1. A commercial mail receiving agency (CMRA) is a private business that accepts mail from the Postal Service on behalf of third parties. A CMRA may also be known as a mail drop. A customer of a CMRA can receive mail and other deliveries at the street address of the CMRA rather than the customer's own street address. Depending on the agreement between the customer and the CMRA, the CMRA can forward the mail to the customer or hold it for pickup. Unlike a post office box, a CMRA operates independently of the national postal administration and is therefore able to receive courier packages or other non-mail. CMRAs typically provide ancillary services such as facsimile, copy or courier.
2. Financial institutions are prohibited by law from using a CMRA. Therefore, the fact that I am receiving mail from numerous CMRAs' and that Shellpoint and the other banks uses so many different addresses serves as a red flag.
3. Further, when you look at pages 8 and 9. Look closely at the Presort stamp, you will notice that Shellpoint a purported financial institution that is owned by the banks, politicians, etc both use the same CMRA presort stamp. TransUnion is officially owned by Goldman Sacs which was one of the major banks involved in the 2008 financial crisis. TransUnion places invalid foreclosures, late payments, etc on one's credit report.
4. I can guarantee over 95% or more of these void "Entered Judgement orders from the court that are void without legal effect, void mortgage statements, etc will come in an envelope that has counterfeit meter stamps or presorted stamps, etc on them. Again, these criminals are aware that it is a violation of state and federal laws to send counterfeit and documents containing false information through the United States Post office. I guess the white collar enterprise don't realize that using counterfeit mail stamps including "Penalty Mail stamps is also against the law

5. Again this is the third time that Peter J. Birnbaum, the banks, purported attorneys, purported judges and their other cronies have tried to foreclose on the house. Therefore, the geniuses used a San Diego, California address as their return address. First of all even if the criminals could conduct an illegal foreclosure and they cannot. Attorneys from another state do not have jurisdiction also know as the authority to hear a case in Illinois, unless they receive a sign and valid order from a judge stating that they can appear *pro hac vice*. There are a host of other laws that also have to be followed. We are not talking about a purported landmark case here. We are talking about a foreclosure, albeit an illegal foreclosure.
