

C. **Upon My Death.** Upon my death the Trustee shall collect and add to the trust all amounts due to the trust under any insurance policy on my life or under any death benefit plan and all property added to the trust by my Will or otherwise. After paying or providing for the payment from the augmented trust of all current charges and any amounts payable under the later paragraph captioned "Death Costs," the Trustee shall hold the trust according to the following provisions.

ARTICLE II. AFTER MY DEATH

A. **Disposition of Tangible Personal Property.** If any non-business tangible personal property other than cash (including, but not limited to, my personal effects, jewelry, collections, household furnishings, and equipment, and automobiles) is held in the trust at the time of my death, such items shall be promptly distributed by the Trustee of the trust to such person or persons, including my estate, as to the item or items or proportion specified, as I may appoint, and to the extent that any such items are not disposed of by such appointment, such items shall be disposed of by the Trustee of the trust in exactly the same manner as such items would have been disposed of under the terms and provisions of my Will (including any Codicil thereto, or what the Trustee in good faith believes to be such Will and Codicil) had such items been included in my probate estate. Any such items which are not effectively disposed of pursuant to the preceding sentence shall pass with the other trust assets.

B. **Disposition of Trust Upon My Death.** Upon my death, the remaining assets in this trust shall be divided among and held in separate Trusts for my then living grandchildren. Each of my grandchildren for whom a separate trust is held hereunder shall hereinafter be referred to as a "*beneficiary*" with the separate Trusts to be administered as provided in Subparagraph II.C.

C. **Trusts for Beneficiaries.** The Trustee shall pay to the beneficiary and the beneficiary's children, such amounts of the net income and principal of such beneficiary's trust as is proper for the Welfare of such individuals. Any income not so paid shall be added to principal each year. After a beneficiary has reached any one or more of the following birthdays, the beneficiary may withdraw the principal of his or her separate trust at any time or times, not to exceed in the aggregate 1/3 in value after the beneficiary's 25th birthday, 1/2 in value (after deducting any amount previously subject to withdrawal but not actually withdrawn) after the beneficiary's 30th birthday, and the balance after the beneficiary's 35th birthday, provided that the withdrawal powers described in this sentence shall not apply to any grandchild of mine as beneficiary of a separate trust. The value of each trust shall be its value as of the first exercise of each withdrawal right, plus the value of any subsequent addition as of the date of addition. The right of withdrawal shall be a privilege which may be exercised only voluntarily and shall not include an involuntary exercise. If a beneficiary dies with assets remaining in his or her separate trust, upon the beneficiary's death the beneficiary may appoint his or her trust to or for the benefit of one or more of any of my lineal descendants (excluding from said class, however, such beneficiary and such beneficiary's creditors, estate, and creditors of such beneficiary's estate). Any part of his or her trust such beneficiary does not effectively appoint shall upon his or her death be divided among and held in separate Trusts for the following persons:

1. for his or her lineal descendants then living, *per stirpes*; or
2. if he or she leaves no lineal descendant then living, *per stirpes* for the lineal descendants then living of his or her nearest ancestor (among me and my lineal descendants) with a lineal descendant then living.

A trust for a lineal descendant of mine shall be held under this paragraph, or if a trust is then so held, shall be added to such trust.

D. Termination of Small Trust. If at any time after my death in the opinion of the Trustee a separate trust holds assets of a value of less than \$50,000.00 and is too small to justify the expense of its retention, and termination of such trust is in the best interests of its current income beneficiary, the Trustee in its discretion may terminate such trust and pay it to said beneficiary.

E. Contingent Gift. If at any time property of these Trusts is not disposed of under the other provisions of this Agreement, it shall be paid, as a gift made hereunder, to such persons and in such shares as such property would be distributed if I had then owned such property and had then died solvent, unmarried and intestate domiciled in the State of Florida, according to the laws of inheritance of the State of Florida then in effect.

F. Protective Provision. No beneficiary of any trust herein created shall have any right or power to anticipate, transfer, pledge, sell, alienate, assign or encumber in any way his or her interest in the income or principal of such trust. Furthermore, no creditor shall have the right to attach, lien, seize or levy upon the interest of a beneficiary in this trust (other than myself) and such interest shall not be liable for or subject to the debts, liabilities or obligations of any such beneficiary or any claims against such beneficiary (whether voluntarily or involuntarily created), and the Trustee shall pay directly to or for the use or benefit of such beneficiary all income and principal to which such beneficiary is entitled, notwithstanding that such beneficiary has executed a pledge, assignment, encumbrance or in any other manner alienated or transferred his or her beneficial interest in the trust to another. This paragraph shall not preclude the effective exercise of any power of appointment granted herein or the exercise of any disclaimer.

G. Maximum Duration. Regardless of anything in this Agreement to the contrary, no trust interest herein created shall continue beyond three hundred sixty (360) years after the date of creation of this Agreement, nor shall any power of appointment be exercised in such manner so as to delay vesting of any trust beyond such period. Immediately prior to the expiration of such period, all such trusts then in existence shall terminate, and the assets thereof shall be distributed outright and in fee to then beneficiaries of the current income and in the proportions in which such persons are the beneficiaries, and if such proportions cannot be ascertained, then equally among such beneficiaries.

ARTICLE III. GENERAL

A. **Disability**. Subject to the following Subparagraph captioned "Subchapter S Stock," while any beneficiary is Disabled, the Trustee shall pay to him or her only such portion of the income to which he or she is otherwise entitled as is proper for his or her Welfare, and any income not so paid shall be added to the principal from which derived. While any beneficiary is Disabled, income or principal payable to him or her may, in the discretion of the Trustee, be paid directly to him or her, without the intervention of a guardian, directly to his or her creditors or others for his or her sole benefit or to an adult person or an eligible institution (including the Trustee) selected by the Trustee as custodian for a minor beneficiary under the Uniform Transfers to Minors Act or similar law. The receipt of such payee is a complete release to the Trustee.

B. **Timing of Income Distributions**. The Trustee shall make required payments of income at least quarterly.

C. **Substance Abuse**.

1. **In General**. If the Trustee reasonably believes that a beneficiary (other than myself) of any trust:

a. routinely or frequently uses or consumes any illegal substance so as to be physically or psychologically dependent upon that substance, or

b. is clinically dependent upon the use or consumption of alcohol or any other legal drug or chemical substance that is not prescribed by a board certified medical doctor or psychiatrist in a current program of treatment supervised by such doctor or psychiatrist,

and if the Trustee reasonably believes that as a result the beneficiary is unable to care for himself or herself, or is unable to manage his or her financial affairs, all mandatory distributions (including distributions upon termination of the trust) to the beneficiary, all of the beneficiary's withdrawal rights, and all of the beneficiary's rights to participate in decisions concerning the removal and appointment of Trustees will be suspended. In that event, the following provisions of this Subparagraph III.C will apply.

2. **Testing**. The Trustee may request the beneficiary to submit to one or more examinations (including laboratory tests of bodily fluids) determined to be appropriate by a board certified medical doctor and to consent to full disclosure to the Trustee of the results of all such examinations. The Trustee shall maintain strict confidentiality of those results and shall not disclose those results to any person other than the beneficiary without the prior written permission of the beneficiary. The Trustee may totally or partially suspend all distributions otherwise required or permitted to be made to that beneficiary until the beneficiary consents to the examination and disclosure to the Trustee.

3. **Treatment**. If, in the opinion of the examining doctor, the examination indicates current or recent use of a drug or substance as described above, the examining doctor will determine an appropriate method of treatment for the beneficiary (for example, counseling or treatment on an

in-patient basis in a rehabilitation facility) that is acceptable to the Trustee. If the beneficiary consents to the treatment, the Trustee shall pay the costs of treatment directly to the provider of those services from the distributions suspended under this Subparagraph III.C.

4. Resumption of Distributions. The Trustee may resume other distributions to the beneficiary (and the beneficiary's other suspended rights will be restored) when, in the case of use or consumption of an illegal substance, examinations indicate no such use for 12 months and, in all cases, when the Trustee in its discretion determines that the beneficiary is able to care for himself or herself and is able to manage his or her financial affairs.

5. Disposition of Suspended Amounts. When other distributions to the beneficiary are resumed, the remaining balance, if any, of distributions that were suspended may be distributed to the beneficiary at that time. If the beneficiary dies before distribution of those suspended amounts, the Trustee shall distribute the balance of the suspended amounts to the persons who would be the alternate takers of that beneficiary's share (or takers through the exercise of a power of appointment) as otherwise provided in this Trust Agreement.

6. Exoneration. No Trustee (or any doctor retained by the Trustee) will be responsible or liable to anyone for a beneficiary's actions or welfare. The Trustee has no duty to inquire whether a beneficiary uses drugs or other substances as described in this Subparagraph III.C. The Trustee (and any doctor retained by the Trustee) is to be indemnified from the trust estate and held harmless from any liability of any nature in exercising its judgment and authority under this Subparagraph III.C, including any failure to request a beneficiary to submit to medical examination, and including a decision to distribute suspended amounts to a beneficiary.

7. Tax Savings Provision. Despite the provisions of this Subparagraph III.C, the Trustee cannot suspend any mandatory distributions or withdrawal rights that are required for that trust to become or remain a Qualified Subchapter S Trust (unless the Trustee elects for the trust to be an Electing Small Business Trust), or to qualify for any federal transfer tax exemption, deduction, or exclusion allowable with respect to that trust.

D. Income on Death of Beneficiary. Subject to the later paragraph captioned "Subchapter S Stock," and except as otherwise explicitly provided herein, upon the death of any beneficiary, all accrued or undistributed income of such deceased beneficiary's trust shall pass with the principal of his or her trust but shall remain income for trust accounting purposes.

E. Definitions. In this Agreement,

1. Children, Lineal Descendants. The terms "*child*," "*children*," "*grandchild*," "*grandchildren*" and "*lineal descendant*" mean only persons whose relationship to the ancestor designated is created entirely by or through (a) legitimate births occurring during the marriage of the joint biological parents to each other, (b) children born of female lineal descendants, and (c) children and their lineal descendants arising from surrogate births and/or third party donors when (i) the child is

raised from or near the time of birth by a married couple (other than a same sex married couple) through the pendency of such marriage, (ii) one of such couple is the designated ancestor, and (iii) to the best knowledge of the Trustee both members of such couple participated in the decision to have such child. No such child or lineal descendant loses his or her status as such through adoption by another person. Notwithstanding the foregoing, for all purposes of this Trust and the dispositions made hereunder, my children, TED S. BERNSTEIN, PAMELA B. SIMON, ELIOT BERNSTEIN, JILL IANTONI and LISA S. FRIEDSTEIN, shall be deemed to have predeceased me as I have adequately provided for them during my lifetime.

2. Code. "Code" means the Internal Revenue Code of 1986, as amended, and in referring to any particular provision of the Code, includes a reference to any equivalent or successor provision of a successor federal tax law.

3. Disabled. "Disabled" or being under "Disability" means, as to any applicable individual: (1) being under the age of 21 years, (2) having been adjudicated by a court of competent jurisdiction as mentally or physically incompetent or unable to manage his or her own property or personal affairs (or a substantially similar finding under applicable state or national law), or (3) being unable to properly manage his or her personal or financial affairs, or a trust estate hereunder as to a Trustee hereunder, because of a mental or physical impairment (whether temporary or permanent in nature). A written certificate executed by an individual's attending physician or attending psychiatrist confirming that person's impairment will be sufficient evidence of Disability under item (3) above, and all persons may rely conclusively on such a certificate.

4. Education. The term "education" herein means vocational, primary, secondary, preparatory, theological, college and professional education, including post-graduate courses of study, at educational institutions or elsewhere, and expenses relating directly thereto, including tuition, books and supplies, room and board, and travel from and to home during school vacations. It is intended that the Trustee liberally construe and interpret references to "education," so that the beneficiaries entitled to distributions hereunder for education obtain the best possible education commensurate with their abilities and desires.

5. Needs and Welfare Distributions. Payments to be made for a person's "Needs" means payments necessary for such person's health (including lifetime residential or nursing home care), education, maintenance and support. Payments to be made for a person's "Welfare" means discretionary payments by the Trustee, from time to time, for such person's Needs and also for such person's advancement in life (including assistance in the purchase of a home or establishment or development of any business or professional enterprise which the Trustee believes to be reasonably sound), happiness and general well-being. However, the Trustee, based upon information reasonably available to it, shall make such payments for a person's Needs or Welfare only to the extent such person's income, and funds available from others obligated to supply funds for such purposes (including, without limitation, pursuant to child support orders and agreements), are insufficient in its opinion for such purposes, and shall take into account such person's accustomed manner of living, age, health, marital status and any other factor it considers important. Income or principal to be paid for a person's Needs or Welfare may be paid to

such individual or applied by the Trustee directly for the benefit of such person. The Trustee may make a distribution or application authorized for a person's Needs or Welfare even if such distribution or application substantially depletes or exhausts such person's trust, without any duty upon the Trustee to retain it for future use or for other persons who might otherwise benefit from such trust.

6. Per Stirpes. In a division "*per stirpes*" each generation shall be represented and counted whether or not it has a living member.

7. Related or Subordinate Party. A "*Related or Subordinate Party*" to a trust describes a beneficiary of the subject trust or a related or subordinate party to a beneficiary of the trust as the terms "related or subordinate party" are defined under Code Section 672(c).

8. Spouse. A person's "*spouse*" includes only a spouse then married to and living as husband and wife with him or her, or a spouse who was married to and living as husband and wife with him or her at his or her death. The following rules apply to each person who is a beneficiary or a permissible appointee under this Trust Agreement and who is married to a descendant of mine. Such a person will cease to be a beneficiary and will be excluded from the class of permissible appointees upon:

a. the legal termination of the marriage to my descendant (whether before or after my death), or

b. the death of my descendant if a dissolution of marriage proceeding was pending when he or she died.

The trust will be administered as if that person had died upon the happening of the terminating event described above.

9. Gender, Number. Where appropriate, words of any gender include all genders and the singular and plural are interchangeable.

F. Powers of Appointment. Property subject to a power of appointment shall be paid to, or retained by the Trustee or paid to any trustee under any will or trust agreement for the benefit of, such one or more permissible appointees, in such amounts and proportions, granting such interests, powers and powers of appointment, and upon such conditions including spendthrift provisions as the holder of such power (i) in the case of a power exercisable upon the death of such holder, appoints in his or her will or in a trust agreement revocable by him or her until his or her death, or (ii) in the case of a power exercisable during the life of such holder, appoints in a written instrument signed by such holder, two witnesses and a notary public, but in either case only if such will, trust agreement, or instrument specifically refers to such power.

G. Limitations on Powers of Trustee. Regardless of anything herein to the contrary, no Trustee shall make or participate in making any distribution of income or principal of a trust to or for the benefit of a beneficiary which would directly or indirectly discharge any legal obligation of such

Trustee or a donor of such trust (as an individual, and other than myself as donor) to support such beneficiary; and no Trustee (other than myself) shall make or participate in making any discretionary distribution of income or principal to or for the benefit of himself or herself other than for his or her Needs, including by reason of a determination to terminate a trust described herein. For example, if a Trustee (other than myself) has the power to distribute income or principal to himself or herself for his or her own Welfare, such Trustee (the "restricted Trustee") shall only have the power to make or participate in making a distribution of income or principal to the restricted Trustee for the restricted Trustee's Needs, although any co-Trustee who is not also a restricted Trustee may make or participate in making a distribution of income or principal to the restricted Trustee for such restricted Trustee's Welfare without the participation or consent of said restricted Trustee.

H. Presumption of Survivorship. If any person shall be required to survive another person in order to take any interest under this Agreement, the former person shall be deemed to have predeceased the latter person, if such persons die under circumstances which make it difficult or impracticable to determine which one died first.

I. Governing Law. This Agreement is governed by the law of the State of Florida.

J. Other Beneficiary Designations. Except as otherwise explicitly and with particularity provided herein, (a) no provision of this trust shall revoke or modify any beneficiary designation of mine made by me and not revoked by me prior to my death under any individual retirement account, other retirement plan or account, or annuity or insurance contract, (b) I hereby reaffirm any such beneficiary designation such that any assets held in such account, plan, or contract shall pass in accordance with such designation, and (c) regardless of anything herein to the contrary, any of such assets which would otherwise pass pursuant to this trust due to the beneficiary designation not having met the requirements for a valid testamentary disposition under applicable law or otherwise shall be paid as a gift made hereunder to the persons and in the manner provided in such designation which is incorporated herein by this reference.

K. Release of Medical Information.

1. **Disability of Beneficiary.** Upon the written request of a Trustee (with or without the concurrence of co-Trustees) issued to any current income or principal beneficiary (including discretionary beneficiaries and myself if a beneficiary) for whom a determination of Disability is relevant to the administration of a trust hereunder and for whom a Trustee (with or without the concurrence of co-Trustees) desires to make such a determination, such beneficiary shall issue to all Trustees (who shall be identified thereon both by name to the extent known and by class description) a valid authorization under the Health Insurance Portability and Accountability Act of 1996 and any other applicable or successor law authorizing all health care providers and all medical sources of such requested beneficiary to release protected health information of the requested beneficiary to all Trustees that is relevant to the determination of the Disability of the requested beneficiary as Disability is defined hereunder. The period of each such valid authorization shall be for six months (or the earlier death of the requested

beneficiary). If such beneficiary (or his or her legal representative if such beneficiary is a minor or legally disabled) refuses within thirty days of receipt of the request to provide a valid authorization, or at any time revokes an authorization within its term, the Trustee shall treat such beneficiary as Disabled hereunder until such valid authorization is delivered.

2. Disability of Trustee. Upon the request to a Trustee that is an individual by (a) a co-Trustee, or if none, (b) the person or entity next designated to serve as a successor Trustee not under legal incapacity, or if none, (c) any adult current income or principal beneficiary not under legal incapacity, or in any event and at any time (d) a court of competent jurisdiction, such Trustee shall issue to such person and all persons, courts of competent jurisdiction, and entities (who shall be identified thereon both by name to the extent known and by class description), with authority hereunder to determine such requested Trustee's Disability, a valid authorization under the Health Insurance Portability and Accountability Act of 1996 and any other applicable or successor law authorizing all health care providers and all medical sources of such requested Trustee to release protected health information of the requested Trustee to such persons, courts and entities, that is relevant to the determination of the Disability of the requested Trustee as Disability is defined hereunder. The period of each such valid authorization shall be for six months (or the earlier death or resignation of the requested Trustee). If such requested Trustee refuses within thirty days of receipt of the request to deliver a valid authorization, or at any time revokes an authorization within its term, such requested Trustee shall thereupon be treated as having resigned as Trustee hereunder.

3. Ability to Amend or Revoke. The foregoing provisions of this paragraph shall not constitute a restriction on myself to amend or revoke the terms of this trust instrument under paragraph I.A hereof, provided I otherwise have legal capacity to do so.

4. Authorization to Issue Certificate. All required authorizations under this paragraph shall include the power of a physician or psychiatrist to issue a written certificate to the appropriate persons or entities as provided in Subparagraph III.E.3 hereof.

ARTICLE IV. FIDUCIARIES

A. Powers of the Trustee. During my life except while I am Disabled, the Trustee shall exercise all powers provided by law and the following powers, other than the power to retain assets, only with my written approval. While I am Disabled and after my death, the Trustee shall exercise said powers without approval, provided that the Trustee shall exercise all powers in a fiduciary capacity.

1. Investments. To sell or exchange at public or private sale and on credit or otherwise, with or without security, and to lease for any term or perpetually, any property, real and personal, at any time forming a part of the trust estate (the "*estate*"); to grant and exercise options to buy or sell; to invest or reinvest in real or personal property of every kind, description and location; and to receive and retain any such property whether originally a part of any trust herein created or subsequently acquired, even if the Trustee is personally interested in such property, and without liability for any
