Florida is home to over 4.5 million retirees and baby boomers who seek a sunny place to spend their golden years. But, even as the flow of seniors in the “Silver Tsunami” increases, retiring to Florida as well as other “retirement States” has become a nightmare as the wealth accumulated by honest, law abiding, hard working Americans is being systematically extorted in thousands of fraudulent guardian and probate proceedings every year.

This devious scheme mercilessly deprives retirees of their assets inheritances and constitutional rights with racketeering lawyers, judges, guardians and complicit state agencies.

Probate/Guardianship Courts all across the State are used to financially exploit, isolate and often physically abuse elderly adults with assets while family members who object and expose these crimes publically are viciously retaliated against and isolated from their loved ones. And there is no reason to expect that anything will change without Federal intervention.

Billions of dollars have been extorted from our loved ones in this inconceivable crime that is hidden in secrecy in the Courts using sequestered files, “Inside Clubhouse” Lawyers, massive billing fraud, persons taken into Guardianship with no due process and blatant unchecked conflicts of interest and unfit, complicit Judges.

Before another victim falls into the abyss of these court based predators, we urge you to learn more at
