Nov 22, 2014 Roy R Lustig Attorney

Lustig Roy R Reviews Most Useful Comment Sep 13, 2014 Roy Lustig is a attorney found guilty by the court of appeals in Dade County of fraud on the court and repeatedly lying under oath. The court stated that "Lustig's correspondence immediately before and after the June 19th closing date refutes his sworn testimony. The trial court concluded that both XXXX and Lustig lied under oath at their respective depositions on the subject of who XXx represented in the sale of the liquor store. The court also found hm guilty of making false statements The court stated: "The record reveals that the corporation's President xxxxx and its director Roy Lustig engaged in a pattern of purposeful evasion and obfuscation of facts We conclude that the trial judge's thoughtful and complete analysis of the facts presented in support of defendants' motion to dismiss for fraud upon the court is amply supported by the record and does not constitute an abuse of discretion. The conclusion is inescapable that both XXXX and Lustig, agents of the corporate plaintiff, repeatedly lied under oath concerning issues material to the prosecution of plaintiff's claim and defendants' affirmative defenses, in an effort to conceal the truth and have consequently forfeited plaintiff's right to proceed with this action. The appellate court affirmed the trial court's order dismissing this action with prejudice upon a showing that all defendants have demonstrated clearly and convincingly that the deposition testimony of Messrs. XXXX and Lustig "set in motion [an] unconscionable scheme calculated to interfere with the judicial system's ability impartially to adjudicate" this law suit. Cox v. Burke, 706 So. 2d 43, 46 (Fla. 5th DCA 1998). Despite being found guilty of criminal acts by a court, a probate court has allowed him to be involved with my mother in a fraudulent guardianship. My mother is forced to pay him outrageous fees and she does not even know this is being done. He is involved with the guardian industry who deprived my mother of food, services and care and she was admitted to the hospital with life threateninng conditions. This is what occurs in the "probate" court in Dade County. The probate court in Dade County allows attorneys like Roy Lustig who have committed criminal acts to control the very person who they are committing this crimes against. These disabled elderly persons are drugged, chemically restrained and isolated from their loved one while these attorney engage in staged litigation to do take their money. This probate court is a breeding ground for corruption, abuse, exploitation, discrimination and retaliation. ## PRESS RELEASE

**RE:** Racketeering scam run by attorneys such as Fred Glickman, Roy Lustig and slimy predators who call themselves "guardians" and in conspiracy with thug judges like Michael Genden to defraud our elderly, disabled vulnerable adults and commit terror tactics like Dick Cheney employed on war criminals for which he is being held accountable

**Date:** January 2, 2015

Attached is the Federal lawsuit I filed in an attempt to save my mother's life from a racketeering enterprise known as "guardianship" who operate out of probate courts throughout the country that are human trafficking, money laundering rings utilized by Fred Glickman, Roy Lustig, David Pollack and a myriad of thugs with a bar license to terrorize senior adults like my mother and loot their assets and cause their death by aggravated abuse and terror tactics.

Despite the clear mandate of the Department of Justice that adults such as my mother must be integrated into the community, Michael Genden and his band of accomplices operate above the law and violated Federal and State laws and the mandate of the ADA and the Olmstead Act.

Attached is the Department of Justice mandate issued on December 15, 2014 affirming the integration directives established by the ADA and the Olmstead Act that mandate seniors like my mother be integrated into the community, not isolated.

The DOJ states therein:

“The Department of Justice and OCR enforce the rights of people with disabilities to live integrated lives free from unnecessary segregation in institutions. Specifically, Title II of the ADA requires that “no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity.”<sup>2</sup> As directed by Congress, the Attorney General issued regulations implementing Title II, which are based on regulations issued under section 504 of the Rehabilitation Act.<sup>3</sup> The Title II regulations require public entities to “administer services, programs, and activities in the most integrated setting appropriate to the needs of qualified individuals with disabilities.”<sup>4</sup> possible . . . .”

The preamble discussion of the “integration regulation” explains that “the most integrated setting” is one that “enables individuals with disabilities to interact with nondisabled persons to the fullest extent. In *Olmstead v. L.C.*, 527 U.S. 581 (1999), the Supreme Court held that Title II’s integration mandate prohibits the unjustified segregation of individuals with disabilities. Furthermore, compliance with Title II’s integration mandate requires that public entities reasonably modify their policies, procedures, or practices when necessary to avoid discrimination.<sup>6</sup> The obligation to make reasonable modifications may be excused only where the public entity demonstrates that the requested modifications would “fundamentally alter” its service system. Moreover, the ADA and the *Olmstead* decision are not limited to individuals currently in institutional or other segregated settings. They also apply to persons at serious risk of institutionalization or segregation. For example, a public entity could violate *Olmstead* if it fails to provide community services, or reduces those services, in a way likely to cause a decline in health, safety, or welfare leading to an individual’s eventual placement in an institution.”

These directive have and are been ignored by Fred Glickman and the Federal Courts in a series of lawless opinions in violation of laws and the Department of Justice mandates apparently in order to collude with and protect predator judges like Michael Genden who engage in thug like activities and whose courts deteriorate to a terrorist, Mafia like threatening operation to embezzle from vulnerable defenseless elderly citizen like my mother.

Fred Glickman brazenly engaging in fraud on the court by his email to “confer” a veiled threat.

My matter, like all of the vile, corrupt, fraudulent, scam "guardianships" is all about fraud. There is so much fraud, it is virtually impossible to expose it all much less keep up with it all. The fraudulent guardianship was originated by Fred Glickman, a self-serving con artist who is an integral part of this racketeering scam that was unbeknownst to me when I misguidedly thought I was protecting my mother from the financial fraud and physical abuse she suffered by my estranged sibling Alan Stone.

Katherine Williams may not be enlightened. Still operating in the dark ages of slavery and entrenched in the highly corrupt Miami courts that are rated the most corrupt in the country, apparently she opined that I, the daughter of an elderly disabled person who is being viciously abuse by thugs have no "standing" to object to the attempted premeditated murder of my mother by thugs like Roy Lustig and Fred Glickman. I no longer participate in her proceeding because I have no use or patience for lawless judges who render unlawful and unconstitutional "edicts" that result in death sentences for elderly disabled citizens like my mother in collusion with highly corrupt judges like Michael Genden who violates DOJ mandates.

The parties involved knows of the thug tactics used by Roy Lustig, the purported "attorney" for criminal guardian scammers. Lustig has subjected my mother, Helen Stone and other elderly victims to horrors that Dick Cheney used on war criminals for which he is now being held accountable.

My case, like all others starts with a fraudulent guardianship and the isolation of their prey. Roy Lustig separated me from my mother because I objected to the use of a substance called Miralax that predators who call themselves guardians routinely administer to elderly and disabled people. I did not know at the time the FDA had pulled it off the shelf as it was contraindicated for elderly people, causing their heart and kidneys to shut down. All I knew was that it was harmful for my mother.

Roy Lustig's predecessor took me to court, filed a fraudulent petition turning inside out the facts stating I authorized my mother to be given "unauthorized" medication. My attorney at the time was actually the owner of a guardian company acting in conspiracy with this crap – slimy lawyers who use lies, fraud and perjury to isolate and put the lives of victims and their family members in purgatory. Thus I was isolated from my mother on the basis of a fraud. More important, my mother was isolated from me. Isolation is the key for thugs like Roy Lustig and the scam guardian enterprise so they can commit their crimes in secrecy. This opened the door for them to terrorize my mother, deprive her of food, medical attention, services and drug her mercilessly for being "agitated" a condition which they intentionally cause to use for their own purpose of drugging her.

My mother was admitted to the hospital by emergency where she was diagnosed with dehydration, malnutrition, pneumonia, infection, hernia, fractures and a host of other life threatening condition where she almost died. To punish her further because of the abuse they inflicted, her stomach was cut open by force and without her consent to implant a feeding tube. This is the means by which it is convenient for the scam ball guardians to not have to take the time to feed her and to be able to conveniently lace my mother with drugs through the feeding tube. In the vicious world of guardianship where nothing is too deranged, I was separated from my mother **FOR OBJECTING TO A LAXATIVE**. And thereafter my mother almost died
