

I knew of a teacher who characterized children in the following categories (1) Dumb, (2) Average and (3) Smart. If you are in the dumb group I can't help you.

First of all let me say if you do not have the mentality of a 6 year old to know that just like a person cannot knowingly and willingly use counterfeit money, no one can knowingly and willingly use counterfeit: notary stamps, seals, mortgage loan agreement forms, real estate transfer tax stamps, HUD-Settlement statement forms, summonses, attorney appearance forms, court judgment forms etc.

If you do not know that just like a doctor, a nurse, a barber, a teacher, an attorney must have a license.

There are idiots who believe that just as long as you work in an alleged attorney's office you can practice law. If you believe in this line of thinking this would mean that a janitor, a secretary or a paralegal could also practice law.

If I work at a law firm as a secretary, mailroom clerk, etc, can I represent you in court? Can I file court documents? The answer is no so, (1) therefore, just like any non-attorney they trick you into believing a case was legally filed by, ENTERING and not FILING documents with the court, (2) if they are an attorney they use a non-legal registered name on court documents, etc. (MORE ON THIS IN OTHER VIDEOS AND DOCUMENTS.)

What would be the point of going to law school and passing the bar if one could just practice law by working in a purported law office?

To the dummies that believe that one can practice law without a license I have attached the law that states you can't.

Do not try and tell me or other people the law if you do not know the law. If you do not know the law your purported legal advice is of no help to people you incorrectly believe that you are helping. That is why they are all in the same situation they were in years or decades ago.

If you do not know the numerous laws that one has to know, how can you possibly know if laws and or the rules of the courts have been violated?

If you do not know what a counterfeit versus the real thing looks like, how can you possibly tell the item is counterfeit?

Learning the law like anything else takes time, if you are not willing to take the time to learn the law, I can't help you.

I also find it helpful to read the handbooks, like court clerks, judges, etc are required to read. I have attached some of them as attachments.

If you are not observant and cannot think critically I can't help you. If I did not have these skills, I would not have discovered the tricks, the court, non-attorneys acting as licensed attorneys use to steal homes, businesses, your loved one's etc.

Most people believe attorneys and judges no matter what, so they use this fact to create animosity between relatives and people like me who know the law.

I notice the Cook County Courts were using judges stamps, instead of the Clerk's Court Stamps to trick people into believing that a case was filed, that the court's manual file stamp would have A.M. stamps such as 4:01 AM, 12:15 AM times in which the clerks office is closed. If the document was entered in the year 2015, it would have a future year such as 2018 or 2019 on it. Most of the purported court documents would have the number FILED-1 on them. There are at least 30 different file stamp machines in the courthouse located at 50 West Washington, Chicago Illinois. These fact alone means that the corrupt attorney's have their own file stamp machine. Like the federal courts the summons have a fake seal or uses a document that does not even look like a summons.

You must know who Illinois Court of Claims Chief Judge Peter Jay Birnbaum aka Peter J. Birnbaum is.

I have copied some information from documents that I previously wrote to provide the reader with more information.

1. For the reasons already stated the Attorneys, Judges, Court Clerks and some corporations know: that an attorneys never signed and filed an Appearance of Counsel along with a Certificate of Service, summons(es) was/were not issued, Minute entries and the Court's Opinion were used under the guise of a Court Order. Therefore, they created yet another form entitled "**ILND 450 JUDGMENT IN A CIVIL CASE.**"

2. As common practice, the form is very deceptive. Form AO 450 "JUDGMENT IN A CIVIL CASE" has the same title. Therefore, you must know the difference between the phases, "**Judgment is hereby "ENTERED"** and "The court has "**ORDERED.**" **You must also remember if an attorney did not sign an appearance prior to filing any documents with the court, if the clerk issued invalid summons, etc. The litigant who did not participate in fraud upon the court won the case. Court cases are dragged on so that attorneys can make more money. Think about it a case that is dismissed right away vs. a case that last for years.**

THE ENTRY OF A JUDGMENT VS. RENDITION OF A JUDGMENT

3. The Federal rules of Appellate Procedure Rule 36 define an Entry of a Judgment as a **notation** of a judgment in the docket. In addition according to West's Encyclopedia of American Law, the "**Entry of Judgment**" is defined as follows as though fully set forth and further states as follows:

a. Formally recording the result of a lawsuit that is based upon the determination by the court of the facts and applicable law makes the result effective for purposes of bringing an action to enforce it or to commence an appeal.

b. **The entry of a judgment is not the same as the rendition of a judgment. Rendition is a judicial act by a court in pronouncing the sentence of law based upon the facts in controversy. Entry occurs after the rendition of judgment.** It is a **ministerial act** that consists of recording the ultimate conclusion reached by the court in the action and providing concrete evidence of the judicially imposed consequences. It serves as a memorial of the action.

c. For a **final judgment** to exist there must be an order that is **signed by a Judge** and the Entry of a Judgment that is dated and signed by the clerk and or deputy clerk of the court. Like other documents issued by the clerk of the court, such as a summons and a subpoena it should also have the seal of the court.

d. While it is true, the clerk of the District Court is authorized to spread upon the court docket the proceedings had and relief granted by the court and to that extent is responsible for entry of the judgment, **such clerk has no authority to perform the judicial function of rendering a judgment.**

e. An "order" entered on the trial docket does not constitute a rendition of judgment. Any action maintaining to be a judgment, decree, or final order must be rendered, signed and entered to be valid.

f. The trial court's **unsigned** Memorandum Opinion and Order [R. 243] provided that a final judgment **AO 450** would be **entered**. However, no final judgment was ever **rendered** and therefore, could not have been **entered**.

g. Hence, the reason that they were no court orders that were signed by Judge Chang and why the clerk or deputy clerk failed to sign the "entry" of the alleged "judgment" in this instant action.

h. The court frequently uses play on words, deceptive documents and intimidation in order to deny me my rights to due process and equal protection under the law.

4. **When comparing Form ILND 450 JUDGMENT IN A CIVIL CASE with AO 450 "Judgment in a Civil Action" and AO 145(Rev. 2/82 "Entry of a Judgment" (the latter are forms approved for use in all federal district courts of the United States) it is important to list the key differences on these forms.** They are listed as follows:

5. It appears that **ILND 450** is a hybrid of forms **AO 450** and **AO 145**. They begin as follows:

- a. Judgment is hereby "**entered**" (check appropriate box) ---ILND 450
- b. The court has "**ordered**" that (check one)--- AO 450 Judgment in a Civil Action

- c. Form AO 450 indicates with “(name)” that both the Plaintiff’s and Defendant’s names should be listed. It states as follows: “the plaintiff (name)” and “defendant (name)”
- d. Form ILND 450 omits this requirement
- e. Form AO 450 makes it clear that the signature of the Clerk or Deputy Clerk is required see (EXH 2; Pg. 9 Exh. 1).
- f. Form ILND 450 omits the clear showing of this requirement

FORM AO 450 IS THE OFFICAL FORM THAT IS USED TO UNDER THE FRCP RULE 58 TO RENDER ALL FINAL JUDGMENTS

THE SIGNATURE OF CLERK IS REQUIRED HERE - NO SIGNATURE LINE ON FORM ILND AO 450

A written Order and Judgment can also be sued to render a judgment.

I discovered what appears to be a totally valid order signed by David R. Herndon. Of course this took place in the Southern District of Illinois and not the Northern. I could hardly believe that a federal judge let alone a federal judge in the state of Illinois signed his name with a wet holographic signature complete with the seal of the Court and an Electronic Time and File Stamp on an "Order" and a "Judgment in a Civil Case." That all of the relevant parties names were listed on the order and the Judgment as required by law. I didn't look at all of the documents in case, but he followed all of the law treats all litigants equally he should be the next Supreme Court judge. This is the first case where I saw this occurred. I hope I don't get him or the Clerk in trouble. On information and belief judges who follow the law are frowned upon. The Order and the Judgment are shown below: I don't care what race or sex a judge is along as they are honest.

Case 3:14-cv-50255-DRH-SCW Document 6 Filed 12/12/14 Page 9 of 9 Page ID #57

The Court **DIRECTS** the **CLERK OF THE COURT** to **ENTER JUDGMENT**
ACCORDINGLY.

IT IS SO ORDERED.

7. The Cook County Circuit Court like some of the Federal Courts often uses an invalid seal in order to trick the public into believing that a valid summons was issued. Look closely you will see that: the outer rings are different, the words “*Circuit Court*” is listed on top and is separated by a star on each side “*Of Cook County, Illinois.*” It is not only a criminal act but it is also unethical to alter a seal in order to trick the public into believing that a summons, subpoena or other documents requiring a seal was legally issued. In the age of modern technology a digital image of the most complex item can be made, yet alone a replica of a court seal as the other seals clearly shows.
