation of 18 U.S.C. § 1962(c) & (d) to wit:

 - l) False Instruments used to commit Sections 18 U.S.C. §§1341, 1343 & 1346 (Property and Honest Services Mail and Wire Fraud)
 - m) 18 U.S.C. §1951(b)(2) and 2 - Interference with commerce by threats or violence
<https://www.law.cornell.edu/uscode/text/18/1951> False Instruments used to commit Extortion
 - n) 18 U.S.C. § 371 - Conspiracy to Defraud the United States. Aiding and abetting each of the above, (all actors, all counts) <https://www.law.cornell.edu/uscode/text/18/371>
 - o) Conspiring to promote, conceal and protect predicate activities (a-k above) from discovery, investigation and prosecution by legitimate governmental interests.
- 5) The above enumerated RICO Suspects did unlawfully, willfully, and knowingly combine, conspire, and agree with each other and with other persons known and unknown to violate 18 U.S.C. §1962(c) as described herein, in violation of 18 U.S.C. §1962(d)
<https://www.law.cornell.edu/uscode/text/18/1962> .
- a) In connection with the acts and omissions alleged the RICO Suspects directly or indirectly, used the means and instrumentalities of interstate commerce, including, but not limited to, the internet, the mails, interstate PSN wire and cellular telephone communications, and the facilities of the national securities exchange.
 - b) Upon information and belief, the RICO Suspects knew that they were engaged in a conspiracy to commit the predicate criminal acts listed herein, and they knew that the predicate acts were part of such racketeering activity, and that the participation and agreement of each of them was necessary to facilitate the commission of this pattern of racketeering activity.
 - c) Upon information and belief, the RICO Suspects agreed to conduct or participate, directly or indirectly, in the conduct, management, or operation of the Enterprise Cartel's affairs through a pattern of racketeering activity in violation of 18 U.S. C. § 1962.
 - d) Each RICO Suspect knew about and agreed to facilitate the Enterprise's scheme to obtain property illegally from the Eliot Bernstein family through robbing the Estates and Trusts of Simon and Shirley Bernstein of an estimated 100 Million dollars in various schemes and artifices to defraud, some utilizing the court system to facilitate the crimes, others merely outright thefts by the fiduciaries and others.
 - e) It was part of the conspiracy that the RICO Suspects and their co-conspirators would commit a pattern of racketeering activity in the conduct of the affairs of the Enterprise, including the predicate acts of racketeering hereinafter set forth.

- f) It was part of the racketeering conspiracy that through the use of estate plan instruments, including forged and fraudulent documents posited with the court and others, the suspects named herein, acting in concert both individually and severally, would and did intercept assets intended for the heirs of estates and trusts that pass through West Palm Beach Probate Court, a facility for the Enterprise/Cartel, which engaged in, and the activities of which affected interstate and foreign commerce. Several of the trust cases that passed through probate court should not have been in that court as they were civil cases belonging in the civil division, another trick of the Cartel to contain the crimes to specific actors in the courts.
- g) It was part of the racketeering conspiracy that through the use of trust instruments defendants, acting in concert, both individually and severally, would and did intercept assets intended for beneficiaries of trusts and seize Dominion and Control of the assets through seizing the fiduciary roles of the estates and trusts that pass through the West Palm Beach Probate and Civil Court, a facility for the Enterprise/Cartel, which engaged in, and the activities of which affected interstate and foreign commerce.
- h) It was part of the racketeering conspiracy that “trust and estate planning attorneys” would use the court as a weapon against their victims filing to have them falsely arrested or held in contempt and then use the “Doctrine of Privity” to shield their part in the pattern of racketeering activity from possible culpability or any liability to the intended victims of the inheritance expectancy interception scheme.
- i) It was part of the racketeering conspiracy that judges participating in the scheme and artifice to deprive rights and properties of the victims would use the court as weapon against the victims and issue fraudulent orders to have the victims or those family members and others exposing them arrested or falsely imprisoned and would then use the doctrines of Judicial, Qualified and Absolute Immunity to shield their participation in the pattern of racketeering activity from possible culpability or any liability to the intended victims of the inheritance expectancy interception scheme.
- j) It was part of the racketeering conspiracy that through the intentional misuse of guardianships the RICO Suspects, acting in concert, both individually and severally, would and did use the West Palm Beach County Probate and Civil Court, a facility for the Enterprise/Cartel, which engaged in, and the activities of which affected interstate and foreign commerce, to judicially kidnap and then rob elderly persons, and in my case my minor children, of their freedom, due process and procedure rights, dignity, fundamental human and civil rights and their properties and/or inheritance expectancies.
- k) It was part of the racketeering conspiracy that the RICO suspects would commit violations of constitutionally protected rights under the disguise of a statutory scheme designed to protect the public interest through misuse and disabling of the Florida and Federal statutes that they were to uphold to protect such rights.

- l) It was a part of the racketeering conspiracy that each conspirator would participate in the commission of at least two acts of racketeering activity in the conduct of the affairs of the Enterprise/Cartel.
- m) It was also a part of the racketeering conspiracy that parties involved, acting in concert, both individually and severally, including with members of the Palm Beach County Sheriff Department and Florida Courts would and did promote, conceal, and otherwise protect the purposes of the racketeering activity from possible criminal investigation and prosecution as hereinafter more fully appears.
- n) From an unknown date and continuing thereafter up to and including the specific events complained of herein, the RICO suspects, with persons both known and unknown to the Eliot Bernstein family, individually and severally, conspired to participate and do participate in an organized criminal consortium for the purpose of actively redirecting trust, estate and other third party wealth into the state probate courts where, a cabal of filthy lucre piranha (mostly with legal degrees) operate to involuntarily redirect that third party wealth to their own unjust enrichment through misuse of their legal degrees and misuse of the State Agencies by violating their ethical, moral and legal obligations to the citizenry and breaking the laws of the State of Florida and Federal Law.
- o) It was a purpose of the racketeering activity that the RICO Suspects, acting in concert, both individually and severally, would and did loot privately owned assets against the will of the victims, including through the use of predatory guardianships of the elderly and minors and exploited these parties using the West Palm Beach County Probate Courts and officers of that court to achieve such exploitation.
- p) It was a purpose for the racketeering activity that trust and estate planning attorneys and guardians acting in concert with other attorneys at law and with persons both known and unknown would and did exploit elders and minors of our society for the purpose of syphoning off the assets of our oldest and youngest and most vulnerable citizens through the aforementioned schemes and artifices as exemplified herein and elsewhere in the public domain and as hereinafter more fully appears.
- q) The purpose for the racketeering activity was to facilitate the looting of wealth, also known as Involuntary Redistribution of Assets (IRA) from its rightful owners for the unjust enrichment of attorneys, guardians, judges and other legal professionals operating out of state family, guardianship, civil and probate courts including but not limited to West Palm Beach along with co-conspirators in private practices.
- r) The specific quid pro quo method of profit sharing in unknown but appears to include political aspiration, judicial favors, campaign contributions, bribes and kickbacks, cronyism, fraudulent foreclosures, offshore accounts and shell companies to launder the looted assets.

- s) The conclusion that there is a reciprocal stream-of-benefits necessarily flows from the facts of the in concert illegal activities of the co-conspirators as exemplified and established herein.

Purposes of the Racketeering Activity

- a) It was a part of the racketeering conspiracy that a modern day criminal cabal through a network of probate lawyers, judges, court appointed administrators, guardians, Palm Beach County Medical Examiners and Palm Beach County Sheriff officers would use county courtrooms and other state agencies relying upon the judicially created and judicially enlarged doctrine of absolute judicial immunity, the Doctrine of Privity and the Probate Exception to federal diversity jurisdiction as a license to steal money and other liquid assets and to involuntarily liquidate their victims real property for their own unjust self-enrichment.
- b) This looting has been given the appearance of legitimacy under the Florida Probate and Trust Codes and the Health and Welfare label of “guardianship protection” stealing not only assets but the due process rights, liberty and human dignity of their victims.
- c) It was a part of the conspiracy that Defendants would and did use the West Palm Beach County Probate Courts and the offices of judges to deprive the citizens of Florida and others, of their right to the honest services of elected officials, while promoting, concealing, and otherwise protecting the purposes of the racketeering activity from possible criminal investigation and prosecution misusing state agencies and their law licenses as licenses to steal.
- d) It was part of the racketeering conspiracy that the RICO Suspects would and did use the various probate instruments and legal artifice and that acting in concert, both individually and severally, the RICO suspects would and did siphon off assets rightfully belonging to others.
- e) It was part of the racketeering conspiracy that the various probate instruments would be and were designed to facilitate falsifications and alterations and that the Enterprise/Cartel participants would be selectively blind to the obvious inconsistencies, avoiding any questions of forgery or fraud appearing in the public record and in fact, aiding and abetting the cover up of known and proven crimes against members of the Enterprise/Cartel.
- f) It was part of the racketeering conspiracy that the RICO suspects acting individually and in concert would and did use the West Palm Beach County Probate Courts and the offices of judges to trap litigant victims, including the elderly and minor children, in an endless cycle of delay and expense in their civil cases with scienter until the victims were forced to settle for the least injustice in order to walk away with even a meager proportion of what rightfully belongs to them and in fear of retaliation for attempting to expose the crimes being committed against them in the form of contempt charges and false imprisonment for merely speaking out against the court, judges, court appointed attorneys

and guardians and private practice attorneys that are involved in the crimes against their families. Any attempts by litigants at exposing the fraud are met with severe retaliation that misuses the court as a weapon against them, threatening contempt, removing their legal rights to due process, denying them standing in the matters and repeatedly threatening jail to anyone voicing concerns of their schemes or reporting those schemes to the proper criminal authorities or in the court.

- g) It was part of the racketeering conspiracy that the RICO suspects acting individually and in concert would obtain and did attempt to obtain improper dominion and control over the property of the Simon and Shirley Bernstein estates and trusts and Eliot Bernstein family, attempting repeatedly to obtain consent induced by the wrongful use of actual and threatened force, violence and fear of economic harm and harm to their rights in property, physical harms and fear of court sanctions, jail and more.
- h) It was part of the racketeering conspiracy that unscrupulous attorneys who market trust and estate planning instruments promising to provide asset protection, minimize taxes and avoid probate, acting individually and in concert would engage in the redirection of family trusts into the hands of the Enterprise/Cartel by undermining those products when the clients, in this case Simon and Shirley Bernstein, were deceased, including through proven and prosecuted Post Mortem Forgeries, Post Mortem Notarization Frauds, Suppression and Destruction of records and Post Mortem Frauds generally and by generating conflicts amongst the beneficiaries thus delivering their clients wealth to the exact evil that victims were guaranteed protection from and these crimes committed by their trusted attorneys at law.
- i) It was part of the racketeering conspiracy that the RICO Suspects, for their own unjust self-enrichment, acting individually and in concert would use the West Palm Beach County Probate Court and the Federal Northern District of Illinois Court and the appearance of legitimacy that attaches to public offices and public officers to manipulate and game the legal process in ways that deprived the victims before the court, of rights guaranteed and protected by state and federal constitution's in effort to convert assets of others to themselves.
- j) It was part of the racketeering conspiracy that the RICO suspects, for their own unjust self-enrichment, acting individually and in concert would use the West Palm Beach County Probate Court and the Federal Northern District of Illinois Court and the appearance of legitimacy that attaches to public offices and officers to manipulate the legal process, under color of law, in ways that deprived citizens, including but not limited to, my family, who came before the court, of rights guaranteed and protected by our state and federal constitutions. In the matter from which these RICO claims arise, in the estate and trust cases of Simon, Shirley, Eliot, Joshua, Jacob and Daniel Bernstein, both the estate instruments and the inter vivos family trust agreements were the vehicles used by defendant enterprise acolytes to foster and maintain the estates and trusts looting probate

litigation that the Decedents Simon and Shirley were promised the trust would but did not provide protection from because of the actions of the very people who had promised Simon and Shirley Bernstein et al. their products and services would provide protection from, including but not limited to Robert Spallina and Donald Tescher.

- k) The RICO suspects, in concert, have maintained the litigation and are holding hostage the Simon, Shirley, Eliot, Joshua, Jacob and Daniel Bernstein trusts, estates and the assets (as of this date the assets have never been legally accounted for as required under FL Probate Rules and Statutes for Simon and Shirley) including ALL of the missing, suppressed or destroyed Original trust and estate documents and ALL original records hostage, in efforts to force a settlement agreement that will include the attorney's fees getting paid from the trust corpus, including fees that were billed for creating and sending fraudulent documents to various parties, in direct opposition to the Grantors' express intentions and attempt to form an implied consent defense by any acts of the victim that promote the scheme in any way.
- l) When, as in the case in point, the beneficiaries are at the precipice of legal victory, in this case with proven frauds that should have ceased the corruption, the Enterprise/Probate Cartel steps in to redirect the outcome away from the public record and turn the record against the victim through series of sham of hearings and pleadings that retaliate further on the victims and force them to a mediation/ADR bait and switch in which the outcome is predetermined by the personal interests of Enterprise/Probate Cartel acolytes and not by law or completely fill the records with false pleadings and issue fraudulent orders gleaned from them to appear that the victim is vexatious or a "troublemaker" etc.
- m) In pursuit of their plan, beneficiaries are being forced to mediations with defendants who have no intention of honoring any legal or moral obligations and have illegally gained guardianship and fiduciary roles in some instances to further silence rights.
- n) It is also part of the conspiracy that the true purpose of mediation is to convert the controversy from breaches of the trust agreement and wills and the filing and drafting of false instruments and fraud in, on and by the courts, into discussions regarding breach of a mediated settlement agreement which, like the family trust agreements and wills is certain to also not be honored by the acolytes.
- o) In pursuit of that plan beneficiaries are being forced to mediation or illegally represented at mediation or not represented at all with defendants who have no intention of honoring any legal or moral obligations and the secondary purpose for a "settlement agreement" is to divert discussion away from breaches of the trust agreement to breach of a mediated settlement agreement.
- p) In this way enterprise acolytes maximize the take while preventing the dirt from floating to the surface of the public record, and promoting, concealing, and otherwise protecting the purposes of the racketeering activity from possible criminal investigation and prosecution.

- q) The above enumerated RICO suspects unlawfully, knowingly and willfully combined, conspired, confederated and agreed together and with others to violate 18 U.S.C. §1962(c) as described herein, in violation of 18 U.S.C. § 1962(d)
- r) Upon information and belief, Each RICO suspect knew about and agreed to facilitate the Enterprise/Cartel's scheme to obtain property from the Eliot Bernstein family and others, and to participate, directly or indirectly, in the conduct, management, or operation of the Enterprise's affairs through a pattern of racketeering activity in violation of 18 U.S.C. §1962(c).
- s) The RICO suspects knew that they were engaged in a conspiracy to commit the predicate acts, and they knew that the predicate acts were part of such racketeering activity, and that the participation and agreement of each of them was necessary to allow the commission of this pattern of racketeering activity and the cover ups. This conduct constitutes a conspiracy to violate 18 U.S.C. § 1962(c), in violation of 18 U.S.C. §1962(d).

Commercial Purpose

- a) The constituent members comprising each ENTERPRISE are engaged in a concerted campaign to extort, defraud, trick, deceive and corruptly persuade their client victims (probate court litigants) to exercise proprietary control over, and extract maximum value from, the target trust and/or estate, in much the same way a bankruptcy trustee operates to control a bankruptcy estate.
- b) Further, in unfairly protecting their commercial purposes, each ENTERPRISE operative works with the others to harass, threaten, abuse, denigrate, impugn, threaten, and intimidate litigants, competitors, critics, reformers, and others.
- c) The various ENTERPRISES operate as a “cabal”, a semi-private, sometimes secret, informal affiliation of entities with public presence and identity that is wholly or partially inaccurate and misleading as to the true goals, affiliations, and processes of the cabal.
- d) The ENTERPRISES achieve their respective purposes by collusion among operators and affiliates, who in their COMMERCIAL SPEECH represent to their clients that the relationships among the members are in compliance with legal and ethical PROFESSIONAL DUTIES when they, in fact, are not.
- e) Funded by fraudulent exploitation of the parties, ENTERPRISE operators and affiliates engage in bribery, exchanging value, emoluments, patronage, nepotism, and/or kickback schemes within their networks to assure system-wide “cash flow” and continued viability and vitality of the ENTERPRISES.
- f) ENTERPRISES refuse such cooperation with non-affiliates, thereby barring potential competitors. These bars include fraudulently manipulated referrals, representations, certifications, nepotism, illegal antitrust tactics, and manufactured pitfalls to support the pervasive “who you know” method the cabal uses in defiance of the rule of law.

- g) Probate Mafia operators, like the attorney Defendants here, regularly breach one or more of their PROFESSIONAL DUTIES of loyalty, zealous advocacy, fiduciary responsibility, and professional competence through one or more “false flag” frauds to induce, deprive, or deceive clients and other litigants not schooled in the law. These “False Flag” maneuvers involve one or more COMMERCIAL SPEECH misrepresentations to unsophisticated layperson parties, thereby depriving them of the benefits of legitimate legal professional services and perpetrating fraud upon the Court.
- h) Probate Mafia operatives have developed numerous pernicious tools to maximize their benefits from the wealth redistribution. A prominent artifice is the “independent” appointee that appears in virtually every case.
- i) Probate Mafia schemes and artifices also include such practices as Poser Advocacy. “Poser Advocacy” is the practice and sale of what appears to be the practice of law to inexperienced parties. Attorneys engaging in poser advocacy act to appeal to their client’s emotions, greed, or other untoward ends to generate fees, with no beneficial legal work performed.
- j) Poser Advocates write angry letters, exchange worthless formwork discovery, and repeatedly file baseless amendments and motions with no hope of productive benefit, for the sole purpose of generating a bill.
- k) In the more sophisticated commercial legal marketplace poser advocacy is not tolerated, as clients insist upon, and attorneys abide by, legitimate practice and ethical standards.
- l) Because of the unique nature of the clients and market, Probate Mafia members like these are generally able to pass off Poser Advocacy as if it was real legal work. It is not.
- m) In the Probate Mafia enterprise scheme of things the familial wealth hijacker represents an exploitation opportunity and, as such, receives special attention.

- c) Once Fraud by Officers of the Court (Tescher & Spallina) and Court Appointed Fiduciaries (Tescher, Spallina and Ted Bernstein) of Judge Martin Colin’s court was proven to have occurred, in and upon his court in a September 13, 2013 hearing and fraud upon the beneficiaries was also discovered, Judge Colin failed to instantly mandatorily recuse himself to avoid the appearance of impropriety as required under Judicial Canons when a judge becomes a material and fact witness and thus began several years of actions outside the color of law. In fact, every action of Colin and his successor judges (Coates and Phillips) forward without first resolving the fraud on the court is without proper jurisdiction and outside the color of law and thus constitutes a fraud BY the court officials. None of the procedural fraud policies of the Florida courts⁴⁸ was followed and so began almost four years of criminal acts to rob the estates and trusts of Simon and Shirley Bernstein and use the court to facilitate the crimes and criminals.

RE: Internal Affairs Complaint & Public Office Corruption Case

-
- g) fails to Report Tescher, Spallina, Ted and Manceri to the proper ethical and criminal authorities for felony crimes he became aware of,
 - h) fails to remove all parties involved in the fraud and leaves them all in place until Spallina and Tescher were forced to resign after admitting to Palm Beach County Sheriff that they fraudulently altered a trust document for Shirley Bernstein. Instead of removing and remanding them and forcing them to bond up, Colin lets them withdraw instead with no bonding and fails to report them,
 - i) fails to have Sheriff secure records from those that committed fraud,
 - j) fails to secure and preserve records of the court that are essential to discovering how the fraud on the court occurred, by whom, etc.,
 - k) Colin then evades hearings to remove Ted Bernstein, Spallina and Tescher as fiduciaries and counsel for their involvement in the fraud on the court and multiple breaches of fiduciary duties and law and allows them to retaliate on my family, including my minor children causing financial destitute on our family and filling the record with repeated attempts of Tescher, Spallina, Manceri, Pankauski and Ted attempting to have me arrested and charged with contempt and more.
 - l) Colin never removes Ted despite the fact that Ted's counsel Tescher and Spallina fraudulently altered a Shirley Trust document and distributed it to beneficiaries that directly benefited Ted's family to the expense of other beneficiaries.
 - m) Colin allows Tescher and Spallina to withdraw as counsel without any consequence and allows them further to replace themselves as Co-Trustees of Simon Bernstein's Trust, which has specific language stating Ted is predeceased for ALL purposes of the Trust and further has language that directly precludes Ted from being a successor fiduciary to any party.
 - n) Colin's chambers then directly interferes with PBSO criminal investigations to derail criminal investigations against his court appointed attorneys and fiduciaries, including but not limited to, Ted Bernstein, Robert Spallina, Mark Manceri, John Pankauski and others, claiming to PBSO detectives Miller and Groover that his court would handle criminal charges and investigations against the officers of his court that committed fraud upon the court. This despite the fact that Colin himself is considered at the time a possible suspect in the crimes that occurred in his courtroom, with documents he would have to testify to and also testify to his involvement, if any and the fact that he has no criminal jurisdiction to conduct investigations of any kind, other than reporting criminal acts to the proper criminal authority for true and proper investigations under Florida law.
 - o) This interference led to the inappropriate closing of the case I filed with PBSO and I then was forced to get PBSO complaints reinstated by filing complaints with internal affairs and Captain Carol Gregg of the PBSO.
 - p) It was shown that the PBSO officers attempted to close the whole case without investigating multiple crimes they had taken evidence on, including 7202 pages of

production produced by Tescher and Spallina by court order (all documents and emails relating to the documents are missing from the FOIA request) and after review by IA and the Captain, PBSO then re-opened the investigation under a new case supplement to the Moran forged and fraudulent documents.

- q) Spallina then admits to PBSO on or about January of 2014 to further frauds and document forgery that he himself committed and those crimes remain unprosecuted at this time and PBSO has again tried to close the cases prematurely.
- r) Colin, failing to disqualify himself although mandatory disqualification was necessary and failing to take any actions to regulate the officers and fiduciaries of his court, instead allows those involved directly in fraud to remain fiduciaries and counsel leading to further theft of estate assets with the court sanctioning the ongoing fraud through fraudulent orders gained through acts outside the color of law and Colin participating directly in various sham hearings he orchestrated which failed to provide procedural due process to certain beneficiaries and the creditor William Stansbury, which enabled parties to convert the assets to improper parties and allowing parties who are not legally valid parties to continue committing fraud in and on his court.
- s) Colin ignored pleadings showing a mass of violations of, Probate Rules and Statutes, state and federal laws and ethics rules against the fiduciaries and their counsel, including those filed by myself and creditor William Stansbury's attorney Peter Feaman.
- t) Colin denies Feaman/Stansbury standing to remove Ted, claiming they had no interest in the case, although the filings still exposed irrefutable cause for fraud charges against Ted and his counsel Tescher and Spallina for serious violations of fiduciary duties and conflicts of interest and more. Feaman has also notified Judge Phillips of grounds for removal of Ted and his replacement counsel to Tescher and Spallina, Alan Rose and again his pleadings have fallen on deaf ears as the court continues to try and cover up the crimes and retaliate against Eliot. Mr. Feaman has even claimed to me, William Stansbury and my consultant and business partner, Kevin Richard Hall, that there is a conspiracy in the Florida courts that he is aware of against my civil rights. See the below samples of Feaman and Stansbury filings exposing wrongdoings of fiduciary and counsel to courts and others.

Peter Feaman, Esq. and William Stansbury Efforts to Notify Court and Criminal Authorities of Fraud of Fiduciaries and Counsel and others

Feaman and Stansbury Notification to Criminal authorities of criminal misconduct in courts by fiduciaries and counsel:

[ention%20of%20Counsel%20and%20to%20Appoint%20Ted%20Adminsitrator%20Ad%20Litem.pdf](#)

- u) Colin evades filing by O'Connell stating Ted is not valid trustee of the Simon Trust under the language of the trust that precludes Ted from being a successor trustee and states that Ted is considered predeceased for ALL PURPOSES of the trust.
- v) Colin evades filing by Eliot of Feaman letter exposing Ted and Alan Rose violating fiduciary duties, attorney codes and law.
- w) Despite Feaman's efforts to notify the court as a licensed attorney at law and PBSO detectives having all of these complaints and correspondences (also missing from the FOIA request from PBSO) the court did not demand answers and the PBSO failed to investigate any of the charges or even call in Feaman or Stansbury for their statements of facts.
- x) Colin blocks Eliot counter complaints by staying them, removing due process rights. It should be noted that in the filing of the Counter Complaint by myself to a Colin instigated Shirley Trust lawsuit, the list of defendants states;

“Defendants,

29. JUDGE MARTIN COLIN, PERSONALLY;

30. JUDGE MARTIN COLIN, PROFESSIONALLY;

31. JUDGE DAVID FRENCH, PERSONALLY;

32. JUDGE DAVID FRENCH, PROFESSIONALLY; Material and Fact Witnesses who may become Defendants in any amended complaint.”

- y) Here again, Colin should not have ruled on a complaint where at minimum he was a material and fact witness and who may become a defendant if it is was found, as alleged, that Colin was a knowing participant of crimes alleged to be occurring through his court by his court appointed fiduciaries and counsel. Certainly Colin knowing he was a material and fact witness knew of his Judicial Canons and law the precluded his involvement.
- z) It should be noted that Judge Martin Colin has a history of failing to recuse himself from cases where he has had conflicts and when finally exposed by the Palm Beach Post to have been running a racket in the Probate Court with his wife Elizabeth Savitt Colin and his friend Judge David E. French, he suddenly recused, without explanation to the parties of the reason for his sudden and unexplained recusal from over 115 cases in a day.
- aa) Colin, despite being aware of FRAUD ON THE COURT and FRAUD ON THE BENEFICIARIES by the fiduciaries and counsel fails to secure bonding from his court appointed officers, fiduciaries and the court itself, where many of these crimes occurred in his court and caused hundreds of thousands, if not millions in legal costs to

beneficiaries and creditor victims and allowed for the theft of an estimated 100 million dollars from the estates and trusts that the state of Florida was in custody over.

- bb) Colin covers up stolen Tangible Personal Property (“TPP”) he becomes aware of alleged to be worth several million dollars in art, jewelry, furniture and more. Despite clear evidence that Estate and Trust properties not only were not being properly accounted for but in fact were now missing from the Estate and Trusts, Colin ignored these facts and continued, as does his replacement, Judge John Phillips, to fail to report the crimes and actually continue as if nothing has occurred and they are above the law, despite their actions being outside the color of law and subject to criminal prosecution despite any claims they may make that they are “immune,” which MAY apply in any civil cases they are named in.
- cc) Instead of the court, which is technically in custody of the properties of Simon’s and Shirley’s Estate and Trusts, properties of my family through our inheritance and seizing the TPP properties from the fraudsters to protect the innocent victims from further theft Colin allows a complicated court scheme to be implemented in efforts to sell of the properties before accounting and inventorying could be done. Even after the court ordered re-inventorying of the TPP where it was shown that not only was TPP missing but that Alan Rose and Ted Bernstein had lied to the court and beneficiaries as to where the missing TPP properties were, as they claimed they were stored in the same garage at the Saint Andrews home where recently Mitch Huhem’s life tragically and violently ended, days after he gained title to my father and mother’s former homestead. Upon re-inventorying NONE of the TPP from the illegally sold condominium was found at the Saint Andrews home.
- dd) Colin is aware of a plethora of Probate and Trust Rules and Statutes, including but not limited to, no statutorily due accountings, improper accountings, breaches of fiduciary duties, violations of attorney conduct codes, and criminal statute violations by officers of his court and yet fails to take any corrective actions.
- ee) Colin allows multiple SHAM hearings to try and turn the cases around and allows attorneys and fiduciaries caught in Fraud on the Court and Fraud to continue in the cases and allows them to file an endless stream of contempt charges and guardian calls for Eliot, in efforts to extort him to stop exposing the crimes.
- ff) Colin evades hearings to remove Ted as Trustee even after finding Spallina and Tescher appointed Ted as Trustee in Simon AFTER resigning as Co-Trustees and that they failed to turn over statutorily due accountings after their resignation and after admitting multiple frauds on beneficiaries.
- gg) Colin fails to take corrective actions for the frauds even after threatening Ted and his counsel with Miranda for crimes he became aware of that are admitted by the officers of his court.

- hh) Colin fails to require bonding from those involved in fraud puts burdens on beneficiaries, including 3 minor children who are denied counsel from the outset.
- ii) Without taking any steps necessary when fraud was discovered in and on his court Colin then begins to allow conversion of the properties while deflecting hearings for validity, construction, removal of Ted et al on very serious breaches and tries to rid the estates and trusts of assets, real estate, IRA's, life insurance, automobiles, etc. by holding SHAM hearings and all before having hearings to determine validity, construction and removal of Ted.
- jj) With the sale of Simon's 7020 Lions Head Lane home in Saint Andrews Country Club, Colin had received a Lis Penden from Eliot on the home as it was required that filings had to be approved by Colin before they could be filed and Colin then sat on it not allowing its filings for months, in fact, never allowing it to be filed.
- kk) Suddenly, Candice Bernstein received a Zillow Real Estate Alert that the house was being sold and under contract with no notice to any party by Ted Bernstein or Alan Rose.
- ll) Eliot files Lis Penden without approval from Colin.
- mm) Eliot files with court for hearing to stop sale as no notice to beneficiaries was given and for the fact that Ted is precluded from making ANY DISPOSITIONS of the Shirley Trust as he is considered predeceased for ALL PURPOSES OF DISPOSITIONS according to the trust language and Colin again orchestrates SHAM hearings to make it appear the sale is legit and due process was afforded.
- nn) Colin allows Ted to sell home knowing he is unable to make dispositions of the Shirley Trust.
- oo) Eliot files another Motion for Disqualification of Colin and this time for FRAUD BY THE COURT, including Colin's failure to mandatorily disqualify once he became a material and fact witness in the matter and for his multitude of other failures to follow fraud protocols, judicial canons, Florida Probate/Trust Statutes and Rules and FL criminal statutes and instead holds a mass of illegal SHAM hearings and issues fraudulently gained orders to further the frauds.
- pp) Colin denies the disqualification filed and the very next day he Sua Sponte recuses without rhyme or reason in his order for his recusal and it is believed Colin took this route to avoid having his orders dismissed and conceal the reasons for his recusal from the record.
- qq) Colin is also named in the counter complaint in Shirley's Trust case as a material and fact witness to documents his name are on involved in the fraudulent closing of Shirley Estate and in the Oppenheimer matter and he is listed as a potential defendant depending on the result of his deposition etc. and discovery.
- rr) Colin is also being accused of signing a fraudulent Order in the Oppenheimer case in 2010 that the pleading contain documents that allege to have the signatures of Eliot and Candice Bernstein on them at a time they did not know Robert Spallina who filed the

document and that Eliot and Candice both attested in court filings and to PBSO detectives that they never signed such fraudulent document.

- ss) After his Sua Sponte recusal one day after his denial of the Motion for Mandatory Disqualification filed against him that he denied, Colin directly interferes with the transfer of the cases POST RECUSAL and illegally steers them to the North Branch to further Obstruct Justice and set up a replacement to himself that would try and further the crimes of his court and cover up them.
- tt) The cases are then improperly reassigned and the confidential court files sent to judge Howard Coates who was a lawyer in the law firm Proskauer Rose.
- uu) Proskauer is a counter defendant in the Estate and Trust matters in Eliot's stayed (by Colin) counter-complaint.
- vv) Howard Coates is notified by Alan Rose and Brian O'Connell that he may have conflicts with Eliot through his technology companies Iviewit and the ongoing state, federal and civil actions pursued by Eliot at this time against his former law firm Proskauer. Coates accepts the highly confidential files of Colin and schedules a hearing.
- ww) Coates ignores the claims again in the hearing presented by Rose and others of his potential conflict and in his first and only hearing he states initially he is not conflicted and claims he does not know the technology companies Iviewit or Eliot. Coates is made aware that Proskauer is a counter defendant in the matters before him at the hearing but continues to hold the hearing and then suddenly Sua Sponte recuses.
- xx) Coates despite his claim of not knowing the Iviewit companies or Eliot on the record was a billing partner on the Iviewit accounts and he is also believed to have received over the years emails from Eliot Bernstein regarding the legal actions and criminal actions filed by Eliot against the law firm Proskauer and ALL of its partners.
- yy) Cases are then transferred to Phillips, despite protests that the courthouse is too far for everyone and that the cases were transferred improperly by attorney Peter Feaman who motions the Chief Judge Jeffrey Colbath of such issues seeking a transfer of the case from Phillips.
- zz) Phillips comes in acting as the "fixer" to button down all the problems before the fraud on, by and in the court could be further exposed. Phillips issues fraudulent orders and holds SHAM hearings to strip Eliot and his children of their due process rights and tries to change the direction of the cases from the Fraud on the Court and Fraud by the Court committed by Officers and Fiduciaries of the court to one where it appears that the problems are Eliot's fault.
- aaa) Alan Rose suddenly, 3 years after Simon's death alleges to have found documents to replace the Oppenheimer case fraudulent documents that are under investigation with PBSO at the time and newly discovered Simon and Shirley Copies of dispositive documents allegedly signed by them, all in a desk drawer of Simon's. Rose on a visit to the home alleging his business had to do with chandeliers, while allegedly rummaging

RE: Internal Affairs Complaint & Public Office Corruption Case

through the property at the home finds the documents and steals off with them as all the property in the home is under the custody of Brian O'Connell, the Successor PR, who had already removed and accounted for the files at the home and yet did not unearth these magically appearing documents.

- bbb) According to Rose's own testimony in a court hearing he stated he removed the documents from the home without authorization from O'Connell or a Writ of Possession and thus admits under oath that he stole off with them from the Estate.
- ccc) Rose then takes the documents to detective Panzer who visits Rose in his offices and does not record the conversation and Rose allows Panzer to view the files after unsealing them from a sealed envelope Rose placed them in but Panzer does not take possession of them as evidence and Rose does not turn the stolen documents over to the Sheriff or the court.
- ddd) Rose also creates a CD ROM with copies which he has Brian O'Connell deliver to me at a hearing and he fails to submit them to the court despite the fact that they appear relevant documents in the Shirley Trust case and Oppenheimer case.
- eee) That Rose gives copies to Steven Lessne who also fails to turn the newly discovered records to the court in his case where again they appear relevant to his case.
- fff) Rose finds the documents after Ted, Pam, Adam Simon and David Simon have stated to a federal court in pleadings and affidavits that immediately after Simon died there was an exhaustive search for documents since the trust at the center of the Illinois federal insurance lawsuit was lost and the court was demanding a copy and the insurance carrier that rejected a Spallina insurance claim already for not having a copy also wanted one.
- ggg) In order to completely remove my family's due process rights judge Phillips issues Sham Orders through Sham Hearings to;
- hhh) Remove my standing, even in cases where he was sued and a defined beneficiary.
- iii) Removes three years of filings by Eliot on behalf of himself and his minor children.
- jjj) Removes Eliot as a beneficiary despite Eliot being named in all estate and trust documents as a beneficiary and this bizarre ruling issued to preclude Eliot from filing to have hearings to remove Ted Bernstein as Trustee as a qualified beneficiary. Not only does this ruling on standing go against the Law of the Case for three years prior to Colin's recusal but also goes against the factual documents in the case.
- kkk) Places Predatory Guardian, former foreclosure judge Diana Lewis (who lost her job on the bench to Judge Jennifer Tickten after mass of public outrage at her bad decisions and mean demeanor) as a Guardian on my children which was obtained through fraudulent predatory orders, including that Eliot cannot talk to the Guardian for his children or else face severe sanctions.
- lll) The improperly held Guardian hearings were not recorded as required by the GAL program for GAL hearings.

- mmm) No witnesses or evidence was presented at these hearings that Eliot and Candice Bernstein needed Guardians in either the Shirley Trust case or the Oppenheimer case. Reasons as obscene as to stop Eliot and Candice from exposing fraud in the court were espoused by Rose and Lessne and accepted by Phillips as gospel.
- nnn) Placed Guardian on an adult child with no proper guardian hearings for an adult thereby obstructing justice through this false and fraudulent process of a predatory guardianship to silence my son's adult rights.
- ooo) The hearings have minor children unrepresented by counsel despite an attorney trying to come in Pro Hac Vice, Candice Schwager, Esq. who was precluded by Phillips to represent them by denying a request for a stay to allow time for the attorney to get admitted to represent them claiming the request was not timely, however that too is in violation of Florida Statutes for a stay may be requested at time of hearing, especially one to gain counsel for a litigant, more important to get counsel for unrepresented minors.
- ppp) The hearings to illegally obtain guardianship have no witnesses or expert testimony regarding Eliot and Candice Bernstein not being fit parents and are not properly conducted by Phillips who is alleged to be the head of the guardianship program and perhaps a reason there are so many complaints about the guardian program in the Palm Beach County leading to a mass of bad press exposing corruption in the Guardian court and new legislation being introduced to try a curb the systemic abuses.
- qqq) The Shirley Trust lawsuit that the predatory guardianships are granted under are filed against a trust entity that Alan Rose later admits DOES NOT EXIST AT THIS TIME, for a Simon Bernstein Trust dated 9/13/12 (the day he died) and where no such trust has ever been produced by any party, making the case another illegal fraudulent abuse of process scheme and artifice to defraud.
- rrr) Eliot was sued in the Shirley Bernstein Trust case as a Trustee of the Simon Bernstein Trust dated 9/13/12 and then when confronted by Eliot's children counsel, Candice Schwager to produce the documents Eliot and his children are sued as defendants under Rose states in an email that Eliot is not the Trustee and Diana Lewis will write a trust at a future date. The problem is that Rose sued Eliot and his children over a year earlier in capacities that do not exist under a trust that does not exist? Very similar to Il Federal Insurance Action where a non-existent trust was used to apply for the Death Benefit of Simon's life insurance policy and then used again to sue parties through the nonexistent trust acting as Plaintiff with again, Ted Bernstein, who again claims never to have seen or possessed a copy of the trust he acts under, is again acting as the Trustee.
- sss) It is alleged that this political corruption and fraud on and by the court starts with Jorge Labarga, Chief Justice who was the central accused party of the Iviewit lawsuit instigated by Proskauer Rose against fraudulently created Iviewit companies holding fraudulent IP applications and then emanates down through the 4th District Court of Appeals and 15th Judicial and is a well-protected organizational conspiracy by these

Judges and Attorneys who are misusing the courts as Weapons to steal assets from estates, trusts and wards of guardians. The Palm Beach Post exposure of both Judge Colin and French exposes the 15th Judicial as hotbed of corruption and fraud by the court and yet the 4th DCA and the Florida Supreme Court have done nothing to intercede and stop the crimes, in fact, merely transferring Colin from the probate court to the civil court and doing nothing to make reparations to victims or prevent further abuses.

- ttt) The Florida courts own response to victims and the press was a shuffling of the deck chairs on the Titanic, akin to the Pedophile Priest Shuffle and criminal authorities have failed to take any actions against the judges and lawyers and to protect the citizens.
- uuu) Martin Colin's civil Mandatory Disqualification filed for FRAUD ON THE COURT AND FRAUD BY THE COURT and his orders to sell my father's home were taken to the Florida Supreme Court who did not rule on the merits of the disqualification and instead sent it the 4th DCA with instructions that they did not have to rule on the merits and thus the complaint was denied by the 4th DCA with no proper due process or evaluation of the complaint on the merits. This effectively buried the disqualification motion exposing the fraud on and by the Court and allowed Colin to rule on his own disqualification motion with no other party oversight and where it seems bizarre that a judge could rule on his motion to disqualify himself, especially where it is alleged that he has committed fraud.
- vvv) While the 4th DCA and Florida Supreme Court denied to hear the case on the merits and denied it without explanation, both courts became aware of fraud in and by the court of Colin and his officers and fiduciaries and have instead of following their fraud procedures and reporting the crimes they have knowledge of have done nothing to report or regulate the criminal activities. The admissions by Spallina are of felony criminal fraud and mail and wire fraud thereby making Phillips suppression of the information a Misprision of Felony that Aids and Abets the crimes versus exposing them and reporting them as required.
- www) Judge Phillips hears fresh admissions of crimes committed against beneficiaries by Robert Spallina in a December 15, 2015 hearing and fails to take any actions to report or admonish Spallina and his partner Tescher and this represents aiding and abetting and misprision of felony.
- xxx) All attorneys involved fail to report (other than Feaman in part) all aiding and abetting and misprision of felony. The fact that they have failed makes it a pattern and practice of the conspiratorial crime ring.

a) Ted, Spallina and Tescher make false personation as Fiduciaries and Attorneys at Law to seize Dominion and Control of Estates and Trusts, submit multiple fraudulent, forged, fraudulently notarized documents to court and others.

b) Ted Bernstein as Trustee in Simon Bernstein Trust knowingly acts as Trustee while not named as a Trustee and where his former attorneys and business associates, Tescher and Spallina, who Ted introduced to the Bernstein family then resigned as Co-Trustees and Co-Personal Representatives after their law firm was CAUGHT in multiple and separate and distinct crimes, by multiple parties including fraudulent notarizations and then in an illegal post resignation transfer of trusteeship upon resignation claim to have made Ted the successor.

c) Language in the Simon trust precludes Ted from being a successor.

d) Ted Bernstein acting as alleged Trustee in an Illinois Federal Litigation. Ted fraudulently impersonates himself as Trustee of an alleged trust that at this time does not legally exist

RE: Internal Affairs Complaint & Public Office Corruption Case

-
- and where Ted claims never to have seen or possessed such trust but files a lawsuit alleging to be a trustee of the trust in Federal and State of Illinois courts, in order to convert a life insurance policy to himself and his other siblings, excluding myself.
- e) Whether Ted Bernstein is declared a Trustee under the estate documents of Simon and Shirley, when the ORIGINALS can be forensically analyzed by a validly serving Trustee, there is specific language in both Simon and Shirley's Trusts that specifically exclude Ted from doing anything that state that Ted shall be considered "predeceased" for All Purposes and for Purposes of Dispositions under the trusts of Simon and Shirley. Therefore, any dispositions, including but not limited to, sales, transfers, distributions, etc. of assets would be prohibited and thus all such type activities already done by Ted knowing this were done fraudulently and with scienter.
 - f) Robert Spallina impersonates Trust officer of LaSalle National Trust, NA in seeking fraudulent insurance claim and has months of correspondence with them as such, prior to filing a knowingly fraudulent insurance claim.
 - g) Robert Spallina impersonates himself as Trustee of a trust he claims never to have seen I seeking a Death Benefit Claim for an alleged 2-3 Million Dollar insurance policy and is denied the claim by carrier for being unable to produce a valid legal trust document that is a named beneficiary.
 - h) That neither Ted nor Spallina notify the insurance carrier upon applying for the death benefit claim that Ted had alleged that Simon was poisoned and that there were ongoing investigations and a coroner report pending. Spallina submits a non-final death certificate initially.
 - i) Ted Bernstein signs a Florida Tax Form as PR of Shirley Estate at a time he was not appointed PR and the Estate of Shirley had been illegally closed already by Donald Tescher and Robert Spallina with Simon the last serving PR at a time after his death and Ted having no Letters of Administration at that time.
 - j) Tescher and Spallina closed Shirley's estate by depositing a series of fraudulent documents over several months filed on behalf of a deceased Simon Bernstein as a living PR. Spallina admits to these crimes before Judge John Phillips in a 12/15/15 hearing.
 - k) Alan Rose & Ted Bernstein Deed to Saint Andrews Home. Ted Bernstein impersonates a validly serving trustee with authority to make dispositions despite clear language that precludes Ted from making dispositions of any kind.
- 67) FL 817.03 - Making false statement to obtain property or credit
http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=0800-0899/0817/0817.html ;
- a) Ted, Spallina, Tescher, Rose, Manceri, Pankauski and Morrissey make false statements to court to obtain Simon and Shirley Bernstein Estate and Trust properties and convert them to improper parties through a variety of artifices to defraud.

- b) Ted Bernstein improper trustee considered PREDECEASED FOR ALL PURPOSES OF TRUST AND DISPOSITIONS OF TRUST in both Simon and Shirley Trusts makes dispositions by making false statements and making dispositions and distribution of trusts based on these knowingly improper actions.
 - c) Spallina and Tescher and Ted to obtain various properties commit fraud on banks and credit card companies and make false statements.
 - d) Spallina makes false statements to insurance carrier misrepresents himself as Officer of LaSalle National Trust, NA (the primary beneficiary allegedly in Simon's Insurance Policy, also misrepresents himself as an alleged contingent beneficiary, the "1995 Simon Bernstein Irrevocable Insurance Trust" knowingly signing a death benefit claim as Trustee of a nonexistent trust that he claims never to have seen or been involved with and is fully cognizant of its nonexistence, yet attempts to collect a multimillion dollar policy by claiming he is Trustee.
 - e) Alan Rose to convert various properties including Saint Andrews home, Personal Property that is stolen and reported stolen to PBSO in an open investigation makes numerous false statements and files fraudulent court papers knowingly to commit crimes and cover up others. Rose knows his client cannot make dispositions of the trust yet continues to allow this, as did Ted's predecessor counsel Spallina and Tescher.
- 68) FL 817.155 - Matters within jurisdiction of Department of State; false, fictitious, or fraudulent acts, statements, and representations prohibited; penalty; statute of limitations http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=0800-0899/0817/Sections/0817.155.html ;

- a) Oppenheimer Trust Co fraud on children's trusts, operated trusts on unsigned trust documents. Documents alleged to be fraudulent and investigation derailed by Detective Andrew Panzer.
 - b) Submitted Fraudulent Court documents to court regarding successor trusteeship.
 - c) JP Morgan IRA account fraud, missing documents.
 - d) JP Morgan missing transfers of funds from Oppenheimer for Simon accounts.
 - e) Donald Sanders, false statements affidavit regarding Insurance Policy.
- 70) FL 817.234 - False and fraudulent insurance claims
http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=0800-0899/0817/Sections/0817.234.html ;

- a) Robert Spallina files fraudulent insurance claim of trust he claims to have never seen or possessed, claim is denied by carrier for failure to prove that he was a beneficiary.
 - b) Fails to notify carrier at time of filing that Ted Bernstein his client had alleged that his father Simon Bernstein was murdered and ordered an autopsy and an investigation by PBSO and submits initially an incomplete death certificate with his claim.
 - c) Ted Bernstein then fraudulently sues Heritage Union Life / Jackson National Life now suddenly acting as Trustee of the trust that Spallina tried to make a claim for the policy under, the non-existent trust they both claim on the record to have never possessed or seen, for breach of contract in Il state court to try and claim benefits by then suing the carrier for not paying the Spallina denied claim. The state case was moved by carrier Heritage Union Life / Jackson National Life to Il Federal Court and Ted sues as Trustee at a time he was aware that the trust was alleged lost and nobody knew who the trustee or beneficiaries were and that a court order would be necessary to determine such.
 - d) Ted at time he filed the lawsuits was fully cognizant that he was not the Trustee of the trust as he was aware that it was alleged "lost" and that a court order would be required by the carrier, determining who if anyone was to be Trustee of a trust that did not legally exist at the time nor does an executed binding legally valid trust exist today, yet Ted filed claiming to be a validly serving Trustee. Ted sued with four of his siblings as Plaintiffs with alleged interest in the lost trust and left me, Eliot Bernstein, out of the Plaintiffs filing so as to hide the lawsuit from me in efforts to get the claims paid to directly to them without my knowledge. The death claim that was denied by the carrier that Spallina filed also was done without my consent or knowledge and attempted to have the benefits paid to Tescher and Spallina's law firm account.
- 71) FL 817.2341 - False or misleading statements or supporting documents; penalty;
- a) The entire record of the Florida Estate and Trust cases are full of false and misleading statements and supporting documents, in fact despite court order to turn over ALL records and properties to successor PR, Benjamin Brown, Esq. (deceased), Spallina and Tescher turned over 7202 pages of COPIES ONLY, no original documents were produced in violation of the court order and further Obstructed Justice.
 - b) All records produced by Spallina and Tescher and Alan Rose to PBSO are copies of alleged document that are now missing entirely and thus all documents may be fraudulent and attempts to cover up for crimes already exposed to PBSO over the last 4 years. An example would be the sudden finding of documents by Alan Rose in 2015, after exhaustive searches were claimed to have been done by the fiduciaries for missing documents that just coincidentally are found as Detective Panzer is investigating them and Traci Kratish regarding missing signatures and other document defects and where the Rose found documents attempt to introduce new records into the investigation in attempts to cover over the prior crimes, with new documents. Alan Rose stole the documents according to his claims, admitting under oath that he had no Writ of Possession to take

RE: Internal Affairs Complaint & Public Office Corruption Case

them from the Simon Bernstein Estate as he was not a fiduciary or counsel to the fiduciary of the PR of the Estate.

- c) PBSO should have seized all records of Spallina and Tescher and the 15th Judicial when they discovered that multiple frauds on the court and beneficiaries had occurred by officers and fiduciaries of the court and instead have allowed a continuous stream of new documents to enter the records that appear efforts to cover up and conceal crimes already exposed.

72) FL 817.38 - Simulated process

http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=0800-0899/0817/Sections/0817.38.html

- a) Alan Rose / Ted Bernstein - Falsely Suing Knowingly nonexistent entities to gain properties, guardianships etc. in the Shirley Bernstein Trust Construction case.
- b) Entire Court proceedings and hearings are steeped in fraud, fraud on the court and fraud by the court officers and court appointed officers in which false and fraudulent pleadings were made and fraudulent orders issued based upon the fraudulent filings.
- c) Once Fraud on Court was discovered Judge Martin Colin should have recused himself instantly when it was learned that his name and his staff's names were on documents filed with court and therefore they would be material and fact witnesses.
- d) Colin should have recused also because crimes were committed by his court appointed fiduciaries and officers of the court, Tescher and Spallina who were acting as Co-Trustees and Co-PR's of Estate and Trust of Simon Bernstein and where they also simultaneously were acting as Ted Bernstein's counsel in Shirley Bernstein's Estate and Trust.
- e) Colin or successor judge should have then reset cases, reported the criminal misconduct of Tescher and Spallina and their employees as required by professional conduct codes and law and removed all parties involved in Frauds.
- f) Colin at Sept 13, 2013 states to Ted Bernstein and his counsel, Tescher, Spallina and Mark Manceri that he had enough evidence of TWO Separate Frauds on the court, one committed by Kimberly Moran and one committed by Robert Spallina et al. and fails to take action to report these felony frauds or take corrective action and leaves in place Tescher, Spallina, Ted et al. who then continue frauds and use court to attempt to cover up crimes being reported to PBSO and other state and federal investigatory agencies and state and federal courts. Finally after stating in the Sept 13, 2013 hearing that he knew of no other crimes then that committed by his employee Moran and continuing as a Co-Trustee/Co-PR Spallina and Tescher filed continuous false statements and pleadings to court, including defamatory and harassing and extortive filings with court, then admitted in January 2014 to PBSO Sheriff Detectives that he had created a Fraudulent Shirley Trust on or about December of 2013 and sent it to the attorney, Christine Yates, Esq. for Eliot Bernstein's minor children.

- a) Judges Colin, French and Phillips, in conspire with the Palm Beach County Coroner Michael Bell and Sheriff officers Miller and Panzer and other public officers, including but not limited to attorneys at law, Spallina, Tescher, Rose, Manceri, Pankauski, O'Connell and Manceri acting as Officers of the Court and Ted Bernstein, Robert Spallina and Donald Tescher as Fiduciaries have stolen, embezzled, altered, falsified records (multiple perhaps thousands) and avoided records and papers filed in multiple judicial proceedings in courts of this state and have knowingly and willfully taken off, discharged and concealed multiple issues and have forged, defaced and falsified documents and instruments recorded and filed in court and fraudulently altered, defaced and falsified documents, books, and proceedings whatever of or belonging to any public office within this state and caused and procured the offenses aforesaid to be committed and are therefore guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.
- b) The parties knowingly falsified, altered, destroyed, defaced, overwrote, removed, and discarded official records relating to individuals (including minor children) in the care and custody of a state agency and which act has detrimentally affected the health, safety and welfare of these victim individuals and therefore the parties alleged herein have conspired and committed a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

- 99) For the purposes of this paragraph, the term “care and custody” includes, but is not limited to, a child abuse protective investigation, protective supervision, foster care and related services, or a protective investigation or protective supervision of a vulnerable adult, as defined in chapter 39, chapter 409, or chapter 415.

- 102) FL 843.0855 - Criminal actions under color of law or through use of simulated legal process <https://www.flsenate.gov/Laws/Statutes/2011/843.0855> .
- (3) Any person who simulates legal process, including, but not limited to, actions affecting title to real estate or personal property, indictments, subpoenas, warrants, injunctions, liens, orders, judgments, or any legal documents or proceedings, knowing or having reason to know the contents of any such documents or proceedings or the basis for any action to be fraudulent, commits a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083.
- (4) Any person who falsely under color of law attempts in any way to influence, intimidate, or hinder a public officer or law enforcement officer in the discharge of his or her official duties by means of, but not limited to, threats of or actual physical abuse or harassment, or through the use of simulated legal process, commits a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083.
- a) The entire civil cases have been a series of criminal actions which are aided and abetted under the color of law through simulated legal process. Violations of civil procedural codes are rampant and not enforced as part of a conspiratorial fraud on the court by Officers, Fiduciaries and Guardians and Fraud by the Court by the court Officials involved including using the machinery of the court to commit crimes and to also attempt to cover up other crimes. These acts Obstruct Justice and Deny Due Process and Procedure rights with criminal intent.
- b) Judge Colin issued Orders that were void due to his mandatory disqualification by Judicial Canon and law once he knew that he was a material and fact witness to the crimes that occurred in his court by his court appointed attorneys at law and fiduciaries. Therefore, every order was issued to further cover up or aid and abet criminal acts.
- c) Judge Colin interfered with PBSO investigations by contacting the officers of PBSO and telling them to close their investigations of the crimes that occurred in his court and that he would handle them instead and this led to the complaints being derailed the first time and forcing them to be reopened. Colin has no jurisdiction to investigate criminal acts of any parties.
- d) Alan Rose has sued parties that he has admitted do not and do not today exist in the Shirley Trust construction case he filed. Alan Rose sued a trust that he knowingly knew

- did not exist as part of an elaborate fraud to attempt to make illegal prior distributions appear legal and make new distributions through the illegal scheme to improper parties.
- e) Guardians were placed on our children through this fraudulent lawsuit that sued the children as beneficiaries of a trust that does not legally exist.
 - f) A Guardianship hearing was held without being filed as a GAL case and a guardian was placed on an adult with no due process and two minors. This Predatory Guardianship also represents child abuse through abusive process.
 - g) Judge Colin and Judge Phillips issued orders to sell real estate properties (Condo and Home) knowing the transactions and the parties making the transactions were illegally acting.
 - h) Judge Colin and Judge Phillips issued orders to sell and transfer Personal Properties despite knowing that there were stolen properties already and attempted to further cover up for the crimes committed through simulated legal process.
 - i) That through simulated legal process a car of Joshua Bernstein, a minor at the time was identified to be Joshua's Birthday gift from his Grandfather Simon days before he died, was told to the court to be Simon's car (although not listed on any Simon inventory and despite birthday cards congratulating Joshua on his gift by Ted and his siblings who then claimed it was Simon's to the court. This vehicle was used to try and extort us to take improper distributions and thereby give implied consent to the illegal distributions of Shirley's trust taken by Ted and his siblings and remains stolen property as the trust purports to still have a claim to the vehicle as recently as 2016.
 - j) That through simulated legal process attempts are being made to steal the home of my children and includes now the aiding and abetting of this scheme by Guardian Diana Lewis now in conspire with Judge Phillips, Ted Bernstein and Alan Rose.
 - k) That through simulated legal process a Predatory Guardian Diana Lewis was placed on our children by Judge John Phillips, including an adult child who was treated knowingly as a minor to evade a proper guardianship hearing for him and this predatory guardianship is being used to extort our family and further abscond with assets through aiding and abetting the criminals involved and further legal process simulation and fraud on the court and fraud by the court.
 - l) That through a series of FRAUDULENT AND VOID ILLEGALLY GAINED ORDERS, Judge Phillips has attempted to rob my family of our inheritance, shut down our whistleblowing efforts and commit further crimes and cover ups of prior court orchestrated crimes unimpeded by me by issuing illegally gained orders to wholly deny my legal rights, claim that I am not a beneficiary of my parents estates and trusts despite clear language that I am and remove my standing and ability to file papers, counter complaints, etc. in my defense and the defense of my minor children. The judge held hearings and precluded counsel from coming into the hearings on behalf of minor children, leaving them without counsel and their interests not being represented.

VII. Conclusion

In light of these very real dangers of retaliation for my whistleblowing efforts and pursuit of criminal complaints against the judges and lawyers and certain law enforcement agents involved that have in part led to recent legislative changes to protect parties from these predatory guardianship/probate/family court schemes and artifices to defraud citizens, I am requesting your offices do all of the following in expediting this formal complaint and to protect my family and others named herein from the very courts and law enforcement agencies, including PBSO that are supposed to be upholding our rights:

- 1) Provide me with a formal complaint number for this IA complaint so that I may submit further evidence and information to your offices that will be available under such case number when a FOIA is requested.

RE: Internal Affairs Complaint & Public Office Corruption Case

- 2) Immediately seize and preserve all records relating to my cases listed herein and the case(s) of Mitchell Huhem and respond to my FOIA with all information.
- 3) Immediately institute all policies and procedures to protect Whistleblowers who are informing authorities about PBSO misconduct.
- 4) Immediately report to the proper state and federal criminal authorities the criminal elements alleged herein against the Court Officers, Court Appointed Officers, Fiduciaries, Guardians and PBSO employees involved, including but not limited to, public office investigators, homicide investigators, federal agencies and necessary inspector generals.
- 5) Sign and return a conflict of interest disclosure form for any party handling these matters, attached as Exhibit A, prior to review or determination by this office and where conflict is presumed to exist, if found by your offices to exist, request that a Federal Monitor be brought in to assist in any fair and impartial review.
- 6) Allow me to file new criminal complaints based on new evidence of new crime with conflict free PBSO detectives, prescreened for conflict and have a Federal Monitor brought in to oversight the new complaints against public officers and others to ensure fair and impartial due process is insured.

With my father's sudden and unexpected death and a heavy metal test that indicates elevated levels of several heavy metals, the violent death of the buyer of my father's home shortly after taking possession of the home, the prior bombing of my family's vehicle, several reported death threats against my family and other harassments of my family over 15 years regarding me and my father's stolen Intellectual Properties and now the theft of our inheritancy, we are seeking immediate response to these issues, immediate whistleblower protections afforded to protect us from harm and we seek to be informed of how the IA complaint and new criminal complaints I wish to lodge will be handled by PBSO to protect our family by resolving any conflicts that may exist in the handling of these matters, if that can now be achieved and if not bring in a Federal Monitor to oversight the complaints and resolutions. The victims of the these crimes in my cases are Eliot Bernstein, Candice Bernstein, Joshua Ennio Zander Bernstein, Jacob Noah Archie Bernstein, Daniel Elisjha Abe Ottomo Bernstein, William Stansbury, Walter Sahm, Maritza Puccio, Scott and Diana Banks, the Mitchell Huhem Family, Leilani Ochoada and others.

RE: Internal Affairs Complaint & Public Office Corruption Case

I am requesting an IMMEDIATE MEETING with IA investigators to discuss the matters, including life threatening matters detailed herein and to further review this complaint and how it will be handled and by whom. Please provide me with a date and time for a conference call to discuss the matters and forward direction of complaint as I do not feel safe coming to the PBSO offices at this time.

Thank you for your immediate attention to these matters,

RE: Internal Affairs Complaint & Public Office Corruption Case

After 10 Days, if this form has not been signed or subsequently turned over to a NON CONFLICTED PARTY, your Failure to comply may result in criminal and civil charges FILED against you FOR AIDING AND ABETTING A RICO CRIMINAL ORGANIZATION, FEDERAL OBSTRUCTION OF JUSTICE and more, AS NOTED HEREIN.

The Conflict of Interest Disclosure Form is designed to ensure that the review and any determination from such review of the enclosed materials should not be biased by any conflicting financial interest or any other conflicting interest by those reviewers responsible for the handling of this confidential information. Whereby any conflict with any of the main alleged perpetrators of the alleged crimes referenced in these matters herein, or any other perpetrators not known at this time, must be fully disclosed in writing and returned by anyone reviewing these matters prior to making ANY determination.

Disclosure forms with "Yes" answers, by any party, to any of the following questions, are demanded not to open the remainder of the documents or opine in any manner, until the signed COI is reviewed and approved by the Iviewit companies and Eliot I. Bernstein. If you feel that a Conflict of Interest exists that cannot be eliminated through conflict resolution with the Iviewit Companies or Eliot Bernstein, instantly forward the matters to the next available reviewer that is free of conflict that can sign and complete the requisite disclosure. Please identify conflicts that you have, in writing, upon terminating your involvement in the matters to the address listed at the end of this disclosure form for Iviewit companies or Eliot I. Bernstein. As many of these alleged perpetrators are large law firms, lawyers, members of various state and federal courts, officers of federal, state and local law enforcement and regulatory agencies, careful review and disclosure of any conflict with those named herein is pertinent in your continued handling of these matters objectively.

These matters already involve claims of, including but not limited to, Conflicts of Interest, Violations of Public Offices, Whitewashing of Official Complaints in the Supreme Courts of New York, Florida, Virginia and elsewhere, Threatening a Federal Witness in a "legally related" Federal Whistleblower Lawsuit, Document Destruction and Alteration, Obstructions of Justice, RICO, ATTEMPTED MURDER and much more. The need for prescreening for conflict is essential to the administration of due process in these matters and necessary to avoid charges of OBSTRUCTION OF JUSTICE and more, against you. US Federal District Court Judge, Shira A. Scheindlin, legally related the matters to a New York Supreme Court Attorney Whistleblower Lawsuit of Christine C. Anderson, Esq. who alleges similar claims of public office corruption against Supreme Court of New York Officials, US Attorneys, NY District Attorneys and Assistant District Attorneys. Therefore, this Conflict Check is a formal request for full disclosure of any conflict on your part, such request conforming with all applicable state and federal laws, public office rules and regulations, attorney conduct codes and judicial canons or other international law and treatises requiring disclosure of conflicts and disqualification from these matters where conflict precludes involvement.

Failure to comply with all applicable conflict disclosure rules, public office rules and regulations, and, state, federal and international laws, prior to continued action on your part, shall constitute cause for the filing of criminal and

civil complaints against you for any decisions or actions you make prior to a signed Conflict Of Interest Disclosure Form. Charges will be filed against you for failure to comply. Complaints will be filed with all appropriate authorities, including but not limited to, the appropriate Federal, State, Local and International Law Enforcement Agencies, Public Integrity Officials, Judicial Conduct Officials, State and Federal Bar Associations, Disciplinary Departments and any/all other appropriate agencies.

I. Do you, your spouse and your dependents, in the aggregate, have any direct or indirect relations, relationships or interest(s) in any entity, or any of the parties listed in **EXHIBIT 1** of this document, or any of the named Defendants in these matters contained at the URL, <http://iviewit.tv/CompanyDocs/Appendix%20A/index.htm#proskauer> ? TITLE 18 FEDERAL CODE & OTHER APPLICABLE FEDERAL LAW

Title 18 U.S.C. § 4. Misprision of felony. Whoever, having knowledge of the actual commission of a felony cognizable by a court of the United States, conceals and does not as soon as possible make known the same to some judge or other person in civil or military authority under the United States, shall be fined under this title or imprisoned not more than three years, or both.

A federal judge, or any other government official, is required as part of the judge's mandatory administrative duties, to receive any offer of information of a federal crime. If that judge blocks such report, that block is a felony under related obstruction of justice statutes, and constitutes a serious offense.

Upon receiving such information, the judge is then required to make it known to a government law enforcement body that is not themselves involved in the federal crime.

Title 28 U.S.C. § 1361. Action to compel an officer of the United States to perform his duty. The district courts shall have original jurisdiction of any action in the nature of mandamus to compel an officer or employee of the United States or any agency thereof to perform a duty owed to the plaintiff.

RE: Internal Affairs Complaint & Public Office Corruption Case

This federal statute permits any citizen to file a lawsuit in the federal courts to obtain a court order requiring a federal official to perform a mandatory duty and to halt unlawful acts. This statute is Title 28 U.S.C. § 1361.

Fraud upon the court

FRAUD on the COURT

In the United States, when an officer of the court is found to have fraudulently presented facts to court so that the court is impaired in the impartial performance of its legal task, the act, known as "fraud upon the court", is a crime deemed so severe and fundamentally opposed to the operation of justice that it is not subject to any statute of limitation.

Officers of the court include: Lawyers, Judges, Referees, and those appointed; Guardian Ad Litem, Parenting Time Expeditors, Mediators, Rule 114 Neutrals, Evaluators, Administrators, special appointees, and any others whose influence are part of the judicial mechanism.

"Fraud upon the court" has been defined by the 7th Circuit Court of Appeals to "embrace that species of fraud which does, or attempts to, defile the court itself, or is a fraud perpetrated by officers of the court so that the judicial machinery can not perform in the usual manner its impartial task of adjudging cases that are presented for adjudication". *Kenner v. C.I.R.*, 387 F.3d 689 (1968); 7 Moore's Federal Practice, 2d ed., p. 512, ¶ 60.23

In *Bulloch v. United States*, 763 F.2d 1115, 1121 (10th Cir. 1985), the court stated "Fraud upon the court is fraud which is directed to the judicial machinery itself and is not fraud between the parties or fraudulent documents, false statements or perjury. ... It is where the court or a member is corrupted or influenced or influence is attempted or where the judge has not performed his judicial function --- thus where the impartial functions of the court have been directly corrupted."

What effect does an act of "fraud upon the court" have upon the court proceeding? "Fraud upon the court" makes void the orders and judgments of that court.

Judicial Cannons

What causes the "Disqualification of Judges?"

Federal law requires the automatic disqualification of a Federal judge under certain circumstances.

In 1994, the U.S. Supreme Court held that "Disqualification is required if an objective observer would entertain reasonable questions about the judge's impartiality. If a judge's attitude or state of mind leads a detached observer to conclude that a fair and impartial hearing is unlikely, the judge must be disqualified." [Emphasis added]. *Liteky v. U.S.*, 114 S.Ct. 1147, 1162 (1994).

Courts have repeatedly held that positive proof of the partiality of a judge is not a requirement, only the appearance of partiality. *Liljeberg v. Health Services Acquisition Corp.*, 486 U.S. 847, 108 S.Ct. 2194 (1988) (what matters is not the reality of bias or prejudice but its appearance); *United States v. Balistrieri*, 779 F.2d 1191 (7th Cir. 1985) (Section 455(a) "is directed against the appearance of partiality, whether or not the judge is actually biased.") ("Section 455(a) of the Judicial Code, 28 U.S.C. §455(a), is not intended to protect litigants from actual bias in their judge but rather to promote public confidence in the impartiality of the judicial process.").

That Court also stated that Section 455(a) "requires a judge to recuse himself in any proceeding in which her impartiality might reasonably be questioned." *Taylor v. O'Grady*, 888 F.2d 1189 (7th Cir. 1989). In *Pfizer Inc. v. Lord*, 456 F.2d 532 (8th Cir. 1972), the Court stated that "It is important that the litigant not only actually receive justice, but that he believes that he has received justice."

The Supreme Court has ruled and has reaffirmed the principle that "justice must satisfy the appearance of justice", *Levine v. United States*, 362 U.S. 610, 80 S.Ct. 1038 (1960), citing *Offutt v. United States*, 348 U.S. 11, 14,

75 S.Ct. 11, 13 (1954). A judge receiving a bribe from an interested party over which he is presiding, does not give the appearance of justice.

"Recusal under Section 455 is self-executing; a party need not file affidavits in support of recusal and the judge is obligated to recuse herself sua sponte under the stated circumstances." Taylor v. O'Grady, 888 F.2d 1189 (7th Cir. 1989).

Further, the judge has a legal duty to disqualify himself even if there is no motion asking for his disqualification. The Seventh Circuit Court of Appeals further stated that "We think that this language [455(a)] imposes a duty on the judge to act sua sponte, even if no motion or affidavit is filed." Balistreri, at 1202.

Judges do not have discretion not to disqualify themselves. By law, they are bound to follow the law. Should a judge not disqualify himself as required by law, then the judge has given another example of his "appearance of partiality" which, possibly, further disqualifies the judge. Should another judge not accept the disqualification of the judge, then the second judge has evidenced an "appearance of partiality" and has possibly disqualified himself/herself. None of the orders issued by any judge who has been disqualified by law would appear to be valid. It would appear that they are void as a matter of law, and are of no legal force or effect.

Should a judge not disqualify himself, then the judge is violation of the Due Process Clause of the U.S. Constitution. United States v. Sciuto, 521 F.2d 842, 845 (7th Cir. 1996) ("The right to a tribunal free from bias or prejudice is based, not on section 144, but on the Due Process Clause.").

Should a judge issue any order after he has been disqualified by law, and if the party has been denied of any of his / her property, then the judge may have been engaged in the Federal Crime of "interference with interstate commerce". The judge has acted in the judge's personal capacity and not in the judge's judicial capacity. It has been said that this judge, acting in this manner, has no more lawful authority than someone's next-door neighbor (provided that he is not a judge). However some judges may not follow the law.

If you were a non-represented litigant, and should the court not follow the law as to non-represented litigants, then the judge has expressed an "appearance of partiality" and, under the law, it would seem that he/she has disqualified him/herself.

However, since not all judges keep up to date in the law, and since not all judges follow the law, it is possible that a judge may not know the ruling of the U.S. Supreme Court and the other courts on this subject. Notice that it states "disqualification is required" and that a judge "must be disqualified" under certain circumstances.

The Supreme Court has also held that if a judge wars against the Constitution, or if he acts without jurisdiction, he has engaged in treason to the Constitution. If a judge acts after he has been automatically disqualified by law, then he is acting without jurisdiction, and that suggest that he is then engaging in criminal acts of treason, and may be engaged in extortion and the interference with interstate commerce.

Courts have repeatedly ruled that judges have no immunity for their criminal acts. Since both treason and the interference with interstate commerce are criminal acts, no judge has immunity to engage in such acts.

Canon 1. A Judge Should Uphold the Integrity and Independence of the Judiciary

RE: Internal Affairs Complaint & Public Office Corruption Case

[1.1] Deference to the judgments and rulings of courts depends upon public confidence in the integrity and independence of judges. The integrity and independence of judges depends in turn upon their acting without fear or favor. Although judges should be independent, they must comply with the law, including the provisions of this Code. Public confidence in the impartiality of the judiciary is maintained by the adherence of each judge to this responsibility. Conversely, violation of this Code diminishes public confidence in the judiciary and thereby does injury to the system of government under law.

Canon 2. A Judge Should Avoid Impropriety and the Appearance of Impropriety in All Activities

(A) A judge shall respect and comply with the law and shall act at all times in a manner that promotes public confidence in the integrity and impartiality of the judiciary.

[2.2][2A] The prohibition against behaving with impropriety or the appearance of impropriety applies to both the professional and personal conduct of a judge. Because it is not practicable to list all prohibited acts, the proscription is necessarily cast in general terms that extend to conduct by judges that is harmful although not specifically mentioned in the Code. Actual improprieties under this standard include violations of law, court rules or other specific provisions of this Code. The test for appearance of impropriety is whether the conduct would create in reasonable minds a perception that the judge's ability to carry out judicial responsibilities with integrity, impartiality and competence is impaired.

Canon 3. A Judge Should Perform the Duties of the Office Impartially and Diligently

(B) Adjudicative responsibilities.

(1) A judge shall be faithful to the law and maintain professional competence in it. A judge shall not be swayed by partisan interests, public clamor or fear of criticism.

(2) A judge shall require order and decorum in proceedings before the judge.

(D) Disciplinary responsibilities.

(1) A judge who receives information indicating a substantial likelihood that another judge has committed a substantial violation of this Part shall take appropriate action.

(2) A judge who receives information indicating a substantial likelihood that a lawyer has committed a substantial violation of the Code of Professional Responsibility shall take appropriate action.

(3) Acts of a judge in the discharge of disciplinary responsibilities are part of a judge's judicial duties.

(E) Disqualification.

(1) A judge shall disqualify himself or herself in a proceeding in which the judge's impartiality might reasonably be questioned

[3.11][3B(6)(e)] A judge may delegate the responsibilities of the judge under Canon 3B(6) to a member of the judge's staff. A judge must make reasonable efforts, including the provision of appropriate supervision, to ensure that Section 3B(6) is not violated through law clerks or other personnel on the judge's staff. This provision does not prohibit the judge or the judge's law clerk from informing all parties individually of scheduling or administrative decisions.

RE: Internal Affairs Complaint & Public Office Corruption Case

[3.21][3E(1)] Under this rule, a judge is disqualified whenever the judge's impartiality might reasonably be questioned, regardless whether any of the specific rules in Section 3E(1) apply. For example, if a judge were in the process of negotiating for employment with a law firm, the judge would be disqualified from any matters in which that firm appeared, unless the disqualification was waived by the parties after disclosure by the judge.

[3.22][3E(1)] A judge should disclose on the record information that the judge believes the parties or their lawyers might consider relevant to the question of disqualification, even if the judge believes there is no real basis for disqualification.
