Brian, while we disagree with any actions you take while becoming aware of the Conflict of Interest between your firm and the Estate of Simon Bernstein and Eliot Bernstein individually and not immediately resigning in light of the conflict, we cannot stop you from taking actions despite concealing from the Court and beneficiaries and other parties involved your firm's conflict. I have made you aware of the conflict of interest with your partner Jerald Beer in pleadings and by emails, including recently in a March 2017 and where Jerald Beer is alleged in state and federal complaints, both civil and criminal to have aided and abetted in the thefts of Intellectual Properties owned by my father and myself and interests in certain companies that were formed around the Intellectual Properties. I have sent you numerous communications detailing the IP and the companies and you had promised when first starting to handle the account about 2 years ago that you were going to investigate the missing IP assets from Simon's estate with Gerald Lewin, CPA who formed the companies and issued shares to Simon and the law firm of Proskauer who filed the IP applications for my father and I. Mr Rose has pled to the Court the value of the of the IP to be 1 Trillion Dollars but forgot to mention that the technologies are owned by Simon and Eliot Bernstein. Simon's initial share was 30% interest in the IP and the Companies and this would amount to \$300 Billion dollars of value to Simon's Estate that you have utterly failed to do any due diligence into despite several emails that gave you the Patent Application Numbers and more. Mr Rose in pointing out the value of the of the IP forgot to mention that the technologies are owned by Simon and Eliot Bernstein. Simon's initial share was 30% interest in the IP and the Companies and this would amount to \$300 Billion dollars of value to Simon's Estate that you have utterly failed to do any due diligence into. I claim that this intentional as your partner is one of the named suspects in the allegations of Fraud on the US Patent Office filed with the USPTO, Federal Agencies and others and therefore you are working to suppress the information and destroy Simon's interest.

As for the home, I believe the operating agreements for Bernstein Family Holdings and Bernstein Family Investments are responsible for the payment of Bernstein Family Realty real estate costs, etc. Please see the following link for those documents

<http://iviewit.tv/Simon%20and%20Shirley%20Estate/Bernstein%20Family%20Realty%20Bernstein%20Family%20Holdings%20Bernstein%20Family%20Investments%20records.pdf> . Do to the knowingly concealed conflict of interest I am demanding a copy of your liability insurance policy and demanding that you immediately resign from any future acts until the Court can hear the issues of the Conflict and determine if it is waivable. I am not available on March 21<sup>st</sup> and may not be available on March 30, 2017 but will know for sure by Tuesday of next week. As you know Simon never perfected the mortgage on my home by failing to ever file the promissory note and he did this as the note was used to protect the home from parties trying to harm my family for our nationwide exposure of fraud in the courts. You will recall that Spallina and Tescher failed to list the mortgage on their initial inventory of Simon's Estate and only after the Sheriff was investigating them and I pointed out that they were billing legal fees for more than they were claiming the Estate was worth, did they suddenly decide to Amend the Inventory and include the mortgage as a way to extort my family by threatening forced foreclosure, etc. Despite the fact that they knew of the mortgage and crummy promissory since they did the documents allegedly it would appear they knew about the mortgage at the first inventory and then as retaliation against my family they added it to Simon's estate as his asset along with over \$500,000.00 of other items they put on the amended inventory to make their bill of approximately \$150,000.00 in an estate they valued at approx. \$125,000.00 not appear criminal as a fraudulent billing scheme.

I have attached a Conflict of Interest Disclosure previously sent to you on 3/7/16 with the names of those involved in the Patent Pending invention cases and those parties who are being pursued currently in state and federal, civil, criminal and ethical complaints ongoing. This should give you a list of the parties alleged to be direct parties to thefts and those infringing on the IP at worldwide companies and you need to review and reply to any potential conflicts. Your partner Jerald Beer is named in COI directly as one of the parties involved in alleged criminal misconduct. Please review the COI parties and note any parties you may have conflict with in these matters already. Please also enclose to me your firms initial conflict check done prior to taking the account.

I would assume the Estate would have BFH/BFI pay any costs at my children's home as they appear required to make the payments to protect the real estate held in BFR especially during any delay in Probate, etc.

Also were you scheduling this as an evidentiary hearing, I do not think UMC will suffice?

Eliot
